Side-by-Side Spanish and English Grammar present explanations of the essential elements of Spanish grammar alongside their English-language equivalents. This method allows you to build on what you already know; not only do you learn Spanish grammar but also enjoy the added benefit of strengthening your grammar skills in your native tongue! Each lesson clearly explains functions and uses of the different parts of speech and includes abundant examples for each entry. Because the vocabulary is limited to frequently

Frederick Farrell, 2003-10-29 A comparative and simple approach to learning the grammar of a new language The Side-by-Side Grammar books present explanations of the essential elements of Spanish or French grammar alongside their English-language equivalents.
