Historia de la Literatura Puertorriqueña a Través de Sus Revistas Literarias Adolfo E. Jiménez

Benítez,2010-08-23 En la Historia de la literatura puertorriqueña a través de sus revistas literarias (2010), Jiménez Benítez aborda desde una perspectiva diferente el devenir histórico de nuestra literatura nacional. El lector encontrará apuntes sobre el periodismo literario en Puerto Rico durante los siglos XIX, XX y XXI. Pero el eje medular será el estudio de las revistas que nos va llevando por todo el proceso histórico de la literatura puertorriqueña: sus movimientos, tendencias, generaciones de autores y sus obras. El libro está dirigido a resaltar la importancia de las revistas literarias, como hilo de Ariadna, para descubrir así el hacer literario y crítico del país.

Subject Headings for School and Public Libraries Joanna F. Fountain,2012-01-16 For public and school libraries, this resource reflects recent changes in Library of Congress subject headings and authority files, and provides bilingual information essential to reference librarians and catalogers serving Spanish speakers. Libraries must provide better access to their collections for all users, including Spanish-language materials. The American Library Association has recognized this increasing need. Subject Headings for School and Public Libraries: Bilingual Fourth Edition is the only resource available that provides both authorized and reference entries in English and Spanish. A first-check source for the most frequently used headings needed in school and public libraries, this book incorporates thousands of new and revised entries to assist in applying LCSH and CSH headings. Of the approximately 30,000 headings listed, most include cross-references, and all of the cross-reference terms are translated. MARC21 tags are included for all authorized entries to simplify entering them into computerized catalogs, while indexes to all headings and free-floating subdivisions are provided in translation from Spanish to English. This book gives librarians access to accurate translations of the subject terms printed in books published and cataloged in English-speaking countries—invaluable information in settings with Spanish-speaking patrons.

Por último, esboza el planteamiento de una estética que vislumbra nuevos senderos de investigación.

Handbook of Latin American Studies, Vol. 76 Katherine D. McCann, 2023-04-11 Beginning with Number 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research underway in specialized areas.
