Henry Claridge

F. Scott Fitzgerald: Early writings: This side of paradise; The beautiful and damned; The vegetable; and The great Gatsby
Henry Claridge,1991

Hamda'S Ashes Ghassoub Bani Kanaan,2017-10-28 As a little boy grows up in Palestine, he has no idea that his mothers unconditional love is already paving the road for his success later in life. When he is thirteen, his hardworking mother suddenly dies, leaving Alghadanfar alone and with no other choice but to attend a military boarding school while his father and his new wife live mostly on charity. Four years later, Alghadanfars life forever changes when his country is occupied by Israel and he is left homeless, seemingly doomed to enter lifes wild arena whether he is ready or not. After the invasion, Alghadanfar escapes on foot with others to the River Jordan in a dangerous journey to reach the only place he knows, his boarding school on the eastern side of the river. As he is led to his first brush with death and onto a new path in life, he must rely on his survival instincts, his mothers shadow, and her prayers to become empowered to overcome the many obstacles that stand in his way.

Revisiting Diaspora Spaces in India: A Contemporary Overview Joydev Maity,2023-09-12 This edited volume is a detailed and critical study of Indian diaspora writings and its diverse themes. It focuses on dynamics and contemporary perspectives of Indian diaspora writings and analyzes emerging themes of this field like the experience of the Bihari diaspora, migration to Gulf countries, the relation between diasporic experience and self-translation, uprootedness and resistance discourse through ecocritical praxis and many more. With the aid of a subtle theoretical framework, the volume closely examines some of the key texts such as 'Goat Days, Baumgartner's Bombay, An Atlas of Impossible Longing, The Circle of Reason', and authors including Shauna Singh Baldwin, M.G. Vassanji, Sarat Chandra Chattopadhyay, V.S. Naipaul and others. The book also explores diaspora literature written in regional language and later translated into English and how they align with the fundamental Indian diaspora writings. A significant contribution to Indian diaspora writings; this volume will be of great importance to scholars and researchers of diaspora literature, migration and border studies, cultural, memory, and translation studies.

Zu: F. Scott Fitzgerald's "The Ice Palace" - A Story of Initiation Didem Oktay, 2007-07 Seminar paper from the year 1994 in the subject American Studies - Literature, grade: Good, University of Frankfurt (Main) (Institute for England - und American Studies), 14 entries in the bibliography, language: English, abstract: There are many things that can be said about Fitzgerald, like about most people who make themselves known by the artistic craft. He is above all the first person who comes to mind talking about literature in the Twenties. Owing to his novels and stories where he captured the nostalgia, the spirit of that time is still very vivid even in our modern era. In his narrative *The Ice Palace* which appeared in the short story collection *Flappers and Philosophers* in 1920, the reader is introduced to the problem of mental and emotional difference of people living in the Northern and Southern American states. Fitzgerald thematizes several different problems in his short story but the main and crucial theme we discover, which at the same time is the topic of this analysis, is the quest for identity of the female protagonist.

F. Scott Fitzgerald's The Great Gatsby Matthew Joseph Bruccoli, 2000 *The Great Gatsby* is regarded as the most widely taught and read American literary classic. This volume is intended to help readers fully enjoy and understand this work that continues to become part of the equipment of educated people. Also provides information on the author's intentions in writing this work and the knowledge, values, standards and biases of the public at the time of its initial publication.

F. Scott Fitzgerald Arthur Mizener, 1963 This collection of essays about Fitzgerald is by such distinguished writers as Lionel Trilling and Edmund Wilson.

The Artful Species: Aesthetics, Art, and Evolution Stephen Davies, 2012-11-29 *The Artful Species* explores the idea that our aesthetic responses and art behaviors are connected to our evolved human nature. Our humanoid forerunners displayed aesthetic sensibilities hundreds of thousands of years ago and the art standing of prehistoric cave paintings is virtually uncontested. In Part One, Stephen Davies analyses the key concepts of the aesthetic, art, and evolution, and explores how they might be related. He considers a range of issues, including whether animals have aesthetic tastes and whether art is not only universal but cross-culturally comprehensible. Part Two examines the many aesthetic interests humans take in animals and how these reflect our biological interests, and the idea that our environmental and landscape preferences are rooted in the experiences of our distant ancestors. In considering the controversial subject of human beauty, evolutionary psychologists have traditionally focused on female physical attractiveness in the context of mate selection, but Davies presents a broader view which decouples human beauty from mate choice and explains why it goes more with social performance and self-presentation. Part Three asks if the arts, together or singly, are biological adaptations, incidental

byproducts of nonartadaptations, or so removed from biology that they rate as purely cultural technologies. Davies does not conclusively support any one of the many positions considered here, but argues that there are grounds, nevertheless, for seeing art as part of human nature. Art serves as a powerful and complex signal of human fitness, and so cannot be incidental to biology. Indeed, aesthetic responses and art behaviors are the touchstones of our humanity.

The development of Gatsby's dream in connection with his fascination to Daisy. About "The Great Gatsby" by F. Scott Fitzgerald Janina Gaiser,2018-03-06 Seminar paper from the year 2014 in the subject American Studies - Literature, grade: 1.0, University of Constance, language: English, abstract: The Great Gatsby by Fitz Scott Fitzgerald is considered to be one of the greatest American novels, one of the key themes in the book is Gatsby's dream and it will be the centre of this term paper. Out of the various approaches to the book, this paper will focus on the character constellation of the protagonist Jay Gatsby and Daisy, the woman with whom he falls in love. How does Gatsby's dream develop in connection with his fascination to Daisy? Claiming that, although two people are involved, his dream is only focused on himself, I will try to show, at least to a certain extent, how Gatsby's dream has "three basic and related parts: the desire to repeat the past, the desire for money, and the desire for incarnation of 'unutterable visions' in the material earth." (Lockridge, 1968) Since Daisy represents all of these dreams when they meet for the first time, she becomes the personification of his dream, but in the course of the events their paths become separated. Therefore, this term paper will also investigate how Gatsby's dream further develops since being separated from Daisy and finally what happens when he meets Daisy again - why does she in the end "[tumble] short of his dreams" (Fitzgerald, 2000)? Regarding the often discussed issue, whether or not Fitzgerald was writing a myth specifically about America and the American Dream, or whether Gatsby's dream can attain a wider relevance, I will not be able to refer to in much detail. The paper will also not discuss the point of narrative, but it is nevertheless crucial to mention that "Gatsby is presented almost entirely through Nick's puzzled and often disapproving eyes." (Parkinson, 1988)
