The Ladies' Repository ,1874 The idea of this women's magazine originated with Samuel Williams, a Cincinnati

Methodist, who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion. Written largely by ministers, this exceptionally well-printed little magazine contained well-written essays of a moral character, plenty of poetry, articles on historical and scientific matters, and book reviews. Among western writers were Alice Cary, who contributed over a hundred sketches and poems, her sister Phoebe Cary, Otway Curry, Moncure D. Conway, and Joshua R. Giddings; and New England contributors included Mrs. Lydia Sigourney, Hannah F. Gould, and Julia C.R. Dorr. By 1851, each issue published a peice of music and two steel plates, usually landscapes or portraits. When Davis E. Clark took over the editorship in 1853, the magazine became brighter and attained a circulation of 40,000. Unlike his predecessors, Clark included fictional pieces and made the Repository a magazine for the whole family. After the war it began to decline and in 1876 was replaced by the National Repository. The Ladies' Repository was an excellent representative of the Methodist mind and heart. Its essays, sketches, and poems, its good steel engravings, and its moral tone gave it a charm all its own. -- Cf. American periodicals, 1741-1900.

Prenuptial Agreements and the Presumption of Free Choice Sharon Thompson, 2015-08-27 This book provides an alternative perspective on an issue fraught with difficulty - the enforcement of prenuptial agreements. Such agreements are enforced because the law acknowledges the rights of spouses to make autonomous decisions about the division of their property on divorce. Yet this book demonstrates that, in the attempt to promote autonomy, other issues, such as imbalance of power between the parties, become obscured. This book offers an academic and practical analysis of the real impact of prenuptial agreements on the relationships of those involved. Using a feminist and contractual theoretical framework, it attempts to produce a more nuanced understanding of the autonomy exercised by parties entering into prenuptial agreements. This book also draws on an empirical study of the experiences and views of practitioners skilled in the formation and litigation of prenuptial agreements in New York. Lastly, it explores how the court might address concerns regarding power and autonomy during the drafting and enforcement processes of prenuptial agreements, which in turn may enhance the role that 'prenups' can play in the judicial allocation of spousal property on the breakdown of marriage.
