What Do You See When You Look at a Tree? Emma Carlisle, 2022-11 What do you see when you look at a tree? Leaves and twigs and branches? Or do you see a living thing that moves and breathes and dances? Full of finely drawn forest scenes, this gentle picture book encourages children to explore their connections with nature. Award-winning artist Emma Carlisle asks readers to consider how each tree is different, what they have witnessed in their centuries of life, what animals they have sheltered, and who may have played under their branches. Exploring growth through the eyes of a child, this lovely picture book urges readers to connect with the world around them, fostering a deeper appreciation for the natural environment and their place within it.

Look at This Tree! What Do You See? Maggy Bruzelius, 2019-03-21 Find tree faces! They show up in different places! Can you find them right away? Or save them for another day? This read aloud book in verse brings young readers (ages 3-6) into woodlands and sets free their imaginations and curiosity through engaging photographs of trees. It encourages children to go outside and enjoy nature and to observe trees from the ground up. The book leaves readers with lots of room to find their own tree faces and makes it easy to talk about different ways of looking at trees. There are no wrong answers!
