Kate Gammage

My Story Marilyn Monroe, 2006-11-25 Written at the height of her fame but not published until over a decade after her death, this autobiography of actress and sex symbol Marilyn Monroe (1926-1962) poignantly recounts her childhood as an unwanted orphan, her early adolescence, her rise in the film industry from bit player to celebrity, and her marriage to Joe DiMaggio. In this intimate account of a very public life, she tells of her first (non-consensual) sexual experience, her romance with the Yankee Clipper, and her prescient vision of herself as the kind of girl they found dead in the hall bedroom with an empty bottle of sleeping pills in her hand. The Marilyn in these pages is a revelation: a gifted, intelligent, vulnerable woman who was far more complex than the unwitting sex siren she portrayed on screen. Lavishly illustrated with photos of Marilyn, this special book celebrates the life and career of an American icon—from the unique perspective of the icon herself.

Summary of Marilyn Monroe's My Story Everest Media, 2022-05-18T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I had lived with my mother and father, the letter carrier, for years when I was seven. One day, my mother called for me and took me to her rooms for a visit. It was the first happy day in my life that I remember. #2 I had found out that people always ordered me to stop doing anything I enjoyed. When I was visiting my mother, I stood staring at a photograph of my father, and I felt excited. I had a father for the first time. #3 I had a daydream that lasted a whole week without stopping. I kept bringing my father into the hospital ward and walking him to my bed while the other patients looked on with disbelief and envy at so distinguished a visitor. #4 I was taken from the house to an orphan asylum, and after a while, I was given a blue dress and a white shirtwaist to wear. I never forgot the house and its furniture. Years later, when I was beginning to earn money modeling, I began looking for the house.

My Story Marilyn Monroe, Ben Hecht, Joshua Greene, 2012-09 Published for the first time in Spanish, this autobiography of Hollywood star and sex symbol Marilyn Monroe sheds an intimate and revealing light on her often troubled and tragic life. Written at the height of her fame, the memoirs describe her childhood as an unwanted orphan—moving from one foster home to another—her early adolescence, her rise in the film industry from bit player to celebrity, and her marriage to Yankees legend Joe DiMaggio. What emerges is a portrait of an intelligent and talented, but vulnerable, woman. Dozens of color photographs—many previously unpublished—by renowned Hollywood photographer Milton Greene capture Monroe's one-of-a-kind beauty and energy. Publicado por primera vez en castellano, esta autobiografía de la estrella de cine y sex symbol

Marilyn Monroe arroja una luz íntima y reveladora sobre su vida frecuentemente agitada y trágica. Escritas en la cima de su fama, estas memorias describen su niñez como huérfana no deseada—mudándose de una casa de acogida a otra—los primeros años de su adolescencia, su ascendencia en la industria cinemática desde actor secundario a celebridad y su matrimonio a Joe DiMaggio, una leyenda con los Yankees. Lo que resulta es un retrato de una mujer inteligente y talentosa, pero también vulnerable. Docenas de fotografías a todo color—muchas de ellas inéditas—del renombrado fotógrafo de Hollywood Milton Greene captan la belleza y energía única de Monroe.

Heroines in History Katie Pickles,2022-07-21 Heroines in History: A Thousand Faces moves beyond stories of individual heroines, taking a thematic, synthesising and global in scope approach to challenge previous understandings of heroines in history. Responding to Joseph Campbell's Hero with a Thousand Faces, Katie Pickles explores the idea of a transcultural heroine archetype that recurs through time. Each chapter addresses an archetypal theme important for heroines in history. The volume offers a new consideration of the often-awkward position of women in history and embeds heroines in the context of their times, as well as interpreting and analysing how their stories are told, re-told and represented at different moments. To do so it recovers and compares some women now forgotten, along with well-known recent heroines and brings together a diversity of women from around the world. Pickles looks at the interplay of gender, race, heredity status, class and politics in different ways and chronicles the emergence of heroines as historical subjects valued for their substance and achievements, rather than as objects valued for their image and celebrity. In an accessible and original way, the book builds upon developments in women's and gender history and is essential reading for anyone interested in this field.

Infertility and the Creative Spirit Roxane Head Dinkin,Robert J. Dinkin,2011 Roxane Head Dinkin, PhD, a clinical psychologist practicing in Bradenton, Florida, who has long dealt with the problems of infertile women, and history professor Robert J. Dinkin have created an informative book showcasing seven prominent women who struggled with infertility and became creative powerhouses in a variety of fields. Unable to have children themselves, the Dinkins utilized their combined expertise and discovered how these seven women had worked through their infertility issues and honed their creativity to more fully utilize their talents: - Juliette Low, founder of the Girl Scouts of the USA - Joy Adamson, wildlife conservationist and author of Born Free - Josephine Baker, entertainer and adoptive mother of twelve - Frida Kahlo, innovative artist - Emma

Goldman, anarchist and birth-control advocate - Ruth Benedict, leading anthropologist - Marilyn Monroe, film star and sexual icon Infertility produces a profound loss for women who hold the expectation that they will reproduce. Infertility and the Creative Spirit clearly illustrates the connection between the desire and inability to have children and lasting accomplishments in other areas of life, showing how infertile women contribute to the next generation.

How Do We Know who We Are? Arnold M. Ludwig,1997 Psychiatrist Ludwig weaves insights from in-depth interviews with 21 biographers with observations from his own practice to investigate the mechanisms by which people construct identities. He describes how biographers must impose a narrative structure on the mass of often contradictory information in much the same way therapists try to foster understanding and awareness in their patients. He concludes by asserting that people can use the same methods to find meaning in their lives. Annotation copyrighted by Book News, Inc., Portland, OR

Beginning where her unstable mother leaves off, Monroe picks up her dream of fame in early childhood. The reader follows Monroe's rise to stardom, progressing through the lower depths of Hollywood into the hard realities of fame. Seen through the prism of Marilyn's own inner world, her achievements and failures take on a new complexity and poignancy. Marilyn: The Story of a Woman is told as a direct narrative in words and dark, compelling images. This biography will appeal to fans of Marilyn, comics, and anyone interested in women's lives.

The Presidency of John F. Kennedy James N. Giglio, 2006 The presidency of John F. Kennedy continues to fascinate, even as it also continues to inspire heated debates between admirers and detractors of Camelot's fallen king. Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio's bestselling study, widely acclaimed as the best and most balanced book on JFK's White House years. Giglio incorporates the voluminous archival materials made available in the last fifteen years, including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy's youth and vigor. He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK's prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam. Giglio shows Kennedy to be the most medicated, one of the most courageous, and perhaps the most self-absorbed of our presidents. He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low-level White House employees and even virtual strangers. Surveying this field of conquest, Giglio suggests that JFK's sexual obsession could easily have affected his presidency even more during a second term. His work also amplifies coverage of key issues like civil rights, the Cuban missile crisis, and Vietnam and reevaluates many of the questions surrounding the assassination—maintaining that, even with the existence of a conspiracy still doubtful, the case is far from closed. Like the first edition, this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that, despite his undeniably brief tenure in office, the state of the nation actually did improve on Kennedy's watch. Featuring an expanded bibliographical essay and twenty-two photos from the JFK library, *The Presidency of John F. Kennedy* remains the definitive appraisal of Camelot's kingdom.

Theatre History Studies 2014, Vol. 33 Elizabeth Reitz Mullenix, 2014-12-15 Volume 33 of Theatre History Studies explores war. War is a paradox—horrifying and compelling, galvanizing and devastating, a phenomenon that separates and

decimates while at the same time creating and strengthening national identity and community bonds. War is the stuff of great drama. War and theatre is a subject of increasing popularity among scholars of theatre. The essays in this special edition of Theatre History Studies brings together a unique collection of work by thirteen innovative scholars whose work explores such topics as theatre performances during war times, theatre written and performed to resist war, and theatre that fosters and promotes war. The contributors to this volume write poignantly about nationhood and about how war—through both propaganda and protest—defines a people. The contributors also delve into numerous fascinating themes that transcend time, peoples, nations, and particular conflicts: the foundations of nationalism and the concepts of occupied and occupier, nostalgia and utopia, and patriotism and revolution. These essays survey a march of civil and international wars spanning three centuries. Arranged chronologically, they invite comparisons between themes and trace the development of the major themes of war. Ideas manifest in the theatre of one period recall ideologies and propaganda of the past, reflect those of the present, and anticipate wars to come.
