**Mystical Bodies, Mystical Meals** Joel Hecker, 2005-04-20 Mystical Bodies, Mystical Meals is the first book-length study of mystical eating practices and experiences in the kabbalah. Focusing on the Jewish mystical literature of late-thirteenth-century Spain, author Joel Hecker analyzes the ways in which the Zohar and other contemporaneous literature represent mystical attainment in their homilies about eating. What emerges is not only consideration of eating practices but, more broadly, the effects such practices and experiences have on the bodies of its practitioners.

**The Kabbalah of Time** Ann Helen Wainer, Rabbi Daniel Kahane, 2013-07-25 Rabbi Schneur Zalman of Liadi, the Alter Rebbe, famously stated that we must live with the times, thereby experiencing the teachings of the Torah related to each

week of the year. Similar to the zodiac, where every month has its own symbolism, every week of the Jewish calendar also has a unique meaning. Kahane and Wainer explain that the calendar is the master key to unlock the hidden rationale behind the formal structure of ancient sacred texts, as well as to understand basic mystical concepts. When comprehended within the context of the Jewish calendar, these works reveal the spiritual energy of each week, serving as a practical guide for self-analysis and development. During this annual journey, we will learn to live with greater harmony, happiness and gratitude by learning from the Kabbalah, from age-old Jewish ethical teachings, and even from animals. The objective is to make the reader be in touch with the spiritual powers of each week, thereby improving ones daily conduct and rediscovering the universal song within each one of us: the song of the soul.

**Kabbalah Month by Month** Melinda Ribner,2002-08-29 Publisher Description

**Reading the Zohar** Pinchas Giller,2000-12-07 Comprising well over a thousand pages of densely written Aramaic, the compilation of texts known as the Zohar represents the collective wisdom of various strands of Jewish mysticism, or kabbalah, up to the thirteenth century. This massive work continues to provide the foundation of much Jewish mystical thought and practice to the present day. In this book, Pinchas Giller examines certain sections of the Zohar and the ways in which the central doctrines of classical kabbalah took shape around them.

Secrets of the Cycle of Time Ariel B Tzadok,2021-03-23 Time marches forever forward! Does it? One experience of time is that it does indeed forever march forward, but this is not the only way to experience the dimension of time. Time can also be experienced as a cycle, movement that constantly returns to the past, and brings it into the present and future. This cycle does not simply bring back memories of a long ago past that most have forgotten. The cycle of time is a constant present reviving in our minds archetypal lessons of universal values that are as old as time itself, and as immortal as is the human soul. When seen through the eyes of Torah, time becomes living and vibrant. The holidays and commemorations that fill the Jewish calendar are far from being mere rituals of religion. They are instead alive, conscious, and sentient, even as we are ourselves. When we embrace a Torah observance and a Jewish holiday, we are living it anew. It is no longer past; it is here, now! Torah reveals to us the secrets of the cycles of time, and shows us how, as the Sefer Yetzirah reveals to us, space, time, and consciousness are all one! As a practitioner and teacher of the Prophetic Kabbalah system, Rabbi Tzadok opens up for us the world of Living Time as seen through the eyes of Living Torah. Included in this book are essays of in-depth Kabbalah, meditative kavanot, archetypal psychology, alongside essays of practical down-to-earth wisdom about the fundamental truths by which we live. Also included are a number of Halakhic essays about ritual observance of the Shabat, and how Kabbalah plays a role in even the most Orthodox of Jewish Halakha. Secrets of the Cycles of Time thus has something for everyone, at all levels of learning. It is a book that you will read and reread from year to year, always finding new insights and treasures therein.

**Kabbalah and Meditation for the Nations** Yitshak Ginzburg, 2007 Ours is the first generation in modern times to understand the truly universal human condition and to seek to bring all peoples of the earth together in peace and harmony. We are the first generation to truly understand that we are faced with the challenge of either inhabiting our planet harmoniously or not inhabiting it at all. Filling our future is the fundamentalism that threatens to pit one religion against another. But, our different relationships and understandings of G-d should not be the reason for conflict but the source of goodwill in building our relationships with one another and our ability to understand others. The covenant with the Jewish people was not the first made between the Almighty and mankind. Before the revelation at Mt. Sinai, G-d commanded Adam and then made a covenant with Noah, giving them the guidelines for the universal religion of mankind. The most well-known part of this covenant is the seven universal commandments, or the Seven Noahide Laws. For this reason, Judaism and Jews do not proselytize, but rather seek to guide the nations of the world in developing their own relationship with the Almighty and implementing these potentially unifying laws of basic human nature. This book offers you a glimpse into the tremendous mystical power and meaning of G-d's covenant with humanity and the Seven Noahide Laws, as explained in Kabbalah. It focuses on their spiritual and inner dimensions and inspires a deeper look at our best hope for achieving world peace and a better future for all beings.

**Kabbalah and Exodus** Z'ev ben Shimon Halevi, 1988-01-01 We can read Exodus as an allegory of the psychological bondage we experience until we each find a way to the promised land of the spirit. Based on Biblical text, traditional material, and Jewish folklore, this book is an interesting read for Jewish and Christian scholars, and people on a spiritual path.

Moses Cordovero's Introduction to Kabbalah Moses ben Jacob Cordovero, Ira Robinson, 1994 First published in 1587, Moses Cordovero's now classic introduction to Kabbalah, *Or Ne'erav*, was intended to serve several purposes; it was meant both to provide a justification for the study of Kabbalah and to encourage that study by providing detailed instructions for interested laymen on how to go about that study; indeed, it was intended as a precis of Cordovero's much larger *Pardes Rimmonim*. In many ways, Cordovero was ideally suited to compose such a work. His teacher of rabbinics was no other than R. Joseph Caro, author of the *Shulhan Arukh*, which rapidly became the halakhic code par excellence. His master in Kabbalah was Solomon ha-Levi Alkabetz, whose sister he subsequently married. The result of his studies with both was no less than a kabbalistic code, a systematic kabbalistic theology of the *Zohar*, the basic text of Jewish mysticism. But this work was too large, and too complex to be easily mastered. Moreover, it assumed too much previous knowledge to serve as an introduction to the subject; hence the need for *Or Ne'erav*. *Or Ne'erav* succeeded in fulfilling all these purposes, and has remained a classic introduction to the study of Kabbalah - and is used as such to this day. Dr. Robinson's accurate but readable translation is the first English rendition of this essential work. -- Back cover.

**Living the Kabbalah** Simcha H. Benyosef, Mosheh Luria, 1999-06-01 A guide to the Sabbath and Jewish Holy Days based on the teachings of Rabbi Rafael Moshe Luria, a modern master of the Kabbalah and a direct descendant of the great 16th-century Kabbalist, R. Isaac Luria.

**In the Shadow of the Ladder** Yehudah Ashlag, 2002 This authentic translation into English of two Kabbalah texts written in Hebrew asks deeply personal questions about the essence of an individual and the existence of a soul. Discussing the experience of an individual and the role of humans in creation, it offers an understanding of the places of evil, suffering, compassion, and joy in the full experience of divine love. The Kabbalah is presented here not as an esoteric study limited to the divinely inspired, but as a universal pathway of the spirit. Coming from the West rather than the East, this book fills a long-awaited gap as it teaches an essential spirituality within the conceptual framework of the Judeo-Christian tradition.

**Kabbalah** Rabbi Kushner, 1999-06

*The Zohar* Michael Laitman, 2009-01-01 The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has

been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

*Kabbalah and the 22 Paths of Healing* Marco Marini, 2017-04-28 33 Hebrew letter cards, comprehensive healing guide, and therapeutic CD for 22 paths in Kabbalistic tradition Includes Tree of Life, Hebrew letters and meanings, related body functions and parts, benefits, and advice Tarot connections are explored

**The Book of Concealed Mystery** Continuum, 2000-01-09 This is a book of the key text of the Kabbalah, a work known as the Zohar (Splendour). The Zohar is a commentary on the Torah and although it is sometimes ascribed to a second-century rabbi, Simon Bar-Yochai, the form in which it is most widely known originates with Moses of Leon, a native of Granada, who died in 1305. The kabbalists believe that the undefinable origin of all things is Ein Sof - the cause of causes, the infinite, that which underlies everything. The universe emanates from the divine in successive layers called esefiroti. Everything exists in God, but God extends infinitely beyond existence. All we know and are is linked together, pervaded and maintained by the divine. According to this work, the light of God must be concealed in order to be revealed to creation. Even though the kabbalists believe that ultimately Ein Sof is beyond expression or understanding, the contemplation of God's presence in all things causes our thoughts to be purified.
