

Modelo De Informe Pedagogico

Jorge Domic,Gisela Campos

Diagnóstico pedagógico Pascual Gómez, Isabel,2016-08-16 La finalidad de este libro es difundir el interés del diagnóstico pedagógico en la etapa de educación infantil. El diagnóstico es fundamental para conocer los fenómenos educativos con rigor, y constituye un paso previo necesario para intervenir adecuadamente sobre ellos. Los contextos educativos se han transformado como consecuencia de cambios sociales, económicos y tecnológicos, y en este escenario resulta cada vez más necesario su presencia activa y colaborativa en los contextos escolares y extraescolares. Se trata de realizar un diagnóstico no limitado en exclusiva a la detección de problemas organizativos, curriculares o técnicos de la educación, sino a la prevención, la individualización y la mejora de la calidad del proceso educativo. El libro se divide en dos partes. Los cuatro primeros capítulos son de carácter más general y sirven como punto de partida y reflexión sobre la definición y delimitación del diagnóstico pedagógico. Por este motivo, se desarrollará: una breve revisión histórica que permita comprender qué elementos han favorecido su configuración y desarrollo; una delimitación conceptual que clarifique conceptos afines y/o disciplinas afines al diagnóstico; una descripción de los contenidos y funciones; y por último, una presentación de las técnicas y los procedimientos de recogida de información en el proceso. Los siguientes capítulos están dedicados a las especificidades propias del diagnóstico en la etapa de educación infantil, así como a la descripción de las técnicas de observación sistemática que pueden aplicarse tanto en la evaluación como en el diagnóstico en esta etapa.

Modelo pedagógico afectivo para la escuela y el hogar ALEXANDER ORTIZ,2024-05-20 Partiendo de los hallazgos de las neurociencias, podemos afirmar que es posible utilizar algunos medios nuevos e innovadores para mejorar la inteligencia y el talento y vivir con felicidad. El conocimiento de cómo aprende el cerebro tiene un gran impacto en la vida cotidiana. Si comprendemos cómo el cerebro adquiere y conserva información, seremos capaces de alcanzar los límites de su capacidad para ser felices. Es posible transformar nuestra conducta y optimizar nuestra vida a partir de la comprensión de los mecanismos cerebrales que subyacen al talento, la inteligencia y la felicidad, así como los efectos de la genética, el entorno, la emoción y la edad en el aprendizaje.
