She left a North Carolina church meeting late one October afternoon and strolled along a lakeside path toward her house two miles away. Who met her on the path? Who followed her home, kidnapped her from her bedroom, and left her body by the lake days later? It’s a puzzling and terrifying crime, reminiscent of the work of serial killer Temple Gault, who has long eluded Dr. Kay Scarpetta and law enforcement for years. Into this volatile atmosphere comes Scarpetta’s ingenious, rebellious niece Lucy, an FBI intern with a promising future in Quantico’s computer engineering facility—until she is accused of a shocking security violation. While coming to terms with Lucy, Kay must conduct a grisly forensic investigation at a clandestine research facility in Tennessee known as The Body Farm. There she will find more answers to Emily Steiner’s murder—and evidence that paints a picture of a crime more horrifying than she ever imagined.

The Breaking Point Jefferson Bass,2015-06-09 Past, present, and future collide to throw respected forensic anthropologist Bill Brockton's successful, secure life into devastating turmoil in this poignant novel in the New York Times bestselling Body Farm mystery series. It's been ten years since Dr. Bill Brockton created the Body Farm—the world's first postmortem research facility dedicated to advancing the frontiers of forensic science—and the researcher is at the pinnacle of his career. Under his leadership, the University of Tennessee's forensic anthropology program has become the most prominent in the world, and Brockton's skills and knowledge are in high demand among top law enforcement. Calling him in for a number of high profile cases, the FBI now wants him to identify the charred remains of a maverick millionaire, killed in a fiery plane crash. But a storm is about to hit Brockton with cataclysmic force. First, his identification of the crash victim is called into question. Then he receives a threatening message from the serial killer who attempted to murder the scientist and his family

a decade ago. And from Brockton's beloved wife Kathleen—his lodestone and his source of security—he gets the most shocking news of all. Will Brockton be able to weather this deluge . . . or has he finally reached the breaking point?

Kathy Reichs calls author Jefferson Bass, "the real deal," and his hero Bill Brockton has already taken his rightful place alongside Patricia Cornwell's Kay Scarpetta and the investigators on TV's "C.S.I." In *Bones of Betrayal*, a hideous murder has links that connect it to World War Two's Manhattan Project and the development of the atomic bomb—adding a fascinating historical element that enriches an already superior crime series.

Renowned anthropologist Dr. Bill Brockton has spent his career surrounded by death at the Body Farm. Now he's being called upon to help solve a baffling puzzle in a remote mountain community. The mummified corpse of a young woman dead for thirty years has been discovered in a cave, the body bizarrely preserved and transformed by the environment's unique chemistry. But Brockton's investigation is threatening to open old wounds among an insular people who won't forget or forgive. And a long-buried secret prematurely exposed could inflame Brockton's own guilt—and the dangerous hostility of bitter enemies determined to see him fail . . . by any means necessary. *The Bone Yard* Jefferson Bass, 2011-03-08 "[Bass is] the real deal." —Kathy Reichs The sixth electrifying forensic mystery by author Jefferson Bass ("a fresh voice in the crime novel arena" —Seattle Post-Intelligencer), *The Bone Yard* is the most gripping installment yet in the New York Times bestselling Body Farm series. Called away from Tennessee's renowned Body Farm (the real life human decomposition laboratory around which these remarkable thrillers are based), Dr. Bill Brockton discovers the dark side of the Sunshine state when he's called in to investigate human remains found on the grounds of a Florida boys' reform school. Rich in authentic forensic detail and featuring a protagonist as involving as crime fiction's most popular medical examiners—including Patricia Cornwell's Kay Scarpetta, Karin Slaughter's Sara Linton, and Kathy Reichs's star forensic anthropologist Temperance Brennan—*The Bone Yard* is unassailable evidence that this series "just keeps
