Danuta Mendelson

Babel R. F. Kuang, 2022-08-23 Instant #1 New York Times Bestseller from the author of *The Poppy War* “Absolutely phenomenal. One of the most brilliant, razor-sharp books I've had the pleasure of reading that isn't just an alternative fantastical history, but an interrogative one; one that grabs colonial history and the Industrial Revolution, turns it over, and shakes it out.” -- Shannon Chakraborty, bestselling author of *The City of Brass* From award-winning author R. F. Kuang comes *Babel*, a thematic response to *The Secret History* and a tonal retort to *Jonathan Strange & Mr. Norrell* that grapples with student revolutions, colonial resistance, and the use of language and translation as the dominating tool of the British empire. *Traduttore, traditore*: An act of translation is always an act of betrayal. 1828. Robin Swift, orphaned by cholera in Canton, is brought to London by the mysterious Professor Lovell. There, he trains for years in Latin, Ancient Greek, and Chinese, all in preparation for the day he'll enroll in Oxford University's prestigious Royal Institute of Translation—also known as Babel. Babel is the world's center for translation and, more importantly, magic. Silver working—the art of manifesting the meaning lost in translation using enchanted silver bars—has made the British unparalleled in power, as its knowledge serves the Empire's quest for colonization. For Robin, Oxford is a utopia dedicated to the pursuit of knowledge. But knowledge obeys power, and as a Chinese boy raised in Britain, Robin realizes serving Babel means betraying his motherland. As his studies progress, Robin finds himself caught between Babel and the shadowy Hermes Society, an organization dedicated to stopping imperial expansion. When Britain pursues an unjust war with China over silver and opium, Robin must decide... Can powerful institutions be changed from within, or does revolution always require violence?

Oxford, 1836. The city of dreaming spires. It is the centre of all knowledge and progress in the world. And at its centre is Babel, the Royal Institute of Translation. The tower from which all the power of the Empire flows. Orphaned in Canton and brought to England by a mysterious guardian, Babel seemed like paradise to Robin Swift. Until it became a prison... But can a student stand against an empire? An incendiary new novel from award-winning author R.F. Kuang about the power of language, the violence of colonialism, and the sacrifices of resistance. 'A masterpiece that resonates with power and

Translation and Decolonisation Claire Chambers, Ipek Demir, 2024-05-31 *Translation and Decolonisation: Interdisciplinary Approaches* offers compelling explorations of the pivotal role that translation plays in the complex and necessarily incomplete process of decolonisation. In a world where translation has historically been a tool of empire and colonisation, this collection shines the spotlight on the potential for translation to be a driving force in decolonial resistance. The book bridges the divide between translation studies and the decolonial turn in the social sciences and humanities, revealing the ways in which translation can challenge colonial imaginaries, institutions, and practice, and how translation opens up South-to-South conversations. It brings together scholars from diverse disciplines and fields, including sociology, literature, languages, migration, politics, anthropology, and more, offering interdisciplinary approaches and perspectives. By examining both the theoretical and practical aspects of this intersection, the chapters of this agenda-setting collection explore the impact of translation on decolonisation and highlight the need to decolonise translation studies itself. The book illuminates the transformative power of translation in transcending linguistic, cultural, and political boundaries.
