Piers Anthony Michael R. Collings, 2007-09 Michael R. Collings examines the life and work of American science fiction author Piers Anthony. Starmont Reader's Guide 20.

Up In a Heaval Piers Anthony, 2002-10-11 Dueling Demons endanger the enchanted land of Xanth in this delightful new fantasy adventure by the author of *Fell Swoop*.

Anthony Piers - Set of Nine Books Piers Anthony, 1986-12-01

The Willing Spirit Piers Anthony, Alfred Tella, 2014-07-01 Spirituality, fantasy, and mythology merge in this "lighthearted, agreeably diverting yarn, duly respectful of India's cultures and customs" (Kirkus Reviews). Hari, a remarkably well-set-up young lad, has spent his entire life in a small village with his pious widowed mother, and the purity of his soul is largely uncorrupted by worldly sophistication. But now, poised on the brink of manhood, he feels himself moved by strange new urgings—urgings that will lead him far from the quiet life he has known. Though these strings are unfamiliar to him, virtuous Hari recognizes them for what they are: a hunger for spiritual enlightenment. As so many have before, he sets his feet upon the pilgrim's path, becoming a wanderer in search of true wisdom. But who can know the ways of the gods, or foretell the twists of fortune? Unbeknownst to Hari, his quest has become the subject of wager between two immortals: Mohini, a pulchritudinous Apsara and the vilely demonic Ravana, who lusts after her. Mohini and Ravana are at an impasse. Both are weary of arguing with each other—but while Mohini's idea of a happy outcome is to have Ravana go away and leave her alone, Ravana's ideas run along other lines entirely. They settle upon a contest and a wager, with the loser bound to do the winner's bidding. Verily, the sages have written that there is a seeker born every minute, but Hari's journey of discovery is fated to be stranger—and far livelier—than most.

On a Pale Horse Piers Anthony, 2012-02-14 In this first novel of the Incarnations of Immortality, Piers Anthony combines a gripping story of romance and conflicting loyalties with a deeply moving examination of the meaning of life and death. This is a novel that will long linger in the reader's mind. Shooting Death was a mistake, as Zane soon discovered. For the man who killed the Incarnation of Death was immediately forced to assume the vacant position! Thereafter, he must speed over the world, riding his pale horse, and ending the lives of others. Zane was forced to accept his unwelcome task, despite the rules that seemed woefully unfair. But then he found himself being drawn into an evil plot of Satan. Already the prince of Evil was

forging a trap in which Zane must act to destroy Luna, the woman he loved. He could see only one possible way to defeat the Father of Lies. It was unthinkable—but he had no other solution!

The E. S. P. Worm Piers Anthony, Robert E. Margroff, 2014-07-01 A slimy, telepathic alien throws the universe into chaos in this science fiction classic cowritten by the New York Times–bestselling author. The cast of cosmic characters: A prodigal worm, a telepathic, egotistical, totally unscrupulous little alien running away from his father becomes the biggest prize in the universe. Capture the slimy brat and win an entire planet! A cosmic hustler, an effete snob who ekes out a comfortable living as the president’s son-in-law and perfects his reflexes with endless contests of cosmic pool, becomes the most important element in a delicate game of interspatial espionage—and the galaxy’s prime target for assassination. The most sensual woman on Earth, completes the star-crossed triangle in one of the wildest, wickedest romps in the annals of science fiction!

Five Portraits Piers Anthony, 2014-10-21 The magical land of Xanth is in peril in this follow-up to *Board Stiff* by New York Times–bestselling author Piers Anthony. “It occurs to me that you folk are no ordinary group,” the troll said. “We’re on a special mission to eliminate the last of the anti-pun virus. We are a bit unusual.” Astrid Basilisk-Cockatrice is the daughter of anonymous parents who whiled away a dull minute by generating her on a warm compost pile, then went their own deadly ways, never to see her or each other again. She found herself a soul, but her gaze is fatal and her touch is toxic. That’s not so strange in the Land of Xanth, where everyone has a unique magical talent, and charms, curses, and enchanted puzzles lie around every corner. Now, Astrid and her companions are finishing the cleanup of a virus that ravaged the puns of Xanth, and new Quests are already popping up. For instance, Astrid is attempting to fulfill her mission in life, if only she can figure out what that is. And then there’s the missing Question from the Good Magician’s Book of Answers. Not to mention the small matter of a Demon Wager regarding the impending destruction of Xanth. But it’s nothing Astrid and her motley crew of lovely maidens and strapping men can’t handle . . . they hope. Piers Anthony delivers another tale set in the bestselling world of Xanth, filled with magic, surprises, adventure, and a few puns. Here’s what the author has to say about his new book: “Five Portraits is a kind of sequel to *Board Stiff* in that it picks up where the other leaves off, with the same characters. Apart from that, it’s one of my favorites within the series. There’s something about Astrid Basilisk that appeals to me: a very pretty girl whose very glance is deadly, yet she’s a nice person whose selfless effort to save five difficult children from future Xanth is thoroughly worthy. I also like the theme of the power of unlikely friendship. Not just Xanth, but Mundania, too, would be better if there were more such friendships.”

Virtual Mode Piers Anthony, 1991 Two young people in love search for each other in separate realities as they try to get back to each other.

Centaur Aisle Piers Anthony, 2002-03-26 The magic of Xanth was useless in Mundania—until Dor tried honesty! Dor was

having troubles growing up to be the next Magician-King of the magic Land of Xanth. He wanted no part of running the Kingdom. But now the Good King Trent was leaving on a trade mission to non-magical Mundania, home of such weird beasts as horses and bears, so Dor had to take over as King for a week. A week passes. No Trent. Then three weeks. King Trent still hasn't returned. Surely, something terrible had happened; he was apparently held captive in some foul dungeon, unable to escape. Dor was left with the burden of ruling—and with Irene, who was entirely too willing to be his Queen! His only hope was to enter Mundania and free King Trent. But how could it be done without the powers of magic? Nevertheless, he started forth bravely—together with Irene, a golem, a centaur, and a young ogre—heading for the far south of Xanth. The entrance to Mundania, of course, lay to the north.

Split Infinity Piers Anthony, 1986-02 On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay in Phaze, a world totally ruled by magic. Soon he learned that his alternate self had already been murdered, and that he was next. On Proton, his fate depended on winning the great Games. On Phaze, he must master magic to survive. And if he used any magic at all, his friends were determined to kill him at once! THE APPRENTICE ADEPT Book One SPLIT INFINITY Book Two BLUE ADEPT Book Three JUXTAPOSITION

Bio of an Ogre Piers Anthony, 1989 Recounts the early life and career successes of the science fiction and fantasy author.

One and Wonder Piers Anthony, Evan Filipek, 2014-10-21 Piers Anthony presents a compendium of the Golden Age science fiction classics that inspired his astonishing career—timeless tales by Isaac Asimov, Jack Williamson, Walter M. Miller Jr., and other early SF masters When Piers Anthony was thirteen years old, he picked up a copy of *Astounding Science Fiction* magazine, and his life changed forever. These breathtaking stories of space exploration and remarkable technologies, of alien cultures and future dystopias blew his mind and set his imagination free. Now, after nearly two hundred novels and many New York Times bestsellers, one of the most creative minds in contemporary science fiction and fantasy returns to his roots, presenting the amazing tales that made him the writer he is today. In *One and Wonder*, Anthony invites readers to experience the same amazing tales that moved him in his youth, beginning with the first science fiction story he ever read: Jack Williamson's "The Equalizer," in which the members of a space mission return to Earth after twenty years only to discover that the world they left is gone forever. Anthony continues on to Theodore Sturgeon's disturbing tale of an alien virus that literally turns people inside out, Isaac Asimov's fable of a dangerous automaton hiding among masses of seemingly identical but more-benign machines, and seven more prime examples of Golden Age speculative and fantasy fiction, as breathtakingly inventive and unforgettable today as when they first mesmerized a young Piers Anthony.

The Gutbucket Quest Piers Anthony, Ron Leming, 2014-07-01 A blues musician is blasted into a parallel world in a novel that's "a houserockin' good time" cowritten by the New York Times–bestselling author (Booklist). Slim's a Texas bluesman of a certain age, down on his luck and just about broke—but hey, that's what the blues are all about. He loves his music: "Not

the popular blues, homogenized, synthesized, and zombilized; but the real down-home gut-bucket blues.” Then one day the music loves him back. In a single hot burst of lightning that comes straight up out of the ground, Slim finds himself in Tejas. It’s a little bit magic and a whole lot different, but the blues are the same. And the blues—manifest here in the form of a maple-necked, pearl-gray Fender Stratocaster with blue-chrome pickups, aka the Gutbucket—need him and need him bad. The Strat’s fallen into the hands of T-Bone Pickens and his Vipers, who want to suck up all its power and turn it to evil. Slim’s off and running on the Gutbucket Quest, with the help of his new mentor, rhythm guitarist Progress T. Hornsby, and a purely unstoppable blues singer named Nadine.

The Ring Piers Anthony, Robert E. Margroff, 2014-07-01 Far-future convicts get “ringed”—and lose their free will—in this novel of “chilling extrapolation” cowritten by the New York Times–bestselling author (Clifford D. Simak). After a youth spent trapped in space exile, Jeff Font returned to Earth to seek vengeance against the planetary mogul who had framed and destroyed his family. Jeff’s plans backfired: He was captured, drugged, rammed through a computerized court system, convicted . . . and ringed. The ring. The ultimate high-tech civics lesson. A surgically implanted electronic monitor that automatically caused unendurable agony when a convict strayed from righteousness. A ringer would do no evil, think no evil, see or hear evil robocops—nor defend himself or others from insult or injury. And in a corrupt world of licensed sin and satanic parties, floral estates, and city-size slums, ringers were the ultimate victims. But the ring’s data banks had not factored in Jeff Font’s strength, courage, and his will to fight society, the world, and the agony of the ring to unravel the plot that entrapped him—and see justice done.

Steppe Piers Anthony, 1992 Thrust naked and helpless at the moment of his death into a world he thinks is hell, a Turkish warrior chieftain discovers that this world, which is a strange recreation of his own, is inhabited by a race of humans known as Galactics. Reissue.

If I Pay Thee Not in Gold Piers Anthony, Mercedes Lackey, 1994-10 In the first book of a brilliant new series that rivals Xanth, fantasy superstars Anthony and Lackey join forces to create a marvelous fantasy quest that examines the war between the sexes and the ethics of desire.

Serpent’s Silver Piers Anthony, Robert E. Margroff, 2014-07-01 The prophesied hero Kelvin of Rud must traverse dimensions to save his father in this fantasy adventure sequel to *Dragon’s Gold*. Being the second tale of Kelvin Knight, in which a Roundear’s work is never done.

To Be a Woman Piers Anthony, 2014-07-01 A humanoid robot serves as a perfect female companion—until she achieves consciousness—in this wildly different story from a New York Times–bestselling author. Humanoid robots are surely in our future, but their uses are likely to be limited to body guarding, childcare, companionship, and sex. Other chores can better be done by smart non-humanoid machines designed for those specific tasks. But for these limited purposes, the best robots must

be so realistic that they are indistinguishable from live people. Elasa is such a robot. You can't tell her nature if she doesn't reveal it. You can talk with her, embrace her, kiss her, and she is the perfect woman. Until she becomes the first conscious robot. She's no longer satisfied to pretend to be a woman; she wants legal recognition that she is a woman, so that, among other things, she can marry the man she loves. Therein hangs a tale . . .

Ox Piers Anthony, 1976 Cal, Veg, and Aquilon try to escape from a dangerous world ruled by murderous robots and return to their own dimension

Unicorn Point Piers Anthony, 1989 Neither the magic of Phaze, nor the technology of Proton, can save the parallel worlds from a ruthless takeover. The fight for freedom must be waged by Mach and Bane, robot and wizard, linked between worlds. But they are not the only ones with this strange ability. For their children have been born--each possessing powers the enemy could never imagine. The spectacular sequel to the Piers Anthony New York Times bestseller, Robot Adept.
