Latter-day Saint Perspectives on Atonement Deidre Nicole Green, Eric D. Huntsman, 2024-01-02 New approaches to a central area of Latter-day Saint belief The Church of Jesus Christ of Latter-day Saints and other Christians have always shared a fundamental belief in the connection between personal salvation and the suffering, death, and resurrection of Jesus Christ. While having faith in and experiencing the atonement of Christ remains a core tenet for Latter-day Saints, some thinkers have in recent decades reconsidered traditional understandings of atonement. Deidre Nicole Green and Eric D. Huntsman edit a collection that brings together multiple and diverse approaches to thinking about Latter-day Saint views on this foundational area of theology. The essayists draw on and go beyond a wide range of perspectives, classical atonement theories, and contemporary reformulations of atonement theory. The first section focuses on scriptural and historical foundations while the second concentrates on theological explorations. Together, the contributors evaluate what is efficacious and ethical in the Latter-day Saint outlook and offer ways to reconceive those views to provide a robust theological response to contemporary criticisms about atonement. Contributors: Nicholas J. Frederick, Fiona Givens, Deidre Nicole Green, Sharon J. Harris, J.B. Haws, Eric D. Huntsman, Benjamin Keogh, Ariel Bybee Laughton, Adam S. Miller, Jenny Reeder, T. Benjamin Spackman, and Joseph M. Spencer

Balancing God, Science, and Technology in the End Times Juanita Werrett, 2021-04-19 It is critical in this day of discovery and augmented scientific knowledge that we come to an accurate balance of understanding between foundational science and foundational religion. We are facing a technology that is moving at enormous speed. We need to understand the precarious status of humans as we enter and live through the future technology era that is upon us. Humanity could be negatively affected by technology either unintentionally or by design. As we move forward, ethical and moral decisions will be confronted as to how we manage AI (artificial intelligence) robots, avatars, and the huge data-gathering process associated with the tech industries being formulated at this moment. Controversy will rage, but solutions will percolate. The truth is, you and I are the product in the new global technology paradigm, and our information will feed AI, the data-eating beast. Pandora's box is open. Science and technology are leapfrogging forward at an exponential pace. There is no mechanism to stop it...except God! God's children are weighted and wired for spiritual success. True doctrines and ordinances of the Gospel of Christ fortify faith and give Christians hope in His return. Spiritual development and power

comes to those who are prepared and willing to stand with Christ. The fuller blessings may be ours in spite of the underlying challenges. Perhaps it is fortunate that we live in the fullness of time and the fast-approaching premillennial era. The righteous will be saved in life or death. Some may be blessed to witness the glorious Second Coming of the Savior.

Parallels and Convergences A. Scott Howe, Richard L. Bushman, 2012-02-28 The earth will eventually be renewed and receive its paradisiacal glory. But how will our current world ever become the heaven of our dreams? The Lord is already on it; and, as the essays in this book provocatively propose, He's following good engineering principles. Joseph Fielding Smith said, regarding inventions in these latter days, "The inspiration of the Lord has gone out and takes hold of the minds of men, though they know it not, and they are directed by the Lord. In this manner he brings them into his service." If there is "no such thing as immaterial matter," and "all spirit is matter," then what are the implications for such standard theological principles as creation, human progression, free will, transfiguration, resurrection, and immortality? In eleven stimulating essays, Mormon engineers probe gospel possibilities and future vistas dealing with human nature, divine progression, and the earth's future. Richard Bushman poses a vision-expanding proposal: "The end point of engineering knowledge may be divine knowledge. Mormon theology permits us to think of God and humans as collaborators in bringing to pass the immortality and eternal life of man. Engineers may be preparing the way for humans to act more like gods in managing the world."

Days of the Living Christ W. Cleon Skousen, 2018-12-21 No other life has had such an amazing impact upon the human race as did our Savior, Jesus Christ. From His birth in a humble stable until His death upon the cross of Golgotha, He left all of us simple teachings, direct commandments and profound doctrines which have altered the history of the world. He performed astounding miracles that left His disciples and other onlookers stunned and speechless. He condemned the hypocrisy of the religious leaders of the day, who would eventually conspire and arrange His death at the hands of the Romans. The culminating act of His ministry was the priceless gift of His eternal Atonement, which opened the floodgates of the resurrection, ending the final and icy grip of death upon all mankind. One day we too will participate in the glorious experience of the resurrection, when all tears will be dried and fears will cease. In a matter of just three years, His brief ministry changed the course of history. Gone was the harsh and rigid Mosaic law, replaced by the higher law of love for friends and enemies alike. His life is an example to all. All of these magnificent scriptural accounts and doctrines can be found within the pages of *Days of the Living Christ*.

Gospel Diamond Dust, Volume One W. Cleon Skousen, This book of inspirational speeches given by W. Cleon Skousen contains some of the fascinating gospel "diamonds" that he has discovered and shared with audiences during a lifetime of speaking, writing, and research. Footnotes and references have been added to help the reader further pursue these interesting subjects. Some of the speeches which have been included are his well-known "A Personal Search for the Meaning

of the Atonement," "Palestine in Prophecy," "Building Balanced Children" and "Prophecy and Modern Times." Fourteen other fascinating speeches teach important doctrines about the Savior, the Church, the youth of the Church, the Old Testament, the Book of Mormon and latter-day prophecies. In these speeches, Brother Skousen covers a subject in a few brush strokes that would normally fill many volumes, making it possible to quickly grasp a larger picture of God's plan of happiness for the human race. W. Cleon Skousen has a special gift to make complex subjects easily understandable, which he teaches in an entertaining and enlightening manner. Each of the talks in this book are the result of many years of research. Readers of this book will truly discover a treasure trove of what he called "gospel diamond dust." This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format.

The Fourth Thousand Years W. Cleon Skousen, There is no period when the distant roar of history can be heard pounding on the pages of the past with greater fury than during the ten savage centuries known as The Fourth Thousand Years. This was the age of the first world empires, the days when Assyria, Babylon, Greece and Rome each displayed their passion for power. It was an age which demanded the resounding and inspired voices of many of God's greatest spokesmen. The turbulent chaos of these centuries brought forth many mighty prophets of God -- Elijah, Elisha, Isaiah, Jeremiah, Ezekiel, Jonah, Lehi, Nephi, Daniel, Zechariah, and many others. The lives and times of all these men are in these pages. This is the third and final volume of this series dealing with the Old Testament. The volumes which preceded it were entitled: The First 2,000 Years, which covered the period from Adam to Abraham, and The Third Thousand Years, which covered Bible history from Abraham to David. This present volume deals with the exciting scriptural epic which emerged between the time of David and the coming of Christ. For those who find the Old Testament arduous reading, these three books should prove especially inspirational and helpful. This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format.
