## Jerry Spinelli

*Crash* Jerry Spinelli, 2015-04-07 Take a look behind the bully in this modern classic from Newbery medalist Jerry Spinelli that packs a punch. And don't miss the highly anticipated new novel, *Dead Wednesday*. Cocky seventh-grade super-jock Crash Coogan got his nickname the day he used his first football helmet to knock his cousin Bridget flat on her backside. And he has been running over people ever since, especially Penn Webb, the dweeby, vegetarian Quaker kid who lives down the block. Through the eyes of Crash, readers get a rare glimpse into the life of a bully in this unforgettable and beloved story about stereotypes and the surprises life can bring. Readers will devour this humorous glimpse of what jocks are made of. -- School Library Journal, starred review

**Loser - Literature Kit Gr. 5-6** Nat Reed, 2007-02-01 Students deal with the concept of the human spirit and the importance of failure. Challenge students' comprehension of the novel with a variety of question styles and a final quiz. Students describe Zinkoff's self-image as it appears in the novel. Write a triangle poem about being a mail carrier. Find the synonym of vocabulary words found in the text. Students give their impressions of the teacher's speech on Zinkoff's first day

of school. Understand the idea of unconditional love and its value in a parent-child relationship. Create a comic strip to highlight a brief incident from the story. Aligned to your State Standards, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: *Loser* chronicles the childhood of Donald Zinkoff, who is one of the most unusual, endearing characters ever to grace the pages of a novel for young readers. No matter what the game, Donald never wins. He trips over his own feet, constantly raises his hand without ever knowing the correct answer, and falls down laughing at the mention of any unusual word. The novel traces Donald's journey from first to sixth grade. It details his important friendships, marks his relationships with different teachers, and describes how he copes with various shortcomings that everyone but Donald and his parents deem terribly important.

**Beyond Leveled Books** Karen Szymusiak,Franki Sibberson,Lisa Koch,2008 In the first edition of *Beyond Leveled Books*, Franki Sibberson and Karen Szymusiak, offered a much-needed perspective on moving transitional readers from the basic supports of leveling to independent book selection. Seven years later, drawing on their continued research and expanding roles as authors and literacy consultants, Franki and Karen, along with colleague Lisa Koch, present a new updated and expanded edition of this useful and eye-opening book. Education Reviews, 2001] In *Beyond Leveled Books*, Second Edition the authors provide even more resources to help teachers understand and meet the needs of transitional readers. The key topic of series books has been revised and enlarged, with charts outlining new series with the challenges they pose and supports readers need. New lessons have been added, and most chapters now include a related article from a literacy expert. Some of the contributors include Kathy Collins, Larry Swartz, and Mary Lee Hahn. The book also features an entirely new section covering grades K-1, that explores the uses and limitations of leveled texts in primary reading instruction. Among the highlights of this new section are ideas for how to organize your classroom library and a list of great books to use alongside leveled text in supporting new readers. Packed with examples of classroom instruction, sample mini-lessons, strategies for small-group instruction, assessment techniques, and student work, this new edition expands what was once a great little book that filled a gap for teachers in intermediate grades into an essential resource for independent reading instruction from grades K-5.

**Supplementing Literature Programs** Mary M. Eble,Jeanne L. Renton,1993-12-01 This unique compilation offers the public librarian, the library media specialist, and the teacher a literary analysis of selected titles to supplement literature programs. The selection represents titles of above-average literary value for upper elementary, junior high, high school and beyond. The emphasis is on analysis and appreciation. The general body of work covers contemporary fiction; other parts include unique titles, novels to teach, video views of literature and society, and significant older titles that deserve another look. The analysis of each title offers a complete plot summary, suggested themes, significant quotes, interest/maturity level, evaluation, suggested use, and book review citations. In the Novels to Teach section, the authors also include reasons and suggestions for teaching particular novels, essay questions with suggested answers; glances at characters; and extensive study options. The goal is to change and enrich lives in the quest for literary literacy-to go beyond a superficial reading of the book for a deeper look between the lines-to encourage students to question, understand, and respond.
