Rob Johnson, Mike Whitby, John France

Ho Tactics (Uncut Edition) G L Lambert, 2014-08-06 This is the book that no man wants you to read... Countless women play by the bias male rules of dating and relationships, one that keeps them in a constant state of stress and worry. Victims of romance instead of masters of love, today's women settle for cheap dates and cheaper talk. Why are you splitting the bill with a man that should be spoiling you? Why are you preparing home cooked meals for a man that can't provide you a home? Why are you having sex with a man that promises the world, but refuses to give you his heart? Why are you playing by outdated rules in hopes that one day your kindness will be rewarded? I have discovered a group of women who refuse to be exploited, are immune to manipulation, and who never settle in the name of love. These ladies know what they want and take what they want by beating men at their own game. Utilizing the secrets exposed in this book, these women gain power, money, and status. Men call them Gold Diggers, women call them Hos, but they call themselves Winners. This is the book that society doesn't want you to read... Ho Tactics: How To MindF**k A Man into Spending, Spoiling, and Sponsoring lays out the practical steps to evolve from a woman that goes Dutch to a woman that gets pampered. Ho Tactics provides the Sex-Free blueprint on how to turn any man into your personal ATM. Stop spending nights with men that can't offer you anything but conversation, stop being understanding of men who are underachieving, stop settling and submitting, and learn how to seduce and destroy! You tried to play by their rules, now it's time to play by Ho rules.

Summary of G.L. Lambert's Ho Tactics (Savage Edition) Everest Media, 2022-03-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 It's not just men who are to blame for the state of your dating life. You're a good girl who takes what's given and doesn't ask for extra. But when you look online or out in public, you see women who don't have half your class or looks being spoiled by good-looking and affluent men. #2 You can't hate on the sponsors and treats that you don't get. You can't expect men to spend on you when you don't spend on yourself. It's time to stop thinking, That should have been me, and make it you. #3 Any woman can get at least one thing she wants from a man, even if that man is broke. Seduction can be mastered by any woman with half a brain because the allure of new pussy is timeless. #4 A Ho is a term used to describe a loose woman that fucks any and everybody. Ho Tactics involves using your own definition of a Ho, not someone else's. This isn't about sex as sport or celebrity chasing, but rather using your brains to get status, money, or goods rather than an orgasm from a cute man.

How to Win on the Battlefield: The 25 Key Tactics of All Time Rob Johnson,Mike Whitby,John France,2020-08-25

The essential military tactics that have enabled commanders from Alexander the Great to General Giap to achieve victory on the battlefield. This groundbreaking book examines battle tactics that have achieved victory through the ages. Drawing on examples of battles on land, at sea, and in the air, the authors reveal the enduring value of each tactic in clear and compelling descriptions and analysis. How can you draw your enemy off-balance? When is the best moment to deliver a counterattack? What is the effect of shock action or defense in depth? This book shows how certain tactical concepts have stood the test of time. It illustrates how General Robert E. Lee, although heavily outnumbered, achieved a remarkable victory through an audacious flanking maneuver at Chancellorsville in 1863, and how the same bold move had been used effectively in Europe more than 600 years before by the king of France at Bouvines. It examines how Allied armies seized and retained the initiative through the airborne landings in Normandy in 1944, and how Soviet General Zhukov pierced enemy lines using Blitzkrieg tactics in Mongolia in 1939. The book features evocative photographs, illustrations, and paintings, and 28 specially commissioned battle plans.

Strategy and Tactics Henri Dufour, 2018-07-24

Military Tactics Warren Farmer, 2021-08-13 This work analyses and describes tactics in the resolution of military conflict in order to provide a contextual framework for their analysis, application and assessment. The relationship and delineation between strategy and tactics, both being inherent to conflict, is poorly articulated. Consequently, tactics are inadequately defined, understood and applied. They are frequently confused with physical application of a technique rather than addressing the psychology and science inherent in decision attainment. This definitional inadequacy results in actions that are neither efficient, effective or ethical. Clarity is provided by consideration and comparison of a wide range of conflicts to demonstrate that tactics go beyond checklists of principles to be attained in the application of a particular technique or template. Tactics involve not only planning but more importantly, decision making, and subsequently, the attainment, management and sustaining of the decision sought in keeping with higher order intentions and constraints in conflict situations.
