The Greek Way Edith Hamilton,2010-10-25 Edith Hamilton buoyantly captures the spirit and achievements of the Greek civilization for our modern world. In *The Greek Way*, Edith Hamilton captures with Homeric power and simplicity (New York Times) the spirit of the golden age of Greece in the fifth century BC, the time of its highest achievements. She explores the Greek aesthetics of sculpture and writing and the lack of ornamentation in both. She examines the works of Homer, Pindar, Aeschylus, Sophocles, Aristophanes, and Euripides, among others; the philosophy of Socrates and Plato's role in preserving it; the historical accounts by Herodotus and Thucydides on the Greek wars with Persia and Sparta and by Xenophon on civilized living.

The Roman Way Edith Hamilton,2017-07-25 No one in modern times has shown us more vividly than Edith Hamilton 'the glory that was Greece and the grandeur that was Rome.' —New York Times In this now-classic history of Roman civilization, Edith Hamilton vividly depicts Roman life and spirit as they are revealed by the greatest writers of the age. Among these literary guides are Cicero, who left an incomparable collection of letters; Catullus, who was the quintessential poet of love; Horace, who chronicled a cruel and materialistic Rome; and the Romantics: Virgil, Livy, and Seneca. Hamilton concludes her work by contrasting the high-mindedness of Stoicism with the collapse of values as witnessed by the historian Tacitus and the satirist Juvenal.
