The Poetry of Everyday Life Steve Zeitlin, 2016-09-02 This is a book of encounters. Part memoir, part essay, and partly a guide to maximizing your capacity for fulfillment and expression, *The Poetry of Everyday Life* taps into the artistic side of what we often take for granted: the stories we tell, the people we love, the metaphors used by scientists, even our sex lives. A folklorist, writer, and cultural activist, Steve Zeitlin explores how poems serve us in daily life and how they are used in times of personal and national crisis. In the first book to bring together the perspectives of folklore and creative writing, Zeitlin explores meaning and experience, covering topics ranging from poetry in the life cycle to the contemporary uses of ancient myths. This convergence of poetry and folklore, he suggests, gives birth to something new: a new way of seeing ourselves, and a new way of being in the world. Written with humor and insight, the book introduces readers to the many eccentric and visionary characters Zeitlin has met in his career as a folklorist. Covering topics from Ping-Pong to cave paintings, from family poetry nights to delectable dishes at his favorite ethnic restaurants, *The Poetry of Everyday Life* will inspire readers to expand their consciousness of the beauty that resides in everyday things and to use creative expression to engage and animate that beauty toward living a more fulfilling awakened life, full of laughter. To live a creative life is the best way to engage with the beauty of the everyday.

Becoming Earth Anne Reinertsen, 2016-03-22 *Becoming earth* is about how we can write and tell stories in a way that allows us to collaborate and be stewards and partners of the (natural) world – our earth – rather than dominators of it. That is what this assemblage is about: about trying to take seriously the minor politics of sensing, experimenting with questions of attending and attuning to difference, contestation, nomadism, relationality, and permeability in sensing cultivating muchness, newness, communities of acceptance and decision making. Going beyond the binaries, dualisms, instrumentalist criteria, etc., and supplying third space conceptions of agency not tied to human action alone, but rather examining human and more-than human relational assemblages of affecting and being affected. The tasks for educators becoming not merely people who pass on traditions, institutions, systems and/or structures, but prepare for future contingent events ultimately creates vital pedagogies of many prospects in our classrooms and exceeds forms of contracts between generations. These are embodied ecologies and/or enacting ecologies in practice showing the practical and political strength of new materialisms and presenting its potential and usefulness to simultaneously work and analyse local and global political strategies and

sustainability. Making virtuality productive as a form of life: our wonderings are thus always stronger than our assertions. The sometimes fierce stories in this book might light some paths.

Contemplative Qualitative Inquiry Valerie J Janesick,2016-07-01 Qualitative researchers incorporate the principles of holism, storytelling, ethics, body and mind links, relational focus, and creativity as key features of their practice. So do practitioners of Zen Buddhism. Leading qualitative researcher Valerie J. Janesick describes how qualitative inquiry can be informed and improved through an understanding of Zen principles. She calls for a contemplative qualitative inquiry that draws on the understandings of both East and West. In the book, she-explains how key Zen principles of impermanence, non-self, and nirvana apply to qualitative research projects;-advocates important Zen-based practices of meditation, journaling, and poetic thinking;-presents Zen stories, meditation techniques, and writing exercises to improve research practice.

Assessing Students with Poetry Writing Across Content Areas Sarah J. Donovan,Kim Johnson,Anna J. Small Roseboro,Barbara Edler,Gayle Sands,2025-09-01 Assessing Students with Poetry Writing Across Content Areas reimagines formative assessment by advocating for a dynamic, poetic approach that delves into students' meaning-making processes. It is a guide for teachers seeking innovative approaches to formative assessment, promoting a holistic, creative, reflective, and collaborative learning environment. It challenges the limitations of traditional worksheets and quizzes, urging educators to move beyond seeking restrictive answers and embrace students' texts as pathways to understanding. The authors put forward poetry as a vigorous tool and writing poetry as an act to foster deep learning across content areas. Practical examples of acrostic poems, haiku, and pantoum demonstrate the adaptability of poetic forms to diverse subjects. Through adaptable lesson plans that can be used across history, math, world languages, ELA, and science, the book encourages intentional poetic writing-to-learn activities and explores how poetry might present itself as a short, creative assessment tool

that helps teachers see what their students know and can do while also offering them the space to make new meaning in their original poetry. This book is a key resource for in-service educators teaching grades 6-12.

Find Me as the Creature I Am Emily Jungmin Yoon, 2024-10-22 From one of the sharpest up-and-coming voices in contemporary poetry, a stunning collection that explores our most fundamental instincts, capacity for affection, and the ways in which we resemble the wild Find Me as the Creature I Am is a book full of tenderness and violence, longing and love. Ranging from inherited family tales to meditations on the body to animals' display of love and grief alike, Emily Jungmin Yoon holds up a mirror to humanity to show that we are animal, too. In poems full of wonder and want, she showcases our tendencies to fight or fly, act with affection and cruelty, and ultimately, overflow with life itself. "And when I say we are beasts, / is that a metaphor?" Yoon asks, exploring how we—like language, like any creature—stem from our surroundings. Braiding together reflections about the natural world, family heritage, and adoration, Yoon shows that what passes between us—body to body, generation to generation—is what defines a life. Deeply felt and beautifully crafted, Find Me as the Creature I Am is a rapturous collection by a rising star in the poetry landscape.
