Políticas públicas para enfrentar los riesgos de desastres naturales en Chile Antonia Bordas Coddou, 2007

Los grandes problemas de México. Políticas públicas. T-XIII José Luis Méndez, 2010 A setenta años de su fundación, El Colegio de México publica esta serie de dieciséis volúmenes, titulada Los grandes problemas de México, en la que se analizan los mayores retos de la realidad mexicana contemporánea, con el fin de definir los desafíos que enfrentamos en el siglo XXI y proponer algunas posibles respuestas y estrategias para resolver nuestros problemas como nación. Serie: Los grandes problemas de México. Vol. XIII Políticas públicas, está dividido en cuatro partes, que abordan desde diversos ángulos la naturaleza y capacidad del Estado mexicano para formular e implementar las políticas públicas. La primera trata aspectos del marco institucional de las políticas públicas, como las relaciones entre el Ejecutivo y el Legislativo, la evolución del tamaño y naturaleza del Estado, la planeación y la evaluación. La segunda se enfoca en las políticas de modernización y el estado general de la administración pública federal centralizada. La tercera incluye capítulos sobre algunas organizaciones y políticas en ámbitos nacionales distintos a la burocracia central, esto es, la administración pública federal descentralizada y la sociedad civil. La cuarta y última se refiere al estado de la relación entre las esferas federal, estatal y local y su impacto en las políticas públicas.

Análisis de políticas públicas en Colombia. Enfoques y estudios de caso Javier Pineda Duque, 2023-05-29 Cuando el Cider abrió la Especialización en Estado, Políticas Públicas y Desarrollo, se creó un espacio académico orientado a estudiar y analizar críticamente el papel del Estado y de las políticas públicas en los procesos de desarrollo. La formación en esta área busca capacitar de manera crítica e interdisciplinaria a aquellos profesionales de los sectores público, privado y solidario que están interesados en comprender los procesos de fortalecimiento institucional y de reforma del sector público, así como en el diseño y la implementación de políticas públicas orientadas al desarrollo. Análisis de políticas públicas en Colombia es resultado de un trabajo sistemático en uno de los cursos de este programa: Análisis y Evaluación de Política Pública, de estructura teórico-práctica, que integra distintas teorías o enfoques de análisis y evaluación de política pública con el desarrollo de aplicaciones a políticas de interés o de la práctica profesional de los estudiantes. Los capítulos, con excepción del primero, son producto de trabajos en grupo realizados por los estudiantes de la promoción del segundo semestre del 2015.

Policy Analysis in Mexico Jose Luis Mendez, Mauricio I. Dussauge-Laguna, 2018-03-01 Part of the International Library of Policy Analysis series, this book provides the first detailed examination of the practice of policy analysis in Mexico. Whilst shaped by the legacy of the Mexican state's colonial history as well as by recent social, economic and political developments, the study of policy analysis within Mexico provides important comparative lessons for other countries. Contributors study the nature of policy analysis at different sectors and levels of government as well as by non-governmental actors, such as unions, business, NGOs and the media, promoting the use of evidence-based policy analysis, leading to better policy results. The book is a vital resource for academics and students of policy studies, public management, political science and comparative policy studies.

Género y políticas públicas Silvia López Estrada , 2021-10-20 Las colaboraciones que componen este volumen surgieron a partir de los Diagnósticos sobre Condiciones de Igualdad y Discriminación elaborados como base para la formulación de los Programas de Igualdad de Género y de las Unidades de Igualdad de Género de varias dependencias de la administración pública del gobierno de Nuevo León, a solicitud del Instituto Estatal de las Mujeres de esa entidad. Nuevo León tiene un avance notable en el proceso de armonización legislativa, sin embargo, el proceso de transversalidad de género en la administración pública estatal está en curso, así que el objetivo del presente trabajo no es examinar dicho proceso, pues para ello se requiere que haya pasado algún tiempo. La intención es analizar la igualdad de género como problema público en cada una de las instituciones estudiadas y el estado que guardaba esta condición, tanto en los programas y políticas como en la cultura institucional, antes de la formulación de los programas de igualdad de género, así como dar cuenta de las dificultades y ventanas de oportunidad para llegar a la estrategia de la transversalidad de género en la administración pública de la entidad. Se espera que los aportes de este trabajo sean un referente para el análisis futuro de experiencias similares en otras entidades federativas de México.

Políticas públicas de la Unión Europea ante el despertar económico del gigante chino José Antonio Maiza Larrarte, 2010 Tesis Doctoral / Disertación del año 2010 en el tema Política - Política internacional - Tema: Globalización, economía política, Nota: 9,0, Universidad del País Vasco, Idioma: Español, Resumen: La irrupción de China en el escenario económico internacional y su consolidación como gran potencia representa uno de los principales hechos que se han registrado en la historia económica más reciente. La nueva dimensión económica de la RPC ha modificado sustancialmente

los patrones de comercio e inversión internacional y tiene una repercusión en el juego de alianzas internacionales que trasciende lo meramente económico. En esta Tesis Doctoral se examina la evolución de las políticas públicas diseñadas por la Unión Europea ante el continuo y destacado crecimiento de China desde el inicio de las reformas económicas impulsadas por Deng Xiao Peng en 1978. De este análisis se desprende que las políticas de la Unión hacia la RPC no se ajustan a una estrategia previamente definida, sino que más bien se configuran como un conjunto de decisiones adoptadas de forma reactiva en un entorno caracterizado por el desconcierto causado por la acelerada expansión económica de China. Por otra parte, también se deduce que hablar de políticas públicas de la Unión Europea resulta hasta cierto punto engañoso, ya que con relativa asiduidad los Estados Miembros más influyentes de la UE adoptan decisiones relevantes de forma unilateral, lo que debilita un posicionamiento exterior sólido y claro de la Unión en su conjunto. Asimismo, cabe destacar que se aprecia que las políticas más recientes indican que la Unión ya no contempla tanto a China como un país que plantea principalmente oportunidades y con el que conviene cooperar, sino más bien como un país que representa una amenaza al bienestar económico de la población europea y del que es recomendable protegerse. Este giro hacia políticas más proteccionistas, se concluye, puede poner en peligro la competitividad económica europea a largo plazo.

Políticas públicas en democracia Eduardo Sojo Garza-Aldape, 2006 Este libro busca plasmar el esfuerzo realizado en materia de políticas públicas durante la administración del presidente Vicente Fox Quesada. Es una suerte de testimonial que forma parte del ejercicio de rendición de cuentas, elemento indisoluble de un gobierno democrático. El texto pretende demostrar que la transición democrática es uno de los factores más importantes a tomar en cuenta para entender el diseño e implementación de la política pública en México y en el mundo.

ne en un solo volumen artículos previamente publicados en forma dispersa en diversos libros o revistas. Políticas públicas y agricultura campesina Diego Muñoz Elsner, 2000 En el presente libro se analizan las políticas públicas dirigidas hacia la agricultura campesina en Bolivia con énfasis en la fase posterior al año 1993, partiendo de una investigación llevada a cabo por los autores en el contexto de un estudio internacional. Después de una introducción al contexto histórico de las políticas dirigidas hacia el agro en Bolivia, se describen las reformas realizadas por el gobierno Sánchez de Lozada a partir del año 1993, entre ellas la Ley de Participación Popular y la Ley del Instituto Nacional de Reforma Agraria (Ley INRA).
