Pierluigi Chiassoni

El análisis económico del Derecho Pierluigi Chiassoni,2024-11-04 Esta obra presenta de manera clara y accesible los conceptos fundamentales del análisis económico del derecho, abordando su evolución desde los orígenes hasta su impacto en el razonamiento jurídico actual. A lo largo del libro, el autor recopila y explica los aportes más relevantes de economistas y juristas, ofreciendo una visión integral de este enfoque interdisciplinario. Dirigido a la comunidad jurídica en general, el texto busca facilitar la comprensión de las principales teorías y nociones del Análisis Económico del Derecho, proporcionando una herramienta esencial para abogados, jueces y académicos que deseen aplicar una perspectiva económica en la interpretación y aplicación de las leyes.

Derecho y análisis económico José Ramón Cossío Díaz,2015-09-25 La ubicación del análisis económico en el derecho es uno de los objetivos fundamentales del presente estudio. Una vez establecido cómo suele concebirse el derecho en las órdenes romanistas, se aborda el análisis de los temas económicos necesarios, en referencia a los principales postulados de la teoría económica neoclásica y se concluye con la problemática de éste en el orden jurídico mexicano.

Pay Ger Bergkamp,2006 This guide aims to provide practical tools to non specialists-essentially water resources planners, river basin managers, non-governmental organizations and private sector operators. It links the most recent practice on payments for hydrological services to current discourse on integrated water resources management and looks into the different aspects to consider when exploring the potential feasibility of establishing reward or payments for ecosystem services related to water security. Pay demystifies concepts and jargon, and through a series of tools, case studies and stories from around the world, describes pitfalls to avoid and provides hints to fill gaps in knowledge. It is based on a demand-driven approach, linking text, tools and illustrations to key questions emerging from current and potential practitioners.
