Arizona's Historic and Unique Hotels Dr. Diane Holloway Cheney, 2022-12-01 The criteria for designation as an American Historic Hotel is to be at least fifty-years-old. The first ten hotels are Historic and the next seventeen are notable for unique features. Arizona is a unique state with characteristics not found elsewhere in America or the world. There are beautiful natural wonders such as the Grand Canyon, early Western history is recreated at dude ranches, and there are even historic "treatment" facilities such as the Castle Hot Springs Resort. Historic hotels capture earlier times. This comprehensive guide describes rooms, rates, and amenities. It includes details of movie locations, famous guests, and notable recipes. This history of Arizona includes hotels famous for the "Five C's of Arizona:" Cattle, Citrus, Climate, Copper, Cotton, and even an extra C for Convalescence since doctors prescribed a visit to Arizona as treatment for many ailments. Guests armed with this knowledge can better enjoy their visit to all parts of Arizona.

The Mind of Oswald focuses on the factual evidence of Oswald's life. Reading the words of this infamous man is more illuminating than a dozen volumes of character analysis. The man shines through his own writing. This book fills a definite niche in American history and is long overdue. Morgan Ann Adams The Charlotte Austin Review Ltd. JFK Assassination Aftermath: What Happened to Key Figures 1963-2024. While dozens of books, documentaries, and government reports have illuminated the details of JFK's shocking assassination, this collection has a wide focus, broadening the account to include the effects it has had on members of the Kennedy family into the present day. This unique angle helps the book transcend conspiracy and political drama, revealing the emotional and cultural cascade that began with the death of one man. Self-Publishing Review
Sleep Problems: Food Solutions is history, lore, and valuable advice in a sleep manual that promotes a productive life. Cheney's expansive narrative is loaded with intriguing nuggets about sleep through human history, children and naptime, dreaming, REM cycles, and famous recipes for sleep inducing snacks. Kirkus Reviews, January 2020 Academy Award Winning Movies: 1928-2020 is an entertaining and insightful collection of history, culture, celebrity, and cinema. Of particular interest is a chapter about early movies produced for blacks when they were not welcome in many movie theaters. Self-Publishing Review

Oldest Hotels in English-Speaking Nations Dr. Diane Holloway Cheney, 2025-05-06 The oldest hotels in every state show the history of the United States. Many of our families stem from other countries so that the history of other English-speaking nations is included through their hotels. However, America differed from most other countries because we were in the era of horse transportation. Towns developed a day's ride from the last stopping place for food and drink. Most other countries started with people traveling on foot. Historic events, important people who stayed in these hotels, and exceptional features unlike other hotels are described. History happens when people talk to and act with each other, thus hotels without a gathering place like a restaurant are less likely to have much history. A recipe from each hotel is like a souvenir that can be created later at home. Thus, we solicited recipes from hotel management and were usually successful.
