Encyclopedia of Television Film Directors Jerry Roberts, 2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

The Historical Romance Helen Hughes, 2003-09-02 *The Historical Romance* explores the ways in which romance authors seek to represent our fantasies of life in the past. Examining how the cut-and-thrust swashbucklers of the 1930s gave way to female-orientated romances, Helen Hughes takes a comprehensive look at how romance authors have dealt with the turbulent question of female independence, and how traditional attitudes towards love, marriage and women's sexuality have been approached in more recent texts. Hughes also charts the ways in which the marketing of romance has developed, with

the eventual explosion of the mass market and the blockbusting family sagas of the eighties. The Historical Romance unravels the formulaic and mythical nature of historical romance to provide a fascinating study of this highly popular genre.

Image and Power Sarah Sceats, Gail Cunningham, 2014-09-11 *Image and Power* is an important work of literary and cultural criticism. This collection of essays focuses on some of the major issues addressed by women's writing in the twentieth century, concerning genre, subjectivity and social and cultural expectations, issues which in the past have been regarded from an essentially male perspective. The text introduces women writers whose novels have been widely read and provides an important contribution to the debate about women in literature.

The Weight of Numbers Simon Ings, 2007-12-01 "Like Don DeLillo's *Underworld*, Simon Ings's remarkable new work delivers nothing less than a secret key, a counter-history, of the last sixty years."—Mark Costello, author of *Big If* *The Weight of Numbers* describes the metamorphosis of three people: Anthony Burden, a mathematical genius destroyed by the beauty of numbers; Saul Cogan, transformed from prankster idealist to trafficker in the poor and dispossessed; and Stacey Chavez, ex-teenage celebrity and mediocre performance artist, hungry for fame and starved of love. All are haunted by Nick Jinks, a malevolent curse of a man who seems to be everywhere at once. As a grid of connections emerge between a dusty philosophical society in London and an African revolution, between international container shipping and celebrity-hosted exposés on the problems of the Third World—this novel sends the specters of the Baby Boom's liberal revolutions floating into the unreal estate of globalization and media overload—with a deadly payoff. *The Weight of Numbers* is an artful and deadly novel that traces the secret histories and paranoid fantasies of our culture into a future globalized in ways both liberating and hideous, full of information and empty of meaning. Simon Ings has delivered a storytelling tour de force that will alter some of your most cherished beliefs. "[A] Pynchon-on-speed romp . . . Ings's mad, mad world is held together to the very last page by humor, vivid depictions and a deeply compelling emotional core."—Publishers Weekly "A Scheherazade of a novel, executed with scope, daring, and humor. *The Weight of Numbers* is unerringly well written, and engrossing to the last page."—Lionel Shriver, bestselling author of *We Need to Talk About Kevin*

The Literary Filmography Leonard Mustazza, 2006-05-17 From the very infancy of the film industry, filmmakers have relied heavily upon literature as the foundation for their movie material. Well-known literary works such as Dickens's A Christmas Carol and Hawthorne's The Scarlet Letter were adapted to film in the silent era, as were such books as Thomas Dixon's Jr.'s The Klansman, basis for the film Birth of a Nation. In recent years, Nick Hornsby's About a Boy and each of Helen Fielding's Bridget Jones's Diary novels were the basis for popular movies bearing the same names. A guide to English-language works that have been adapted as theatrical and television films, this volume includes books (both fiction and non-fiction), short stories, newspaper and magazine articles and poems. Entries are arranged alphabetically by literary title with cross-listings for films made under different titles. Each entry includes the original work's title, author, year of first publication, literary prizes, and a brief plot summary. Information on film adaptation(s) of the work, including adaptation titles, director, screenwriter, principal cast and the names of the characters they portray, major awards, and availability in the most common formats (DVD, VHS), is also offered.
