The Pineal Gland: the Eye of God & the Fourth Dimension and the Third Eye Fifth Estate, Incorporated,2025-06-20

Pineal Gland Manly P Hall,2022-03-07 Comprises Chapter XVI of Hall's *Man: The Grand Symbol of the Mysteries*. Scientists refer to the pineal gland as the atrophied third eye. Indeed, it, along with the pituitary, is the third eye chakra or energy center, but are more dormant than atrophied. According to Max Heindel's, in the distant past, man was in touch with the inner worlds through an activated pineal and pituitary gland. Considered the most powerful and highest source of ethereal energy available to humans, the third eye has always been important in initiating psychic powers (e.g. clairvoyance and seeing auras). Manly traces the historical significance of the gland and its spiritual value.

Eye of Horus, Vision of the Gods Ben Van Kerkwyk,2025-11-23 For over five thousand years, one symbol has watched over pharaohs, protected the dead, empowered the living, and defined the very structure of the cosmos in ancient Egypt: the

Eye of Horus. In this sweeping exploration of mythology, astronomy, magic, mathematics, and kingship, **THE EYE OF HORUS: Vision, Restoration, and the Power of Divine Sight** reveals the extraordinary depth behind the world's most iconic symbol. From the violent tearing of Horus's Eye by Seth to its miraculous restoration by Thoth, this book uncovers how a single myth became the foundation for Egyptian concepts of justice, healing, protection, perception, and the restoration of cosmic order. Journey into a civilization where every fracture could be healed, where every wound contained the possibility of renewal, and where the Eye served as the blueprint for both the universe and the human soul. You will discover how the Eye shaped Egyptian mathematics through sacred fractions, guided the dead through the afterlife, empowered kings to rule with divine clarity, and became a universal amulet worn by farmers, priests, artisans, and royalty alike. Drawing on archaeology, natural philosophy, temple inscriptions, funerary spells, and ancient medical practices, this book reveals the Eye not as a simple motif—but as a complete metaphysical system expressing how the Egyptians understood life, death, and the eternal return of order after chaos. Beautifully written and meticulously researched, **THE EYE OF HORUS** is essential reading for anyone captivated by ancient civilizations, Egyptian symbolism, mythology, esotericism, or the search for timeless truths. Whether you are a scholar, a seeker, or a lover of the mysteries of the Nile, this book invites you into a world where sight is power, clarity is sacred, and even what has been broken can be made whole again. Enter the myth. Follow the restoration. And see the world through the Eye that defined a civilization.

Christian Awakening Joellen Saddock, 2022-04-19 Although author Joellen Saddock was raised in a Christian household, she often found herself on the outside of religion looking in. In **Christian Awakening**, she narrates a coming-of-age story about the way she discovered answers to all her tough religious questions. More than anything, her story exemplifies how God's law actively works to multiply desires and assist in creating a life of possibilities. Her story is about man's mountain-moving potential that has, until now, been obscured by religious hypocrites. **Christian Awakening** explores the deeper meanings of the Holy Bible, how it parallels other religions, and shares the message of a loving unity between all of God's people. Saddock prods you to set aside the idea that man begins and ends in the confines of his own skin and suggests a broader perspective of what it means that men—of all religious backgrounds—are “given one spirit to drink” (1 Corinthians 12:13). Through an intense scrutinization of many different biblical translations, interwoven between riveting personal experiences, a new message of religious tolerance emerges. Offering a fascinating perspective on Christ's death, Saddock leaves you at the crossroads of the divine, suggesting the time has come to take each other by the hand and greet the dawn of “a new earth in which righteousness dwells” together as one united people (2 Peter 3:13).

God's Code Maria Johnsen, 2024-05-04 Have you ever felt a nudge, a subtle whisper in your heart, guiding you towards something greater? That's how it started for me—the feeling that I was being called to write this book. It wasn't some grand revelation, just a quiet realization that grew stronger with each passing day. **God's Code: My Journey of Discovery** is the

result of that calling—a journey into the depths of spirituality and the mysteries of existence. In these pages, I'll share my own experiences and insights, hoping they might shed light on your own path. This isn't about preaching or claiming to have all the answers. It's about sharing a journey—a journey of faith, doubt, and ultimately, understanding. Whether you're a seeker, a skeptic, or somewhere in between, my hope is that you'll find something here to resonate with. So, come along on this journey with me. Let's explore the mysteries of the universe together, guided by a sense of wonder and the belief that there's more to this world than meets the eye. I thank God almighty the creator of heaven and earth and all the universe for inspiring me and allowing me to write this book. With gratitude and humility, Maria Johnsen

God and His Children George Hayes,2020-12-30 This book is the result of God's mysterious activities on George Hayes's behalf. George has been beholden to God throughout his life. He continues to return God's love with a second book, resuming the exposition of God and the Western World that divulged the works of God as He spread Christianity worldwide. The focus here is an understanding of mankind's advance to high intelligence and a comparison of man's technologies to God's technologies. God's technologies include dark matter, dark energy, DNA, and RNA. Included in this discussion are more details on the creation and sustenance of the universe. An example of the information discussed is the interplay of dark matter and dark energy just prior to and during the Big Bang.A discussion of the climate change problems we are experiencing is presented, including a list of major cities worldwide that may be submerged by a minimum two-hundred-foot rise in sea level. There is a presentation of changes to Earth as Pangea broke up eventually forming the continents we know, and how life on Earth changed as God affected evolution to bring mammals upon Earth and then manipulated DNA to give rise to modern man. A discussion of mankind's religions is conducted. Important findings in the garden continent of Africa regarding distribution of languages are discussed as well as a finding that may lead to the original language used by God to converse with Adam and Eve as well as used by God to direct dark matter and dark energy when He spoke our universe into existence.In conclusion, firstly, God's works from before the Big Bang until the coming of Jesus Christ is summarized. Secondly, a briefing on God's march through time is displayed as the word of Jesus Christ is spread worldwide. Thirdly, the efforts are listed for avoidance of leaving a badly damaged Earth with our coasts and their infrastructures becoming submerged.There are two distinct audiences for whom George has developed both books. The first is the scientific community. The second audience is the average person living on Earth, and there may be passages that confuse them due to technical detail. You may want to skip those passages, and you can. You will still have an engrossing read. But if you reread them, you may develop a complete understanding of the marvels God Almighty has accomplished to bring Earth's human beings to the status we have reached today.

Man, the Grand Symbol of the Mysteries Manly Palmer Hall, 1947

Anthology of the Biblical Revolution Evolution Series Michael Stansfield, 2020-02-13 As primitive civilization developed, society has established cornerstones in our thought and reasoning. Things we are told repeatedly as fact from birth and are thus believed instinctively. Many of these cornerstones now date back many millennia such as the Bible. The BER Series takes a candid look into the Bible to explore how the theological beliefs within Institutional Religion have affected society in diabolical ways. These books also challenge the church's theological cornerstones to prove that they deviate from the Bible and truly have an obscured understanding of the Divine. Thus, the goal is to bring an overdue debate to organized religion. The hope is to remove the barriers that deny humanity the evolution of our species. No topic is out of bounds. A person could listen to ten lifetimes of sermons and never get even a fraction of the candor of these books. Love them or hate them, you will be unable to put them down and you will never see the World or the Divine the same way again.
