

Becoming An Emotionally Focused Couple Therapist

David Shepard,Michele Harway

Becoming an Emotionally Focused Couple Therapist Susan M. Johnson,James L. Furrow,Brent Bradley,Lorrie Brubacher,Gail Palmer,Kathryn Rheem,Scott Woolley,2013-05-13 An invaluable tool for clinicians and students, *Becoming an Emotionally Focused Therapist: The Workbook* takes the reader on an adventure – the quest to become a competent, confident, and passionate couple and family therapist. In an accessible resource for training and supervision, seven expert therapists lead the reader through the nine essential steps of EFT with explicit intervention strategies. Suitable as a companion volume to *The Practice of Emotionally Focused Couple Therapy*, 2nd Ed. or as a stand-alone learning tool, the workbook provides an easy road-map to mastering the art of EFT with exercises, review sheets and practice models. Unprecedented in its novel and interactive approach, this is a must-have for all therapists searching for lasting and efficient results in couple therapy.

An Emotionally Focused Workbook for Couples Veronica Kallos-Lilly,Jennifer Fitzgerald,2014-08-13 This workbook is intended for use with couples who want to enhance their emotional connection or overcome their relationship distress. It is recommended for use with couples pursuing Emotionally Focused Therapy (EFT). It closely follows the course of treatment and is designed so that clinicians can easily integrate guided reading and reflections into the therapeutic process. The material is presented in a recurring format: Read, Reflect, and Discuss. Readings help couples look at their relationship through an attachment lens, walking them through the step-by-step process of creating a secure relationship bond. 33 Reflections invite readers to engage with the material personally, expanding their own awareness and ability to tune into their partner. Discussion sections suggest relationship-building exercises and a framework for conversations that promote safety, disclosure, and engagement. Case examples, along with informative illustrations, are scattered throughout the book to validate, illustrate, and inspire couples along their journey. Clinicians conversant with EFT can use this workbook to extend the effectiveness of their work with couples by giving them structured tasks to work on between sessions. For clinicians training in EFT, the book can guide them in staying focused on the EFT roadmap and illuminate how important change events unfold.

Becoming an Emotionally Focused Therapist James L. Furrow,Susan M. Johnson,Brent Bradley,Lorrie Brubacher,T. Leanne Campbell,Veronica Kallos-Lilly,Gail Palmer,Kathryn Rheem,Scott Woolley,2022-03-07 This second edition of

Becoming an Emotionally Focused Therapist: The Workbook has been fully revised by expert therapists with advances in attachment science and emotionally focused therapy (EFT) practice, the integration of the EFT Tango—a guide to the EFT process—and new chapters on working with both individuals and families. Suitable as a companion volume to *The Practice of Emotionally Focused Couple Therapy* or as a standalone learning tool, it provides an easy road-map toward mastering the ins and outs of EFT with practice exercises, review questions, and compelling clinical examples. Invaluable for clinicians and students, this workbook takes the reader on an adventure: the quest to become a competent, confident, and passionate emotionally focused therapist.

Becoming an Emotionally Focused Couple Therapist James L. Furrow, Susan M. Johnson, Brent Bradley, Lorrie Brubacher, Gail Palmer, Kathryn Rheem, Scott Woolley, 2013-05-13 An invaluable tool for clinicians and students, *Becoming an Emotionally Focused Therapist: The Workbook* takes the reader on an adventure – the quest to become a competent, confident, and passionate couple and family therapist. In an accessible resource for training and supervision, seven expert therapists lead the reader through the nine essential steps of EFT with explicit intervention strategies. Suitable as a companion volume to *The Practice of Emotionally Focused Couple Therapy*, 2nd Ed. or as a stand-alone learning tool, the workbook provides an easy road-map to mastering the art of EFT with exercises, review sheets and practice models. Unprecedented in its novel and interactive approach, this is a must-have for all therapists searching for lasting and efficient results in couple therapy.

Emotionally Focused Couple Therapy For Dummies Brent Bradley, James Furrow, 2013-07-15 A practical, down-to-earth guide to using the world's most successful approach to couple therapy One of the most successful therapeutic approaches to healing dysfunctional relationships, emotionally focused couple therapy provides clients with powerful insights into how and why they may be suppressing their emotions and teaches them practical ways to deal with those feelings more constructively for improved relationships. Unlike cognitive-behavioural therapy, which provides effective short-term coping skills, emotionally focused therapy often is prescribed as a second-stage treatment for couples with lingering emotional difficulties. *Emotionally Focused Couple Therapy For Dummies* introduces readers to this ground-breaking therapy, offering simple, proven strategies and tools for dealing with problems with bonding, attachment and emotions, the universal cornerstones of healthy relationships. An indispensable resource for readers who would like to manage their relationship problems independently through home study Delivers powerful techniques for dealing with unpleasant emotions, rather than repressing them and for responding constructively to complex relationship issues The perfect introduction to EFT basics for therapists considering expanding their practices to include emotionally focused therapy methods Packed with fascinating and instructive case studies and examples of EFT in action, from the authors' case files Provides valuable guidance on finding, selecting and working with the right EFT certified therapist

The Emotionally Focused Therapist Training Set Susan M. Johnson, Brent A. Bradley, James L. Furrow, Alison Lee, Gail Palmer, Doug Tilley, Scott W. Woolley, 2011-03-24 The Emotionally Focused Therapist Training Set offers two valuable products, *Becoming an Emotionally Focused Couple Therapist: The Workbook* and *The Casebook* at a discount of 10%. Written primarily by Sue Johnson, the originator of Emotionally Focused Therapy (EFT), her Workbook is an accessible resource for training and supervision and contains contributions from seven expert therapists who lead the reader through the nine essential steps of EFT. This interactive Workbook provides an easy road-map to mastering the art of EFT with exercises, review sheets, and practice materials. The Emotionally Focused Casebook, edited by James Furrow, Sue Johnson, and Brent Bradley, picks up where the Workbook leaves off and discusses specialized treatment approaches to a variety of presenting conditions. Appropriate for clinicians, supervisors, students, and scholars, each chapter in this book is unified by a discussion of how attachment processes provide both a resource and a point of intervention in promoting a greater resiliency in the face of physical and psychological challenges. The contributors use a hands-on case study approach to provide concrete guidance and illustrate the application of EFT to couples dealing with issues such as depression, cancer, addiction, and infidelity. Together, these two books represent the most current and complete resource for any reader interested in Emotionally Focused Couple Therapy.

The Practice of Emotionally Focused Couple Therapy Susan M. Johnson, 2019-07-26 Since its original publication in 1996, *The Practice of Emotionally Focused Couple Therapy* has been the definitive guide for couple therapists, supervisors, and students wishing to practice emotionally focused therapy. This cutting-edge third edition addresses recent changes in the field of couple therapy, including updated research results relating to clinical interventions, expanded understandings of emotion regulation, adult attachment and neuroscience, and dynamic EFT applications for a range of issues such as depression, anxiety, sexual disorders, and PTSD. Chapters introduce micro-interventions for use in EFT couple sessions, as well as a systematic presentation of a macro set of interventions called the EFT Tango. Clinical examples are included throughout, bringing the in-session process of change alive, and two case chapters offer in-depth commentaries of Stage 1 and Stage 2 EFT sessions. Written by the leading authority on emotionally focused therapy, this third edition is an essential reference on all aspects of EFT and its uses for mental health professionals in the field of couple and marital therapy.

Stepping into Emotionally Focused Couple Therapy Lorrie L. Brubacher, 2018-03-09 This volume makes Emotionally Focused Couple Therapy (EFT) widely accessible to therapists of different orientations and to therapists in training. It provides clinicians with practical tools, an experiential tour through case examples, and simple guidance to step into EFT. An overview of the change events includes both client processes and therapist interventions moment-to-moment. 'In *Stepping into Emotionally Focused Couple Therapy: Key Ingredients of Change*, each step and stage of EFT is laid out in a practical and theoretically simple manner that extends beyond what therapists need to do, to helping therapists grasp what

experiential therapy is, providing moment-by-moment examples of how to engage clients emotionally, and how to foster emotional engagement between partners.'- From the Foreword by S. Johnson and A. Lee

An Emotionally Focused Couple Therapist Eric Downey, 2017-06-05 An invaluable tool for clinicians and students, *An Emotionally Focused Therapist* takes the reader on an adventure the quest to become a competent, confident, and passionate couple and family therapist. In an accessible resource for training and supervision, seven expert therapists lead the reader through the nine essential steps of EFT with explicit intervention strategies. Suitable as a companion volume to *The Practice of Emotionally Focused Couple Therapy*, or as a stand-alone learning tool, the workbook provides an easy road-map to mastering the art of EFT with exercises, review sheets and practice models. Unprecedented in its novel and interactive approach, this is a must-have for all therapists searching for lasting and efficient results in couple therapy.

The Emotionally Focused Casebook James L. Furrow, Susan M. Johnson, Brent A. Bradley, 2011-05-09 There is currently no single resource that compiles the various applications to the many clinical populations being served by Emotionally Focused Therapy today. The *Emotionally Focused Casebook* fills that void as a substantive reference for clinicians, students, professors, and supervisors using and teaching EFT. Each chapter utilizes a hands-on case study approach with concrete guidelines and illustrations for the adaptation and application of EFT with specific treatment populations. This Casebook is the perfect practical resource for professionals and students looking for examples of specific theoretical, conceptual, and treatment applications of EFT.

Emotionally Focused Therapy for Couples Leslie S. Greenberg, Susan M. Johnson, 1988-10-07 This influential volume provides a comprehensive introduction to emotionally focused therapy (EFT): its theoretical foundations, techniques, and clinical practice. EFT is a structured approach to couple therapy that integrates intrapsychic and interpersonal perspectives to help couples create new, more satisfying interactional patterns. Since the original publication of this book, EFT has been implemented and tested with growing numbers of couples in a wide range of settings. The authors, who codeveloped the approach, illuminate the power of emotional experience in relationships and in the process of therapeutic change. The book is richly illustrated with case examples and session transcripts.

Emotionally Focused Couple Therapy with Trauma Survivors Susan M. Johnson, 2011-11-03 This book provides a theoretical framework and a practical model of intervention for distressed couples whose relationships are affected by the echoes of trauma. Combining attachment theory, trauma research, and emotionally focused therapeutic techniques, Susan M. Johnson guides the clinician in modifying the interactional patterns that maintain traumatic stress and fostering positive, healing relationships among survivors and their partners. In-depth case material brings to life the process of assessment and treatment with couples coping with the impact of different kinds of trauma, including childhood abuse, serious illness, and combat experiences. The concluding chapter features valuable advice on therapist self-care.

Stepping Into Emotionally Focused Therapy Lorrie L. Brubacher, 2024 This accessible, practical, and thoroughly updated second edition introduces and presents how emotionally focused therapy can be used effectively across all three modalities, couple, family, and individual therapy, with clients from a diversity of backgrounds. Responding to critical updates in the field, this second edition once again follows Emily, an EFT therapist, to demonstrate how EFT can be used in practice. With updated references, research, and terminology throughout, this new edition reflects recent theoretical and practical updates by refocusing the model toward therapist interventions, such as the EFT Tango, rather than the client change events, making it more accessible for readers to learn. It addresses the current need to integrate explicit socio-cultural sensitivity into EFT by including diverse case studies, explicit discussion of how the model can be applied with a diversity of clients, and how EFT therapists can integrate cultural sensitivity and attunement across multiple and diverse identities, such as race, gender, sexual orientation, disabilities, neurotypicality, class, and religion. It can also be used alongside a practical new workbook, *Workouts for Stepping into Emotionally Focused Therapy*, providing therapists with all the tools needed to confidently integrate this approach into their practice. This book is an essential read for all marriage and family therapists in practice and in training as well as counselors who are looking to use EFT with couples, families, and individuals.

Engaging Men in Couples Therapy David Shepard, Michele Harway, 2012-03-15 This book will help practitioners overcome one of the leading challenges in couples therapy: working effectively with the male partner. Men have unique needs and psychological issues that many clinicians may not recognize or know how to address. This volume presents chapters by the leading practitioners associated with current therapeutic models, including Emotionally Focused Couple Therapy, Imago Relationship Therapy, Integrated Behavioral Couple Therapy, and more. Using in-depth case examples, they demonstrate how their approaches can be adapted to be male-sensitive and respond to the ambivalence so many men experience about couples work. Special topics are also addressed, including infidelity, cultural diversity, working with veterans, and fathering issues. This book will enrich therapists' work with couples, making treatment a welcoming experience for both partners and the treatment process more gratifying for the therapist.

Emotionally Focused Therapy with African American Couples Paul Guillory, 2021-08-09 Emotionally Focused Therapy with African American Couples: Love Heals is an essential guide that integrates emotionally focused therapy (EFT) with cultural humility. It provides a pathbreaking, evidence-based model of couples work that reinforces the bond between partners in the face of race-based distress. Guillory explores and brings a deep understanding of the legacy of racial trauma, and the cultural strengths of African American couples by using real-life case studies. The chapters in the book focus on several key clinical issues in the field, such as communication problems, anxiety, infidelity, depression, and porn. Each case study is enhanced by a consultation with EFT master therapist Sue Johnson. The book is an essential text for students and

mental health professionals looking to provide culturally competent therapeutic interventions. It will also appeal to psychologists, mental health workers, social workers, marriage and family therapists, and religious leaders.

Theories of Counseling and Psychotherapy Linda Seligman, Lourie W. Reichenberg, 2010 'Theories of Counseling and Psychotherapy' categorises theories by their focus (background; emotions and sensations; thoughts; or actions). This structure helps students better understand similarities and differences among theories and provides an overarching framework that other texts lack.

Emotion-focused Couples Therapy Leslie S. Greenberg, Rhonda N. Goldman, 2008 In *Emotion-Focused Couples Therapy: The Dynamics of Emotion, Love, and Power*, authors Leslie S. Greenberg and Rhonda N. Goldman explore the foundations of emotionally focused therapy for couples. They expand its framework to focus more intently on the development of the self and the relationship system through the promotion of self-soothing and other-soothing; to deal with unmet needs both from the client's adulthood and childhood; and to work more explicitly with emotions, specifically fear, anxiety, shame, power, joy, and love. The authors discuss the affect regulation involved in three major motivational systems central to couples therapy - attachment, identity, and attraction and clarify emotions and motivations in the dominance dimension of couples' interactions. Written with practitioners and graduate students in mind, the authors use a rich variety of case material to demonstrate how working with emotions can facilitate change in couples and, by extension, in all situations where people may be in emotional conflict with others. Greenberg and Goldman provide the tools needed to identify specific emotions and show the reader how to work with them to resolve conflict and promote bonding in couples therapy.

Attachment Theory in Practice Susan M. Johnson, 2018-11-30 Drawing on cutting-edge research on adult attachment--and providing an innovative roadmap for clinical practice--Susan M. Johnson argues that psychotherapy is most effective when it focuses on the healing power of emotional connection. The primary developer of emotionally focused therapy (EFT) for couples, Johnson now extends her attachment-based approach to individuals and families. The volume shows how EFT aligns perfectly with attachment theory as it provides proven techniques for treating anxiety, depression, and relationship problems. Each modality (individual, couple, and family therapy) is covered in paired chapters that respectively introduce key concepts and present an in-depth case example. Special features include instructive end-of-chapter exercises and reflection questions.

Handbook of Attachment, Second Edition Jude Cassidy, Phillip R. Shaver, 2008-08-20 This comprehensive work is more than just the standard reference on attachment theory and research - it has helped to define and shape this rapidly growing field.--Inside jacket.

Emotion Regulation in Couples and Families Douglas K. Snyder, Jeffry A. Simpson, Jan N. Hughes, 2006 This is an edited book that addresses critical theoretical and methodological issues in the rapidly advancing field of emotion regulation. It

presents empirical findings linking emotion regulation to individual and relationship functioning across the life span, while providing implications for clinical intervention, public policy, and future research. Contributors - who are nationally and internationally recognized for their expertise in social, developmental, and clinical disciplines - offer diverse perspectives on the role of emotion regulation processes in dysfunction and health. In addition to advancing the latest empirical developments, this volume will also be a prime resource for graduate students and practitioners working with children, couples, and families for whom emotion regulation difficulties are targets of clinical intervention.

Thank you very much for reading **Becoming An Emotionally Focused Couple Therapist**. Maybe you have knowledge that, people have search numerous times for their chosen books like this Becoming An Emotionally Focused Couple Therapist, but end up in malicious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they juggled with some malicious bugs inside their computer.
