

Concepto De Manos Libres

María del Mar Moreno Mozos

La Desmoralización de la Medicina - En Busca del Concepto Jonathan A. Georgalis, 2023-11-13 - Principales temáticas: FILOSOFÍA Y MEDICINA · SI TE INTERESA El Humanismo · La definición del hombre · Ortega y Gasset · La relación entre medicina, filosofía y religión · La ética · La relación médico-paciente · La filosofía antigua · Los orígenes de la medicina · La cuestión del dolor · La crítica social · La figura de Sócrates · El Platonismo · El tema de la vocación · La lógica del concepto · La tradición médica argentina... ¡TENÉS QUE LEER ESTE LIBRO! La presente obra de Jonathan Georgalis (Licenciado en Filosofía por la Universidad de Buenos Aires y ex miembro del Comité de Bioética del Hospital “Pedro de Elizalde” en la misma ciudad) se compone de dos opúsculos complementarios. El primero de ellos, “La desmoralización de la medicina”, publicado por primera vez a fines de aquel “año bisagra” que fue el 2020, se presenta aquí bajo una nueva edición ampliada y revisada. Con perspicacia lógica y una agudeza intelectual “quirúrgica”, el autor nos introduce en las profundidades de un contexto enmarañado y un universo confuso, arribando a un exacto diagnóstico social de la actualidad que hoy nos toca transitar. Apoyado en el pensamiento de grandes y auténticos filósofos (como Ortega y Gasset o el Dr. Osvaldo Loudet), analiza la situación vital de un área disciplinar arquetípica. Es así como se deja ver que el mal en que actualmente vive la medicina, esta crisis sanitaria que afecta a la salud pública, condensa en realidad el drama de un todo mucho más vasto, donde nada parece estar en su sitio y se echa en falta la presencia del antiguo Humanismo. Por su parte, el contenido crítico de este primer texto encuentra luego su faz constructiva complementaria en la segunda parte del libro, que nos invita a reconfigurar lo que se había impugnado. Y es que “En busca del concepto” se aboca, lógicamente, a la gran tarea de reconstruir frente a nuestros ojos, y tomando como base material a los hitos que marcaron las instancias más significativas de su desarrollo histórico, el concepto de “la medicina”. Sumergiéndonos en un recorrido apasionante por los orígenes mismos de esta disciplina, revisando aquellos primeros métodos de diagnóstico utilizados en el Antiguo Egipto o la Antigua Grecia así como en la India, para llegar a conocer la esencia de aquel prístino fondo común del que pronto emergerían la Medicina, la Religión y la Filosofía como las tres formas paradigmáticas de enfrentar el dolor. Con un estilo claro, profundo, sugestivo —e incluso a veces visionario—, los dos opúsculos que tiene ante sí ayudarán al lector a comprender efectivamente la realidad y a aproximarse, posiblemente, a alguna región ignorada, pero no por ello menos importante, de sí mismo.

Migraciones y políticas migratorias Maguemati Wabgou, 2023-06-13 En este libro se propone aprehender el fenómeno

migratorio y sus transformaciones en el actual sistema internacional, y afianzar la complejidad de las migraciones, teniendo en cuenta las complejidades del proceso de movilidad humana desde una perspectiva teórica, empírica y comparada. Esta postura permite a las autoras y los autores de los capítulos del libro abordar distintos temas relacionados con los flujos migratorios y la integración social, económica, política y cultural; las migraciones y las políticas migratorias; el derecho migratorio y el acceso a derechos, y la situación de los niños, niñas y adolescentes migrantes y refugiados. Así mismo, el contenido del libro se posiciona como una excelente herramienta de conocimiento de distintas dimensiones del fenómeno migratorio para el gran público, la academia, las maestras y maestros, las investigadoras e investigadores con interés en la problemática de las migraciones internas e internacionales.

La problemática iusfilosófica de la obediencia al derecho y la justificación constitucional de la desobediencia civil Oscar Mejía Quintana,2001 El positivismo y la problemática iusfilosófica contemporánea de la obediencia al derecho - La problemática del pensamiento sociológico y la consolidación del paradigma autopoiético - La radicación del positivismo en el paradigma autopoiético del derecho y la política - La crítica al positivismo del paradigma consensual discursivo del derecho y la política - El paradigma consensual-discursivo y la problemática contemporánea de la desobediencia civil - Tribunal constitucional y desobediencia civil en el marco del paradigma consensual-discursivo.

Pueblo y casa de Dios en la doctrina de san Agustín sobre la Iglesia Joseph Ratzinger (Benedicto XVI),2012-07-01 El concepto de pueblo de Dios en la eclesiología de Agustín de Hipona es el concepto central de este libro, redactado como tesis doctoral por Joseph Ratzinger y que supuso su brillante entrada en el mundo de la investigación teológica. En relación con ese tema, el libro aborda también otras cuestiones: el problema del Antiguo Testamento, el de la relación entre derecho y sacramento, y la relación entre el cristianismo, el estado pagano y el paganismo como tal. En palabras del propio Ratzinger: «En la primera parte trata el doble apriori en el concepto de Iglesia agustiniano: su propia filosofía y la teología africana. En la segunda, se desarrolla el concepto de Iglesia propiamente, y no sólo en su aspecto dogmático, en lucha contra el donatismo, sino igualmente también desde la perspectiva apologética, en lucha contra el paganismo». Es este un estudio que no solo ha marcado una etapa en la investigación sobre el santo de Hipona, sino que también desarrolla algunas afirmaciones que se insertan con plena actualidad en el debate teológico postconciliar sobre el concepto de Iglesia. Un libro esencial para conocer el pensamiento sobre la Iglesia de quien hoy, bajo el nombre de Benedicto XVI, tiene la tarea de dirigir esa misma Iglesia.

El Libro Esencial para Madres Lactantes Kathleen Huggins, 2010-09-17 The best-selling classic and go-to guide to breastfeeding by Kathleen Huggins, RN in Spanish. Aunque la lactancia es un proceso natural por antonomasia, no resulta del todo intuitivo para las madres o los bebés. La edición del 25 aniversario de este libro clásico es aún más completa que las anteriores. Contiene Guías de cuidados para la solución de dificultades, un nuevo capítulo dedicado exclusivamente a los extractores de leche y la extracción, nuevas tablas de crecimiento, específicamente para bebés amamantados, y un apéndice actualizado sobre la seguridad de distintos medicamentos durante la lactancia. Empezando con la preparación durante el embarazo hasta llegar al destete, El libro esencial para madres lactantes te enseñará todo lo que necesita saber sobre cómo amamantar a tu bebé.

Perspectivas actuales en la aplicación del derecho María del Carmen Barranco Avilés, Óscar Celador Angón, Félix Vacas Fernández, 2015-01-30 El presente volumen recoge las intervenciones del Tercer Seminario Internacional Permanente del Departamento de Derecho Internacional, Eclesiástico y Filosofía del Derecho de la Universidad Carlos III de Madrid, celebrado a lo largo del curso académico 2011-12. Las Perspectivas actuales en la aplicación del Derecho fue la temática elegida como objeto del seminario, al tratarse de una problemática de gran actualidad y expresión de los problemas que existen en la sociedad del siglo XXI. Con este objetivo, se organizaron tres jornadas científicas diferentes sobre tres asuntos clave para conocer adecuadamente cuáles son las perspectivas y problemas actuales con los que se encuentra el jurista a la hora de aplicar o interpretar el Derecho: la primera sesión se dedicó a la aplicación del Derecho por los tribunales de justicia; la segunda, al análisis de la eficacia que tienen en nuestro ordenamiento jurídico las normas provenientes de otros ordenamientos jurídicos, y la última sesión se centró en analizar las cuestiones relativas a la aplicación del Derecho europeo. De esta manera, con el título genérico de Perspectivas actuales en la aplicación del Derecho, el III volumen de la colección Gregorio Peces-Barba presenta un estudio de carácter interdisciplinar sobre problemas de elevada trascendencia y actualidad jurídica.
