

Deliverance Protocols And Ethics

RS Peters

Deliverance Protocols & Ethics Jennifer LeClaire, 2021-06-10 Written by International Society of Deliverance Ministers member and former Charisma magazine editor, Deliverance Protocols & Ethics is full of guidelines and practical wisdom that, when practiced, will ensure deliverance ministers and teams flow accurately and safely. A new breed of deliverance ministers is rising, but many have had no training navigating the issues that arise in this vital ministry. Deliverance Protocols & Ethics offers an A-to-Z handbook to establish a deliverance ministry in a way that assures safe, effective and lasting freedom. This book offers 98 deliverance protocols and ethics, with scriptural guidance and biblical insight that helps you avoid mistakes, deal with stubborn demons, and create an atmosphere where clients are comfortable and deliverance ministers can work together in unity to set the captives free. There are also appendixes with deliverance ministry-specific forms to help you get started.

They Flew Carlos M. N. Eire, 2023-08-29 An award-winning historian's examination of impossible events at the dawn of modernity and of their enduring significance Accounts of seemingly impossible phenomena abounded in the early modern era--tales of levitation, bilocation, and witchcraft--even as skepticism, atheism, and empirical science were starting to supplant religious belief in the paranormal. In this book, Carlos Eire explores how a culture increasingly devoted to scientific thinking grappled with events deemed impossible by its leading intellectuals. Eire observes how levitating saints and flying witches were as essential a component of early modern life as the religious turmoil of the age, and as much a part of history as Newton's scientific discoveries. Relying on an array of firsthand accounts, and focusing on exceptionally impossible cases involving levitation, bilocation, witchcraft, and demonic possession, Eire challenges established assumptions about the redrawing of boundaries between the natural and supernatural that marked the transition to modernity. Using as his case studies stories about St. Teresa of Avila, St. Joseph of Cupertino, the Venerable María de Ágreda, and three disgraced nuns, Eire challenges readers to imagine a world animated by a different understanding of reality and of the supernatural's relationship with the natural world. The questions he explores--such as why and how impossibility is determined by cultural contexts, and whether there is more to reality than meets the eye or can be observed by science--have resonance and lessons for our time.

The Future Jew Michael Carin, 2001 Views the Holocaust as a pivotal event in history and concludes that God does not

exist. Argues for a secular humanistic Judaism of the future Jew. Holocaust memory is central to this vision, which aims at preventing another holocaust or any other genocide. Presents an example of a Holocaust seder and stresses that every day should be Holocaust Day. States that antisemitism is a constant in history and, despite the utopian rationality- and science-based humanism espoused, expresses a commitment to cut off the hands of any antisemitism that threatens before it can harm the Jews. This combination of humanism and perpetual memorializing of the Holocaust is seen as giving some redemptive meaning to the Holocaust. Much attention is paid to arguing that God's failure to save the Jews proves His non-existence.

Subject Guide to Books in Print ,1983

Living Karma Beverley Foulks McGuire,2014-08-26 Ouyi Zhixu (1599–1655) was an eminent Chinese Buddhist monk who, contrary to his contemporaries, believed karma could be changed. Through vows, divination, repentance rituals, and ascetic acts such as burning and blood writing, he sought to alter what others understood as inevitable and inescapable. Drawing attention to Ouyi's unique reshaping of religious practice, *Living Karma* reasserts the significance of an overlooked individual in the modern development of Chinese Buddhism. While Buddhist studies scholarship tends to privilege textual analysis, *Living Karma* promotes a balanced study of ritual practice and writing, treating Ouyi's texts as ritual objects and his reading and writing as religious acts. Each chapter addresses a specific religious practice—writing, divination, repentance, vows, and bodily rituals—offering first a diachronic overview of each practice within the history of Chinese Buddhism and then a synchronic analysis of each phenomenon through close readings of Ouyi's work. This book sheds much-needed light on a little-known figure and his representation of karma, which proved to be a seminal innovation in the religious thought of late imperial China.

The Popular Encyclopedia of Apologetics Ed Hindson,Ergun Caner,2008-05-01 The perfect combination of scholarship and accessible presentation for Christians who desire to know how to better understand and defend their faith. Bestselling authors Ed Hindson and Ergun Caner have brought together a who's who of apologetic experts—including Lee Strobel, Norm Geisler, Josh McDowell, and John Ankerberg—to produce a resource that's both easy to understand and comprehensive in scope. Every entry provides a biblical perspective and mentions the key essentials that believers need to know about a wide variety of apologetic concerns, including... issues concerning God, Christ, and the Bible scientific and historical controversies ethical matters (genetic engineering, homosexuality, ecology, feminism) a Christian response to world religions and cults a Christian response to the major worldviews and philosophies of our day Included with each entry are practical applications for approaching or defending the issue at hand, along with recommendations for additional reading on the subject.
