Eastern Christianity and Politics in the Twenty-First Century Lucian N. Leustean, 2014-05-30 This book provides an up-to-date, comprehensive overview of Eastern Christian churches in Europe, the Middle East, America, Africa, Asia and Australia. Written by leading international scholars in the field, it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day. The book offers a unique insight into the myriad church-state relations in Eastern Christianity and tackles contemporary concerns, opportunities and challenges, such as religious revival after the fall of communism; churches and democracy; relations between Orthodox, Catholic and Greek Catholic churches; religious education and monastic life; the size and structure of congregations; and the impact of migration, secularisation and globalisation on Eastern Christianity in the twenty-first century.

A Survey of the History of Global Christianity, Second Edition Mark Nickens,2020-12-15 Since Jesus's resurrection, Christianity has expanded across the globe and shaped a vast array of groups and movements. A Survey of the History of Global Christianity, Second Edition, provides an overview of the Christian faith from the apostolic age to the global present. In a friendly and informative tone, author Mark Nickens outlines the historical context of important developments in doctrine and practice, including: o the persecution and resilience of the early church o the results of increasing papal power in Europe during the Middle Ages o the Reformation and later movements that influenced European Christianity o the various sects of American Christianity that arose in cycles of revival o an examination of Orthodoxy and the history of Christianity in Asia, Africa, Latin America, and the West Indies. In addition to historical information, this book features quotes and spiritual lessons from noteworthy Christians throughout the centuries. By understanding how Christian doctrine has developed over the ages and across the globe, readers will better understand where their own faith tradition comes from.

Middle East Christianity Stephan Stetter,Mitra Moussa Nabo,2020-01-31 Drawing from theories of world society and from historical-sociological theories the book studies the past, present, and future of Middle East Christianity. It focuses on the interplay between local practices and post-colonial entanglements in global modernity. The chapters of this book engage, inspired by these theories, key empirical dynamics that affect Middle East Christianity. This includes a historical overview on the history of Christians in the region, the relationship between Islam and Christianity, as well as case studies on the Maronites in Lebanon, Egypt's Copts, the role of Protestant missionaries in the 19th century, processes of individualization amongst Middle East Christians, as well as papal diplomacy in the region.
