## Edgar Allan Poe

*The Philosophy of Composition* Edgar Allan Poe, 2021-11-16 *The Philosophy of Composition* (1846) is an essay by Edgar Allan Poe. Recognized as a foundational figure of nineteenth century fiction, Poe has inspired generations of readers and writers with his craftsmanship and taste for tragedy and terror. His brief but meteoric career shaped the trajectory of American literature forever, forming a legacy without which science fiction, horror, and detective writing would surely be shells of themselves. Published only three years before his untimely death, the essay appeared in an April 1846 issue of *Graham's American Monthly Magazine of Literature and Art*, whose editor had previously made the mistake of turning down "The Raven." Both influential and controversial, Poe's essay on craft was intended as a dismissal of the myth of spontaneous art, arguing instead that a true artist depends upon attention to detail and adherence to a logical creative process. Using his own poetic masterpiece as an example, Poe claims that the writer must maintain "unity of effect" throughout the work in order to inspire the intended emotional response in the reader. Once this element has been set in place, the writer may proceed with the more technical aspects of composition, such as characters, setting, and plot. Although Poe's essay drew the ire of Anglo-American poet T. S. Eliot, it was immensely popular among Poe's Francophone audience and served as inspiration for such artists as Maurice Ravel and Charles Baudelaire. With a beautifully designed cover and professionally typeset manuscript, this edition of Edgar Allan Poe's *The Philosophy of Composition* is a classic of American literature reimagined for modern readers.

comparative literature.

**The Modern Stephen King Canon** Patrick McAleer, Philip L. Simpson, 2018-11-29 The Modern Stephen King Canon: Beyond Horror is a collection of essays focused on the more recent writings of Stephen King, including *Revival*, 11/22/63, and a selection of short stories by the “Master of the Macabre.” The authors write about King works that have received little critical attention and aim to open up doorways of analysis and insight that will help readers gain a stronger appreciation for the depth and detail within King’s fiction. Indeed, while King is often relegated to the role of a genre writer (horror), the essays in this collection consider the merits of King’s writing beyond the basics of horror for which he is primarily known. Recommended for scholars of literature, horror, and popular culture.

Experience and Experimental Writing Paul Grimstad, 2013-08-15 The book traces connections between the literary experiments of Emerson, Poe, Melville, and Henry James, and the emergence of classical American pragmatism.

**The Heraldic World of Lawrence Durrell** Bruce Redwine, 2022-03-02 Lawrence Durrell’s position as one of the twentieth century’s leading novelists is continually being enlarged and revised. This book presents unusual and unorthodox explorations of Alexandria, the city at the heart of Durrell’s writing, his family relationships, his biographer Michael Haag, and his affinity with such diverse writers as Rilke and Virgil. In particular, it offers an insight into Durrell’s emotions and sensibilities in elaborating his Sicilian Carousell and a penetrating and totally unique reading of Durrell’s Alexandria Quartet in the light of the art and landscape of ancient Egypt.

*Against Creative Writing* Andrew Cowan, 2022-09-13 The rise of Creative Writing has been accompanied from the start by two questions: can it be taught, and should it be taught? This scepticism is sometimes shared even by those who teach it, who often find themselves split between two contradictory identities: the artistic and the academic. *Against Creative Writing* explores the difference between ‘writing’, which is what writers do, and Creative Writing, which is the instrumentalisation of what writers do. Beginning with the question of whether writing can or ought to be taught, it looks in turn at the justifications for BA, MA, and PhD courses, and concludes with the divided role of the writer who teaches. It argues in favour of Creative Writing as a form of hands-on literary education at undergraduate level and a form of literary apprenticeship at graduate level, especially in widening access to new voices. It argues against those forms of Creative Writing that lose sight of literary values – as seen in the proliferation of curricular couplings with non-literary subjects, or the increasing emphasis on developing skills for future employment. *Against Creative Writing*, written by a writer, is addressed to other writers, inside or outside the academy, at undergraduate or graduate level, whether ‘creative’ or ‘critical’.

**Translated Poe** Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few, if any, U.S. writers are as important to the history of world literature as Edgar Allan Poe, and few, if any, U.S. authors owe so much of their current reputations to the process of translation. *Translated Poe* brings together 31 essays from 19 different national/literary traditions to demonstrate

Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world—translation. Translated Poe is not preoccupied with judging the “quality” of any given Poe translation nor with assessing what a specific translation of Poe must or should have done. Rather, the volume demonstrates how Poe's translations constitute multiple contextual interpretations, testifying to how this prolific author continues to help us read ourselves and the world(s) we live in. The examples of how Poe's works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language. This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies, dealing with the products, functions, and processes of translation as both a cognitive and socially regulated activity. Both literary history and the history of translation benefit from this book's focus on Poe, whose translated fortune has helped to shape literary modernity, in many cases importantly redefining the target literary systems. Furthermore, we envision this book as a fountain of resources for future Poe scholars from various global sites, including the United States, since the cases of Poe's translations—both exceptional and paradigmatic—prove that they are also levers that force the reassessment of the source text in its native literature.

Teaching short stories in the EFL-Classroom Berenice Walther, 2008-02-29 Seminar paper from the year 2007 in the subject American Studies - Literature, grade: 1,3, University of Münster, course: Teaching Short Stories in the EFL-Classroom, language: English, abstract: The short story has its origins in traditional oral storytelling. Many of the world's greatest literary classics such as *El Cid*, *La Chanson de Roland*, *Beowulf* or the *Odyssey* were originally orally transmitted. In most cases, the story has undergone many modifications in the course of the telling processes; still they are today's primary testimonies for language, history, culture and people of the past. They were told in rhyming and therefore functioned as a mnemonic device for easier recall. In Europe, the short story began to evolve from oral storytelling in the early 14th century with Chaucer's *Canterbury Tales* and Boccaccio's *Decamerone*, books consisting of individual short stories within a larger frame story. Only in the 19th century, modern short stories began to be considered a proper genre. Print magazines represented a strong market for short fiction, theories related to this began to surge, as for example, Edgar Allan Poe's *The Philosophy of Composition*. Nowadays, the number of commercial magazines publishing short stories has decreased but they appear to have found their place in online publications. Today, reading has become a minor activity in people's lives with globalisation, technological progress and a fast-growing media industry. In schools, pupil's interest is increasingly difficult to stimulate, especially when it comes to literature in the English Second Language classroom. Students are used to fast information input without necessarily having to become active themselves, they lose concentration easily when the learning process takes too long or they lose patience when they do not understand right away. The use of short stories in the English

Foreign Language classroom is one possibility to respond to this problem teachers of foreign languages have to face. Therefore, this paper is going to define the genre of the short story as such to create a basis for the following presentation of the benefits of short stories for the North Rhine-Westphalian English Language Classroom. In the next step, the curricula and guidelines are taken into consideration in order to develop some ideas on how to implement *The Machine that Won the War* by Isaac Asimov in class. These will be integrated into a lesson plan with several activities around the story. There are several theoretical works dealing with the lecture of short stories, starting with Poe's work mentioned above, Allen Walter's *The Short Story in English*, Charles E. May's *The Short Story - The Reality Artifice* or Frank Myszor's *The Modern Short Story*. Some articles have been written e.g., by Rüdiger Ahrens *Die bisherige Rolle der Short Story im Englischunterricht der Sekundarstufe II*, dealing with the use of short stories as a way of teaching literature. Most has certainly been written about didactics of English in German classrooms such as Wolfgang Gehring's *Englische Fachdidaktik Eine Einführung*, *Englisch lernen und lehren*, *Didaktik des Englischunterrichts* by Johannes - P. Timm or Egon Werlich's *Praktische Methodik des Fremdsprachenunterrichts mit authentischen Texten*.

*The Raven and the Philosophy of Composition* Edgar Allan Poe, 2018-03-23 *The Raven and The Philosophy of Composition* is an 1846 essay written by American writer Edgar Allan Poe that elucidates a theory about how good writers write when they write well. He concludes that length, unity of effect and a logical method are important considerations for good writing. He also makes the assertion that the death... of a beautiful woman is unquestionably the most poetical topic in the world. Poe uses the composition of his own poem *The Raven* as an example. The essay first appeared in the April 1846 issue of *Graham's Magazine*. It is uncertain if it is an authentic portrayal of Poe's own method. Generally, the essay introduces three of Poe's theories regarding literature. The author recounts this idealized process by which he says he wrote his most famous poem, *The Raven* to illustrate the theory, which is in deliberate contrast to the spontaneous creation explanation put forth, for example, by Coleridge as an explanation for his poem *Kubla Khan*. Poe's explanation of the process of writing is so rigidly

logical, however, that some have suggested the essay was meant as a satire or hoax. The three central elements of Poe's philosophy of composition are: Poe believed that all literary works should be short. There is, he writes, a distinct limit... to all works of literary art - the limit of a single sitting. He especially emphasized this rule with regards to poetry, but also noted that the short story is superior to the novel for this reason. Poe dismissed the notion of artistic intuition and argued that writing is methodical and analytical, not spontaneous. He writes that no other author has yet admitted this because most writers would positively shudder at letting the public take a peep behind the scenes... at the fully matured fancies discarded in despair... at the cautious selections and rejections. In the essay, Poe traces the logical progression of his creation of *The Raven* as an attempt to compose a poem that should suit at once the popular and the critical taste. . Author Edgar Allan Poe (/poo/; born Edgar Poe; January 19, 1809 - October 7, 1849) was an American writer, editor, and literary critic. Poe is best known for his poetry and short stories, particularly his tales of mystery and the macabre. as a central figure of Romanticism in the United States and American literature as a whole, and he was one of the country's earliest practitioners of the short story. Poe is generally considered the inventor of the detective fiction genre and is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Poe was born in Boston, the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan of Richmond, Virginia. They never formally adopted him, but Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for but left after a year due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time that his publishing career began, albeit humbly, with the anonymous collection *Tamerlane and Other Poems* (1827), credited only to a Bostonian. With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. However, Poe later failed as an officer cadet at West Point, declaring a firm wish to be a poet and writer, and he ultimately parted ways with John Allan.

Did Poe compose his *Raven* exactly that way or are there clues that Poe couldn't cope with his own ideas?

**Judith Ortiz Cofer in the Classroom** Carol Jago, 2006 Carol Jago offers ways to teach the works of Judith Ortiz Cofer in the high school English classroom. In an era of increasing emphasis on standardized testing, it can be difficult to add the works of new authors to the high school English curriculum. But what if reading the poetry and fiction of Judith Ortiz Cofer, or the writing of other multicultural authors, engaged your students in such deep reading and writing that their scores went through the roof? In this practical guide, Carol Jago argues that the curriculum should embrace all kinds of literature because such a curriculum keeps students both engaged and challenged. The writing of Puerto Rican American poet, essayist, and novelist Judith Ortiz Cofer appeals to students of all ethnicities because it speaks to a universal effort to balance the demands of self, home, and broader culture. This short, readable, and practical guide to teaching her work includes several of Cofer's poems; many examples of student writing, some modeled on Cofer's poetry and some in response to her fiction; guidance on standards-based literary analysis; a rubric for evaluating the reflective essay; and an interview with Cofer by Renée Shea. Writing like Cofer's, which reflects students' lives no matter what their primary culture, draws adolescents into literature and pushes them outside the zone of minimal effort, as they more willingly develop their reading,

writing, and critical thinking skills.
