Helen in Egypt Hilda Doolittle, 1974 The fabulous beauty of Helen of Troy is legendary. But some say that Helen was never in Troy, that she had been conveyed by Zeus to Egypt, and that Greeks and Trojans alike fought for an illusion. A fifty-line fragment by the poet Stesichorus of Sicily (c. 640-555 B.C.), what survives of his Pallinode, tells us almost all we know of this other Helen, and from it H. D. wove her book-length poem. Yet *Helen in Egypt* is not a simple retelling of the Egyptian legend but a recreation of the many myths surrounding Helen, Paris, Achilles, Theseus, and other figures of Greek tradition, fused with the mysteries of Egyptian hermeticism.

Women Intellectuals, Modernism, and Difference Alice Gambrell, 1997-07-03 How do gender and race become objects of intellectual inquiry? What happens to marginal discourses when they participate in the academic processes of scrutiny and evaluation? In *Women Intellectuals, Modernism, and Difference*, Alice Gambrell examines the careers of a group of women intellectuals - Leonora Carrington, Ella Deloria, H. D., Zora Neale Hurston, and Frida Kahlo - whose scholarly rediscovery coincided with the rise of feminist and minority discourse studies in the academy. She examines the exhibitions, memoirs, poems, ethnographies, and personal correspondences these women produced, combining concrete local observation with contemporary theoretical perspectives on race and gender. Through a mixture of empirical detail and theoretical speculation, Gambrell explores the role these women played in expanding the conception of American literature by their involvement in the Harlem Renaissance. She offers new ways of thinking about the relationships between cultural studies, feminism and minority discourse within the ongoing reassessment of modernism.

Beat Feminisms Polina Mackay, 2021-12-20 This is the first book-length study to read women of the Beat Generation as feminist writers. The book focuses on one author from each of the three generations that comprise the groups of female writers associated with the Beats – Diane di Prima, Ruth Weiss and Anne Waldman – as well as on experimental and multimedia artists, such as Laurie Anderson and Kathy Acker, who have not been read through the prism of Beat feminism before. This book argues that these writers’ feminism evolved over time but persistently focussed on intertextuality, transformation, revisionism, gender, interventionist poetics and activism. It demonstrates how these Beat feminisms counteract the ways in which women have been undermined, possessed or silenced.

"And Never Know the Joy", 2016-08-29 "And Never Know the Joy" : Sex and the Erotic in English Poetry promises the reader much to enjoy and to reflect on: riddles and sex games; the grammar of relationships; the cunning psychology of bodily fantasies; sexuality as the ambiguous performance of words; the allure of music and its instruments; the erotics of death and remembrance, are just a few of the initial themes that emerge from the twenty-five articles to be found in this volume, with many an invitation "to seize the day". Reproduction, pregnancy, and fear; discredited and degraded libertines; the ventriloquism of sexual objects; the ease with which men are reduced to impotence by the carnality of women; orgasm and melancholy; erotic mysticism and religious sexuality; the potency and dangers of fruit and flowers; the delights of the recumbent male body and of dancing girls; the fertile ritual use of poetic texts; striptease and revolution; silent women reclaimed as active vessels, are amongst the many engaging topics that emerge out of the ongoing and entertaining scholarly discussion of sex and eroticism in English poetry.

Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry: The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems, along with many articles devoted to topics, schools, or periods of American verse in the century. Entries fall into three main categories: poet entries, which provide biographical and cultural contexts for the author's career; entries on individual works, which offer closer explication of the most resonant poems in the 20th-century canon; and topical entries, which offer analyses of a

given period of literary production, school, thematically constructed category, or other verse tradition that historically has been in dialogue with the poetry of the United States.

Lyric Trade Julia Bloch, 2024-04-29 Sometimes the word lyric seems to appear everywhere: either it's used interchangeably with the word poetry, or it attaches to descriptions of literature, art, film, and even ordinary objects in order to capture some quality of aesthetic appeal or value or meaning. This book is not yet another attempt to define the lyric, but instead to dig into what the word might be standing in for. This book shows how lyric's taxonomical slipperiness, its ideological baggage, its historical misconstruals and debates whether it ought to be considered a genre, a mode, a style, a structure of address, a remnant of classicism or romanticism or modernism or something else-mobilize its specialness, its exemplarity, its distinct power, and its frequent circulation especially in poetry and poetics. This book argues that long poems in particular that take up lyric-the genre that they have supposedly rejected-do so in order to reimagine the shape of the speaking subject. This book asks: What does lyric mean-and why should it matter to poets and readers? Is it a meaningful term, a useful term? Is it somehow more meaningful or useful than the other kinds of words that animate and describe poetry? Is it maybe more important to consider the way the term is used, the work it does? This book reads lyric as the site at which poets reimagine identity, or exchange innovation for limiting tropes of the subject, or to do both of these things within a single work-or to do something else entirely with the putative links between expression, presence, and subjectivity. This book does not offer a single, fixed definition of lyric, because it is interested more in the ways lyric is imagined within the texts themselves. This book is also interested in undoing some of the habits of thought that recur throughout the discourse of genre by reimagining formalism--

Trilogy Hilda Doolittle, 2013-07-25 The classic Trilogy by H.D. (Hilda Doolittle, 1886-1961), including a large section of referential notes for readers and students, compiled by Professor Alik Barnstone. As civilian war poetry (written under the

shattering impact of World War II). Trilogy's three long poems rank with T.S. Eliot's Four Quartets and Ezra Pound's Pisan Cantos. The first book of the Trilogy, *The Walls Do Not Fall*, published in the midst of the fifty thousand incidents of the London blitz, maintains the hope that though we have no map; / possibly we will reach haven,/ heaven. *Tribute to Angels* describes new life springing from the ruins, and finally, in *The Flowering of the Rod*—with its epigram ...pause to give/ thanks that we rise again from death and live.—faith in love and resurrection is realized in lyric and strongly Biblical imagery.

Hermetic Definition Hilda Doolittle,2016-05-05 This late collection, written in the last years of H.D.'s life, is a testament to the fine ear and mythic sense of a poet who is now recognized as one of the greatest of her generation. H. D.'s (Hilda Doolittle, 1884-1961) late poems of search and longing represent the mature achievement of a poet who has come increasingly to be recognized as one of the most important of her generation. The title poem and other long pieces in this collection (*Sagesse* and *Winter Love*) were written between 1957 and her death four years later, and are heretofore unpublished, except in fragments. We can see now in proper context her fine ear for the free line, and understand why other poets, such as Denise Levertov, Robert Creeley, and Robert Duncan, find so much to admire in H. D.'s work. As in her earlier books, one level of H.D.'s significant poetic statement derives from her intimate knowledge of and identification with classical Greek and arcane cultures; taken together, these elements make up the poet's own personal myth. Norman Holmes Pearson, H. D.'s friend and literary executor, has contributed an illuminating foreword to this impressive collection. H.
