Between Me and the River Carrie Host, 2011-05-01 Carrie Host knows that the diagnosis of a life-threatening illness takes a split second to change your life. When told at forty, with her youngest child just nine months old, that she had a rare form of cancer known as carcinoid tumor, Host felt as if she'd been hurled into a raging river, stripped of all forms of potential rescue. *Between Me and the River* is Host's candid and uplifting memoir of how she found the strength and fortitude to triumph over this disease, and craft a new and meaningful life. The voyage of this strong-minded, openhearted woman is told with uncompromising honesty and respect for the miracles that medicine and love can work. Host's unquenchable sense of humor in the midst of suffering creates poignant moments of laughter through tears. Bracing, lyrical and deeply moving, *Between Me and the River* is a tribute to one life, and all lives, rerouted by illness.

Parenting as Spiritual Practice and Source for Theology Claire Bischoff, Elizabeth O'Donnell Gandolfo, Annie Hardison-Moody, 2017-12-13 This volume investigates how mothers can understand parenting as spiritual practice, and what this practice means for theological scholarship. An intergenerational and intercultural group of mother-scholars explores these questions that arise at the intersection of motherhood studies, religious practice, pastoral care, and theology through engaging and accessible essays. Essays include both narrative and theological elements, as authors draw on personal reflection, interviews, and/or sociological studies to write about the theological implications of parenting practice, rethink key concepts in theology, and contribute to a more robust account of parenting as spiritual practice from various theological perspectives. The volume both challenges oppressive, religious images of self-sacrificing motherhood and considers the spiritual dimensions of mothering that contribute to women's empowerment and well-being. It also deepens practical and systematic theologies to include concern for the embodied and everyday challenges and joys of motherhood as it is experienced and practiced in diverse contexts of privilege and marginalization.

Resilience in Healthcare Leadership Alan Belasen, PhD,2021-12-29 The COVID-19 Pandemic has been an ultimate challenge for leadership resiliency. Resilient leaders are thoughtful and deliberate. They balance logic and emotion, ego and humility. They lead through compassionate empathy by focusing on the 'how', not only the 'what'. They use their influence to drive positive change, diversity and inclusion, and create an equitable community. Most books on resilient leadership appear to focus on spirituality and tools to grow an "unshakable core of calm, strength, and happiness" or "bounce back without getting stuck in the toxic emotions of guilt, false guilt, anger, and bitterness". These books are very similar to handbooks focusing on mental toughness and providing guides for overcoming adversity and managing negative emotions. This book, however, defines resilience as a critical competency of high-performing leaders. Leaders must cultivate resilience in themselves and foster it throughout their organizations and multidisciplinary teams in order to adapt and succeed. Resilience in Healthcare Leadership is differentiated by offering practical strategies and self-assessment instruments for identifying strengths and weaknesses and for developing and sustaining the performance of resilient leaders. The book will also focus on best practices to help build a talent pipeline and develop resilient care team leaders to effectively manage the challenges of disruptive environments. Whether senior or mid-level manager the reader will learn to apply knowledge and skills to initiate cultural change, assess strengths and weaknesses, align leadership roles with organizational goals, and position themselves to become a resilient leader. The reader will also learn how to identify message strategies consistent with stakeholders' needs, resolve conflicts, lead multidisciplinary teams, and realize the impact of resilient leadership in influencing outcomes. Takeaways and tools are included to guide progressive learning and leadership development and build a strong succession

pipeline, to help organizations become more prepared to respond to challenges facing healthcare leaders in the future.

Sip! Matthias Arndt, 2013 Indonesia is one of the countries where exciting art is still waiting to be discovered. Over the past ten years, a growing number of group exhibitions and survey shows have presented Indonesian art. What has been sorely lacking is a book about the country's best-known artists. Sip!--Indonesian Art Today introduces readers to 16 established and young artists, presenting each of them with recent works. Farah Wardani, director of the Indonesian Visual Art Archive, Yogyakarta, has compiled brief texts shedding light on the artist's conceptions. Biographical information, exhibition histories, bibliographies, and portraits of the artists complement the illustrations. The curator Enin Supriyanto, a leading expert on the Indonesian art scene, has contributed an essay examining the most recent developments in Indonesian art, tying them back to the art history of the past forty years and mapping them to the transformations in Indonesian society and politics during the same period. A timeline extending from the 1970s to the present additionally visualizes the most important moments in art, in Indonesia and abroad, making the book an indispensable compendium for collectors and curators, students of art and everyone who is interested.
