

# Mac Food 94 Halal 100 100

JG Myers

**The World on a Plate** Joel Denker, 2007-01-01 A food and travel writer draws on a series of interviews with ethnic food merchants, including importers, restaurateurs, grocers, vendors, and manufacturers, to explore the diverse ways in which immigrants from every corner of the world have transformed and shaped American culinary traditions. Reprint.

*Free-Range Religion* Adrienne Krone, 2025-11-11 Ethical and moral concerns about food and diet commonly feature in individuals' religious identities and expressions. These concerns extend beyond what one should eat to include how food should be prepared and produced. As Adrienne Krone demonstrates in this ethnographic study, participants in alternative food movements are developing new ways to see food preparation and production as religious acts. Following two Christian and two Jewish food organizations, Krone complicates our understanding of American religion as religious people come together across a range of differences to change the food system. *Free-Range Religion* showcases the complex ways that religion lives and works within food production, marketing, and distribution. These “free-range” religious practices blend belief and practice with secular concerns and constitute a key, albeit understudied, part of the American alternative food movement.
