James P. Dretke

Islam and Christianity for Children Christine Chapman, 2014-04-14 Can I be half Muslim and half Christian? Is the Bible like the Qur'an? Do Muslims believe in Jesus? Have you ever tried to explain religion to a child? What if that child had parents of different religions? Author Christine Chapman found herself in this position in discussions with her young grandchildren. Many texts explain religions as separate to each other but children these days have to try to make sense of religion in the context of multi-faith parentage or community. How do they distinguish between theology and culture, fact from family emotions? She set about researching and writing just such a text, adding illustrations on every page. She explores views on family life and marriage, dress and diet, prayer and festivals while explaining the beliefs of Muslims and Christians to children in a non-partisan, fact-based way. Her focus is on the need for understanding and friendship between members of both religions. Armed with this kind of understanding and knowledge she hopes and prays that the next generation may grow up to more peaceful times than ours.

Muslim and Christian Beliefs: A Comparison Bruce McDowell, Anees Zaka, 2000-01-01 It is crucial that followers of Jesus and followers of Allah understand the similarities and differences of their respective systems of belief. This compendium has been derived largely from the authors' book *Muslims and Christians at the Table*. We heartily recommend this 325-page book, designed to promote biblical understanding among Muslims.

From Jesus to Muhammad Elena Trenccevska, Timurlenk Chekovikj, 2019 The book presented is written to answer many important reader questions, both classical and modern. It is, not a surprise, that many previous books on comparison between the Islam and Christianity were written from the Christian position; even in scholarly research Islam has been seen through the lens of Christian religion and in the pattern of Christian belief. In contrast, the book by Elena Trenccevska & Timurlenk Cekovikj *From Jesus to Muhammed* presents another point of view. It is written not to refute some other religions, but, first of all, to present the truth of early religious history. At the beginning of the book, the authors present a background of early Christianity and tries to reconstruct the true teaching of Jesus. Nowadays, due to apocrypha and availability of other early writings, one may see many other stories of Christianity, which are so far from „canonical, knowing that many religious groups pretended to be the real followers of Jesus. Many parts of the book are dedicated to the personality of Jesus and development of his image in both Christianity and Islam. Today, when we compare the Quranic view of Jesus to the early

Christian sources, we may see many similar stories (for example, the Quranic narration about God's creation of birds made of clay through Jesus). This represents that Jesus (for example, his early life) is a great mystery of history; but since we have a very small account about this in the Quran and in the Bible, no one has a real proof to speculate about this. And this is why this book calls us not to start some polemics, but to consider the sacred text which gives the most authoritative stories to the believers.

Jesus and Muhammad Mark A. Gabriel,2004 This volume explores the surprising similarities and differences between two of the most important religious leaders of all time--Jesus and Muhammad. Muslim-Christian Friendships and Religious Change Torstein Try,2025-11-27 This book explores how authentic friendships between Muslims and Christians can cross religious boundaries and encourage deeper mutual understanding.

Islam and Christianity James Gauss,2009-02-05 The media bombards us daily with disturbing images and reports related to terrorist threats from radical, fundamentalist Islamists. Is Islam a peaceful religion or a seedbed for terrorism? What are the differences between Christianity an Islam? What does the Koran teach? How closely related are the Bible and the Koran?Islam & Christianity...

Journeys of the Muslim Nation and the Christian Church David W. Shenk,2006 Exploring the mission of two communities. David W. Shenk examines Islam and Christianity at their deepest spiritual, cultural, and communal levels. Shenk explores the similarities and differences found in Isaac and Ishmael, Jesus and Muhammad, the Bible and the Qur'an, Jersusalem and Medina, and the Eucharist and the Hajj. 284 pages.

Dialogue and Difference Christian W. Troll,2009 An influential scholar and participant in Muslim-Christian conversations for decades, Christian Troll assesses the problems and shortcomings of both traditions in the quest for mutual understanding. Book jacket.

Islam Or Christianity C. Hore,2013-10-21 This nonfiction book is a compare-contrast view on Christianity and Islam, detailing the similarities and differences in the two faiths through 850 researched reasons, provided by the author. The author brought to bear his quantitative and analytical mind (being a chartered accountant and auditor by profession) to give the world a classic in religious comparative study manual. 850 REASONS WHY WE MAKE OUR CHOICE, is a strong Christian apologetics and it is unique in style, in presentation and in reasoning. In it, the author seeks to expose both faiths to readers so, readers can decide on their own faith, but also shows the inconsistencies in the Islamic faith in accordance with central truths expressed in the Bible. The author's lengthy introduction (in Chapter One) is an appropriate way to approach the controversial topic and provides adequate information to readers so that their minds can ponder on the subject

before reading the author's 850 reasons. The excerpts from the Bible and the Quran provided throughout the book will give helpful comparison opportunities to the readers to see the similarities and differences of the two texts. Some readers may not have ever read the Quran, so Quran text excerpts are necessary tools that will help readers stay involved in the book's discussion. Given the amount of information the author wants to give readers on the subject, the author provides interesting and insightful ways to display his knowledge of the faiths for the readers. Some examples include the A-Z list of reasons, questions for Muslims to answer and what each book of the Bible says about Jesus, all to keep readers motivated and engaged in the discussion with the summary of choices one may have to make after reading the book. The author earnestly urges Christians, Muslims and members of other religious bodies to read this thought-provoking book because they will definitely find the 850 reasons, prima-facie suitable for decision making towards their journey to eternal bliss. Thus, this book is a sine qua non to students of comparative religion, a resource material and morale booster to Christians/Muslims, as well as to everyone who sincerely desires to know the truth about the two faiths. Overall, the book is a unique view on the similarities and differences between Christianity and Islam. Readers will learn more about Islam while seeing the inconsistencies the faith has with Christianity today. It is, indeed, a 'must read.' .

Muslim-Christian Relations Ovey N. Mohammed, 2008-06-01

Comparing the Qur'an and the Bible Rick Richter, 2011-11-01 Engagement with the Muslim world and Muslim people is inevitable for Christians. After all, Islam is the fastest-growing religion in the United States. But what does the Qur'an really say about things like Jesus, war, and non-Muslims? What does the Bible say on these matters? If Christians are to engage in informed, loving conversation with their Muslim neighbors, they need to be equipped with more than the often-specious talking points they glean from the news or email forwards. Comparing the Qur'an and the Bible offers readers an unprecedented collection of Scriptures and doctrines of both faiths presented side by side for easy study and comparison, covering such key issues as Jesus Abraham creation angels/jinn jihad the fall of humankind predestination ransom for sin/sacrifice grace rebirth God/Allah women marriage and divorce homosexuality suicide resurrection judgment Paradise prayer A brief explanation of each passage in the Qur'an and the Bible is given, as well as biblical answers to Islamic teaching. The book also motivates readers to have hearts for Muslims and seek to bring them to Christ, offering door openers to sharing the Good News. This indispensable collection will be treasured by anyone seeking to understand and engage their Muslim neighbors.

Muslim, Christian, and Jew David Liepert, 2010 Virtually every other religious book portrays the act of believing-the decision a believer makes to accept that his or her own religion's particular assumptions and explanations are true-as if it is a good thing. Frankly, I think believing is dangerous. . . . The thrust of my argument is simple: All of us think that our religion is good and that those in apparent (and often politically motivated) opposition to it are bad. But the real truth is that all of our

religions are equally guilty of being used to promote violence, and thanks to centuries of political manipulation that have distorted the way we read our holy books—all of us are equally guilty of not following what our religions really say. . . . The later chapters of this book explore belief and human nature in a new light to explain how Freud's theories of the subconscious and quantum physics' model of the subatomic universe offer some of the best proof we have that God exists; show us a way to restore religion to its rightful role in our lives and our world; and conclude that we're all a lot closer to where we should be than we think.

Islam and Christianity John Renard, 2011-03-08 In light of the widespread public perception of incompatibility between Islam and Christianity, this book provides a much-needed straightforward comparison of these two great faith traditions from a broad theological perspective. Award-winning scholar John Renard illuminates the similarities as well as the differences between Islam and Christianity through a clear exploration of four major dimensions—historical, creedal, institutional, and ethical and spiritual. Throughout, the book features comparisons between concrete elements such as creedal statements, prayer texts, and writings from major theologians and mystics. It also includes a glossary of technical theological terms. For western readers in particular, this balanced, authoritative work overturns some common stereotypes about Islam, especially those that have emerged in the decade since September 11, 2001.

A Christian Approach to Muslims James P. Dretke, 1979 A unique, in depth study of a vital subject, demanding an honest examination of our methods and particularly of our motives and attitudes in seeking to bring Christ Jesus to the Muslim and the Muslim to Jesus Christ.

Christianity or Islam: The Contrast Katheryn Maddox Haddad, 2014-09-20 If you want to know what is in Sharia Law, this book quotes it. Sharia Law comes from the Quran. "Christianity or Islam: The Contrast" was written to help Christians understand Islam, and Muslims understand Christianity. It is not ABOUT the two religions but quotes DIRECTLY from the scriptures of both groups so the reader can know personally what they teach instead of relying on rumors. Quotes from the Qu'ran and New Testament (Injil) of the Bible cover the same topics for comparison purposes. THESE QUOTES ARE FROM

SHARIA LAW. Many Muslims and Non-Muslims do not realize these things are in the Qur'an. *Do Christians really claim God had to have a wife in order to have a son? *Do Christians really claim there are three Gods? *Was the Bible really corrupted? *Is the God of the Muslims the same as the God of the Christians? *These questions and more are answered inside these pages. Take the challenge and find out for yourself. Give this book to a Muslim friend.
