Now Is The Time Angus Buchan, 2014-08-15 Here are readings for the full calendar year, with a Scripture passage for each day, a meditation and a prayer. Angus Buchan gave his life to Jesus on 18th February, 1979. Shortly afterwards a friend commented that there was something different in him: the old anger and aggression had been replaced by joy and peace. The following day, walking through the fields, his friend gave his life to his new-found Saviour. -He was the first person I had ever led to Jesus Christ,- recalls Angus. -I was an ambassador of Jesus Christ. I was new at it, but He gave me the words to say. All I had to do was to be obedient and share with my friend. The Holy Spirit did the rest.- Over the years Angus has striven hard to become an effective ambassador for his Lord. A popular speaker and author, he has addressed hundreds of thousands at rallies, and counselled people one by one, helping them to find faith and grow in spiritual stature. The core of his ministry has been his daily time alone with Jesus, usually in the very early morning, before the demands of the day push through his door. In this collection of daily devotions Angus shares the insights and convictions that have come to him as he has spent time with his Lord. It will help you to live a victorious Christian life in the power of the Holy Spirit.

Reasonable Perspectives on Religion Richard Curtis, 2010-01-01 This book seeks to bring together a range of discussions, both critical and apologetic, each of which examines some element or function of religion. Covering a wide range of topics, including ethics, religious pluralism, the existence of God, and reasonableness of Islam, these pieces have in common arguments that are made in careful and scholarly ways_ they represent reasonable perspectives on a wide swath of contemporary religious debates, in contrast to the unreasonableness that creeps into discussions on religion in American society.

The Limits and Legitimacy of Referendums Richard Albert, Richard Stacey, 2022-04-25 The possibility of democracy-enhancing uses and anti-democratic abuses of referendums reveals a paradox: mechanisms of democracy can be exploited to do violence to the basic principles of democracy. *The Limits and Legitimacy of Referendums* seeks to identify standards we might use to assess the democratic legitimacy of a referendum when we cannot rely on the norms of traditional liberal

democracy. This innovative book explores how referendums manage the tension between liberalism and democracy, and whether this device holds promise for reconciling these two commitments. A range of scholars from around the world expose how referendums may be abused on one hand to achieve short-term political or even personal gains, and how, on the other, they may aspire to reflect the best traditions of deliberative, innovative, democracy-enhancing popular decision-making. Structured around three big questions, this book seeks to identify what makes a referendum legitimate. First, why have referendums on issues of fundamental political importance become so frequent around the world? Second, who are - or who should be - the people that make decisions about a political community's future? And third, are referendums an effective and reliable mechanism of popular sovereignty or democratic choice? These essays - written for scholars, public lawyers, political actors and citizens - bring together diverse perspectives on referendums, constitutionalism, liberalism and democracy in ways that challenge the conventional wisdom, prompt new answers to enduring questions, and urge reconsideration of how we evaluate the legitimacy of referendums.

An Aristocratic Compatibilist's Providence Petr Dvorský,2024-09-23 This monograph discusses different philosophical and theological components of Aquinas's view regarding the relation between human agency and divine providence. Against many contemporary scholars it argues that this view includes a plausible form of strong compatibilism whose philosophical premises are largely independent of Aquinas's theological positions. Its original contributions to the understanding of Aquinas's thought include an extensive analysis of Aquinas's complex conception of modalities, his multileveled understanding of freedom, and his aristocratic perception of values.

HONORING Pat Morrell-Donnelly,2013-03-01 This is a book of poems by Pat Morrell-Donnelly about "Honoring God," "Honoring Family," "Honoring Friends," and "Honoring Country." It is a very personal book but she hopes readers will relate to the thoughts in her poems. It is an attempt to pay homage to those that have touched her life in their own special, unique way. The dictionary states, "Honor is about respect, recognition, and esteem shown to others." Reverence implies, "Profound respect mingled with love, devotion, or awe." Pat states, "For those of us that had loving parents, loving families, and lifetime friends we have been greatly blessed. And to have been born into an exceptional country like the U.S.A., even as a child of the depression, knowing struggles and adversities, we still have been doubly blessed." She says, "Trials and challenges only made us stronger. We believed if we wanted anything monetarily we had to work for it. We never thought of relying on the government." Pat says, "Unlike some of our "citizens" today being brainwashed, we were ALWAYS proud of

our country. We believed in being responsible, working hard to attain a better life, and always treating others as we would like to be treated." "Honoring" is a book of poems about faith, hope, and love and inspirational and motivational thoughts. Also poems about her precious family, her loved ones and friends, and poems in memory of those that have "gone on before us." Also poems of appreciation for our great country and those that have sacrificed and paid the ultimate price for our freedom. Thoughts in these poems come from difficulties and challenges and losses experienced while traveling her life's journey, and hopefully they will touch the reader's in a way to better equip them to face their own challenges and adversities. Strength derived from family and friends and Pat's strong faith has brought her through many difficult times and while she can't speak to "all" she is hoping through these poems she can show her appreciation for the part many have played in her life. For these she will be "forever grateful."
