Inscribed Power Ryan D. Giles,2017-09-18 In Inscribed Power, Ryan D. Giles explores the function of amuletic prayers, divine names, and incantation formulas that were inscribed and printed on parchment, paper and other media, and at the same time inserted into classic literary works in Spain. Giles' insightful analysis of the intersection between amulets and literary texts offers fresh and original interpretations of well-known texts such as the Poema de mio Cid, the Libro de Alexandre, the Libro de buen amor, Celestina, Lazarillo de Tormes, and the Buscón. Inscribed Power is a fascinating work that highlights specific amuletic texts that were used to heal, protect, or otherwise provide a blessing or curse to discover how their powers could influence fictional lives at different moments in the development of Spanish literature.

Mad for God Sara Tilghman Nalle,2001 Convinced he was the Elijah Messiah, the Spanish peasant Bartolomé Sánchez believed that God had sent him in divine retribution for the crimes committed by the Inquisition and the Church. Sánchez's vocal and intolerable religious deviance quickly landed him in the very court he believed he was sent to destroy. Fortunately for him, the first inquisitor assigned to his case came to believe that Sánchez was not guilty by virtue of insanity, and tried to collect the proof that would save his life. For seven years, Sánchez shuttled between jails, hospitals, and his home village while his fate hung in the balance. Nalle convincingly evokes the compassion of Sánchez's first inquisitor, Pedro Cortes, as he struggled to save his prisoner's life, and argues that the Spanish, compared to other Europeans of the day, were remarkably

rational and humane when dealing with the mentally ill. A gripping tale of madness and religious conviction, *Mad for God* offers new historical insight into the ongoing debate over the nature of religious inspiration, insanity, and criminal responsibility.
