**The Oxford Dictionary of Quotations** Elizabeth M. Knowles, 1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.

**Liberia, South Carolina** John M. Coggeshall,2018-04-10 In 2007, while researching mountain culture in upstate South Carolina, anthropologist John M. Coggeshall stumbled upon the small community of Liberia in the Blue Ridge foothills. There he met Mable Owens Clarke and her family, the remaining members of a small African American community still living on land obtained immediately after the Civil War. This intimate history tells the story of five generations of the Owens family and their friends and neighbors, chronicling their struggles through slavery, Reconstruction, the Jim Crow era, and the desegregation of the state. Through hours of interviews with Mable and her relatives, as well as friends and neighbors, Coggeshall presents an ethnographic history that allows members of a largely ignored community to speak and record their own history for the first time. This story sheds new light on the African American experience in Appalachia, and in it Coggeshall documents the community's 150-year history of resistance to white oppression, while offering a new way to understand the symbolic relationship between residents and the land they occupy, tying together family, memory, and narratives to explain this connection.
