*Quotes by Milan Kundera* Lilith Regan, 2020-03-20 Two people in love, alone, isolated from the world, that's beautiful. You can't measure the mutual affection of two human beings by the number of words they exchange. Anyone whose goal is 'something higher' must expect someday to suffer vertigo. What is vertigo? Fear of falling? No, Vertigo is something other than fear of falling. It is the voice of the emptiness below us which tempts and lures us, it is the desire to fall, against which, terrified, we defend ourselves. When the heart speaks, the mind finds it indecent to object. Dogs are our link to paradise. They don't know evil or jealousy or discontent. To sit with a dog on a hillside on a glorious afternoon is to be back in Eden, where doing nothing was not boring--it was peace.

*Injustice* Daniel Dorling, 2015-06-03 We are living in the most remarkable and dangerous times. Globally, the richest 1% have never held a greater share of world wealth, while the share of most of the other 99% has collapsed in the last five years. In this fully rewritten and updated edition of *Injustice*, Dorling offers hope of a more equal society.

*The Passionate Mind of Maxine Greene* William F. Pinar, William Pinar, 1998 This collection of work is an analysis and investigation into Maxine Greene, the most important philosopher of education in the United States today. The book opens and concludes with Greene's own autobiographical statements.

***Injustice*** Danny Dorling, 2015-06-03 In the five years since the first edition of *Injustice* there have been devastating increases in poverty, hunger and destitution in the UK. Globally, the richest 1% have never held a greater share of world wealth, while the share of most of the other 99% has fallen in the last five years, with more and more people in debt, especially the young. Economic inequalities will persist and continue to grow for as long as we tolerate the injustices which underpin them. This fully rewritten and updated edition revisits Dorling's claim that Beveridge's five social evils are being replaced by five new tenets of injustice: elitism is efficient; exclusion is necessary; prejudice is natural; greed is good and despair is inevitable. By showing these beliefs are unfounded, Dorling offers hope of a more equal society. We are living in the most remarkable and dangerous times. With every year that passes it is more evident that *Injustice* is essential reading for anyone concerned with social justice and wants to do something about it.

***Paths to Teaching the Holocaust*** Tibbi Dubois, 2008-01-01 *Paths to Teaching the Holocaust* edited by Tibbi Dubois is an important new book. It offers contributions by childhood, middle and secondary teacher educators from various regions

and universities in the continental United States. The array of material is a strength of this unique book. Some contributors write about ways in which they infuse existing courses with Holocaust materials, while others focus on where and when to begin the education of their students with respect to genocide. Curriculum and instruction are examined from the perspective of existing research. Preparing oneself to teach the material and personal teaching style are presented in ways that will be helpful both to new and to experienced teachers and those interested in the kinds of questions embedded in this material. Educators and others will see how events focused upon in the Holocaust are connected to violations of human rights and social justice committed during the period of National Socialism. Readers are reminded of the approximate nature of knowledge when it is not born of lived experience, and are invited to raise questions about the Holocaust and other genocides. The varied nature of the chapters offers a platform for engaging in discourse likely to pique the interest of people who have limited experience with the topic, and of those whose knowledge may be rich and of long standing. Teachers often seek to bridge the gap between theory and practice, and will find the References of each writer an invaluable resource. The contents of *Paths to Teaching the Holocaust* will be useful to educators and others concerned with oppression, human rights and social justice.

The Soviet-east European Relationship In The Gorbachev Era Aurel Braun, 1990-02-26

*Fake It* Mark Osteen, 2021-08-13 How many layers of artifice can one artwork contain? How does forgery unsettle our notions of originality and creativity? Looking at both the literary and art worlds, *Fake It* investigates a set of fictional forgeries and hoaxes alongside their real-life inspirations and parallels. Mark Osteen shows how any forgery or hoax is only as good as its authenticating story—and demonstrates how forgeries foster fresh authorial identities while being deeply intertextual and frequently quite original. From fakes of the late eighteenth century, such as Thomas Chatterton's Rowley poems and the notorious Shakespearean documents fabricated by William-Henry Ireland, to hoaxes of the modern period, such as Clifford Irving's fake autobiography of Howard Hughes, the infamous Ern Malley forgeries, and the audacious authorial masquerades of Percival Everett, Osteen lays bare provocative truths about the conflicts between aesthetic and economic value. In doing so he illuminates the process of artistic creation, which emerges as collaborative and imitative rather than individual and inspired, revealing that authorship is, to some degree, always forged.

The Unbearable Lightness of Being Milan Kundera, 1999-04-07 A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover—these are the two couples whose story is told in this masterful novel. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence, we feel the unbearable lightness of being not only as the consequence of our pristine actions but also in the public sphere, and the two inevitably intertwine.

I Love You ,2018-01-11 'I have a strong will to love you for eternity.' Milan Kundera Brimming with romantic quotes and heartfelt statements, this is the perfect small gift for Valentine's Day. Show your favourite person how you feel with this charming little book - there's no better way to say: I love you!

**We Might Know what to Do and how to Do it** Martin E. Marty,1989

**Life Is Elsewhere** Milan Kundera,Aaron Asher,2000-07-25 The author initially intended to call this novel The Lyrical Age. The lyrical age, according to Kundera, is youth, and this novel, above all, is an epic of adolescence; an ironic epic that tenderly erodes sacrosanct values: childhood, motherhood, revolution, and even poetry. Jaromil is in fact a poet. His mother made him a poet and accompanies him (figuratively) to his love bed and (literally) to his deathbed. A ridiculous and touching character, horrifying and totally innocent (innocence with its bloody smile!), Jaromil is at the same time a true poet. He's no creep, he's Rimbaud. Rimbaud entrapped by the communist revolution, entrapped in a somber farce.

*Immortality* Milan Kundera,1999-10-20 Milan Kundera's sixth novel springs from a casual gesture of a woman to her swimming instructor, a gesture that creates a character in the mind of a writer named Kundera. Like Flaubert's Emma or Tolstoy's Anna, Kundera's Agnes becomes an object of fascination, of indefinable longing. From that character springs a novel, a gesture of the imagination that both embodies and articulates Milan Kundera's supreme mastery of the novel and its purpose; to explore thoroughly the great, themes of existence.

The Art of the Novel Milan Kundera,2003-04-01 Kundera brilliantly examines the work of such important and diverse figures as Rabelais, Cervantes, Sterne, Diderot, Flaubert, Tolstoy, and Musil. He is especially penetrating on Hermann Broch, and his exploration of the world of Kafka's novels vividly reveals the comic terror of Kafka's bureaucratized universe.

Kundera's discussion of his own work includes his views on the role of historical events in fiction, the meaning of action, and the creation of character in the post-psychological novel.
