

Rain Of Gold Movie

Rocío G. Davis, Ana Beatriz Delgado

Rain of Gold Victor Villaseñor, 2015-03-31 The non-fiction saga of Victor Villasenor's own family. It is the Hispanic Roots, an all-American story of poverty, immigration, struggle and success. Focuses on three generations of the Villasenor family, their spiritual and cultural roots back in Mexico, their immigration to California and their overcoming poverty, prejudice and economic exploitation.

Beyond Rain of Gold Victor Villaseñor, 2011-04-01 The incredible story behind the writing and publication of Victor Villaseñor's national bestseller Rain of Gold. It captures the difficult and courageous path the author followed to ensure that his family's saga would be published as the authentic, true account it is. The real power of this book lies in the sacred relationship that Villaseñor has with his father, mother, and ancestors. In other words, Beyond Rain of Gold encompasses the magical messages that Villaseñor's indigenous ancestors told him are universal themes common to native peoples everywhere on this planet . . . and at one time we were all indigenous. This is an exciting, raw, and honest work, with events occurring that transcend the boundaries of what we normally call reality. And like Carlos Castaneda's Don Juan trilogy, Beyond Rain of Gold explores altered states of consciousness, revealing the wisdom and magic inherent in everyday existence. This is a book that will make you see the world in an entirely different way, and which will stimulate your mind and emotions to create a New Earth way of thinking and being!

Ethnic Life Writing and Histories Rocío G. Davis, Ana Beatriz Delgado, 2007 This collection focuses on how literary creativity and historical inscriptions produce texts that require nuanced readings of forms of life writing. These reflections support the use of life writing as an interpretative frame for historical information, validating it for historical discourse as the act of telling and writing one's story affirms as it performs identity. The approach is based on a methodology that connects genre studies and historiography, to arrive at conclusions about the writing of the history of globalization, immigration, racial and ethnic negotiation.
