

Stars Hide Your Fires

William Shakespeare

Macbeth and the Players Dennis Bartholomeusz, 1969-03-01 There is now considerable support for the view that a performance by an actor of genius can constitute a critical interpretation of a play and that only through such performance studies can a completely valid judgement about the play be made. In this paperback edition of a pioneering work, Dennis Bartholomeusz reconstructs from prompt copies, playbills and contemporary accounts, the major interpretations of the roles of Macbeth and Lady Macbeth on the English stage from 1611 to the 1960s and relates the outstanding performances of Burbage and Olivier, Siddons and Thorndike to the overall production history of Macbeth.

The Practice of Reading Denis Donoghue, 2000-01-01 This lucid and elegantly written book is a sustained conversation about the nature and importance of literary interpretation. Distinguished critic Denis Donoghue argues that we must read texts closely and imaginatively, as opposed to merely or mistakenly theorizing about them. He shows what serious reading entails by discussing texts that range from Shakespeare's plays to a novel by Cormac McCarthy. Donoghue begins with a personal chapter about his own early experiences reading literature while he was living and teaching in Ireland. He then deals with issues of theory, focusing on the validity of different literary theories, on words and their performances, on the impingement of oral and written conditions of reading, and on such current forces as technology and computers that impinge on the very idea of reading. Finally he examines certain works of literature: Shakespeare's Othello and Macbeth, Swift's Gulliver's Travels, a passage from Wordsworth's The Prelude, a chapter of Joyce's Ulysses, Yeats's Leda and the Swan and Coole and Ballylee, 1931, and Cormac McCarthy's Blood Meridian demonstrating what these texts have in common and how they must be differentiated through a sympathetic, imaginative, and informed reading.

Macbeth William Shakespeare, 1873

How to Write a Killer Essay: Macbeth Becky Czapinski, Do you feel a bit overwhelmed with the assignment you have related to Shakespeare's Macbeth? This guide will help place the play in context, and shed light on the many motifs and themes of the play. You will be provided with a detailed scene-by-scene summary and analysis and Critical Theory overviews, as well as step-by-step instruction on how to write a great essay.

THE TRAGEDY OF MACBETH BY WILLIAM SHAKESPEARE SENGUPTA, GAUTAM, 2022-04-04 The Tragedy of Macbeth is the shortest tragedy written by William Shakespeare. Macbeth, the protagonist of the play, is portrayed as a

successful Scottish general in the army of King Duncan. Macbeth, one day, gets politically instigated by a trio of witches that he would become the King of Scotland soon. Encouraged by his wife (Lady Macbeth) and taken over by greed and action, Macbeth murders King Duncan, and becomes the King of Scotland. Key Features • Clear language with complete annotations. • Act-wise Scene-wise summary given at the end of every Act. • Plot-wise Commentary given at the end of the text. • Critical Essay explaining 'Themes that emerge out of Macbeth' and 'Under the Critics' Lens' have been provided. Target Audience B.A. / M.A. English

The Complete Works of William Shakespeare, with Annotations and a General Introduction by Sidney Lee ... William Shakespeare, Sir Sidney Lee, 1908

Criticism, Performance, and the Passions in the Eighteenth Century James Harriman-Smith, 2021-03-18 Great art is about emotion. In the eighteenth century, and especially for the English stage, critics developed a sensitivity to both the passions of a performance and what they called the transitions between those passions. It was these pivotal transitions, scripted by authors and executed by actors, that could make King Lear beautiful, Hamlet terrifying, Archer hilarious and Zara electrifying. James Harriman-Smith recovers a lost way of appreciating theatre as a set of transitions that produce simultaneously iconic and dynamic spectacles; fascinating moments when anything seems possible. Offering fresh readings and interpretations of Shakespearean and eighteenth-century tragedy, historical acting theory and early character criticism, this volume demonstrates how a concern with transition binds drama to everything, from lyric poetry and Newtonian science, to fine art and sceptical enquiry into the nature of the self.
