Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field.

Berkhof's Systematic Theology Revised Louis Berkhof,2019-09-06 Considered one of the best books on Systematic Theology ever written, it covers all the basics on the reality of God, the atonement of Christ and the final state of man and the last things. Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field. Now in larger print!

The Secrets of Humankind by Divine Design, the gateway to mindfulness and self-awareness (Spiritual warfare series book 1) Eleazar Ben Michael,2021-06-20 Since surgeons cannot see a soul inside the external mortal body, the concept of spirit-soul becomes incredibly challenging to most people. The idea may be difficult to comprehend if one is a modern materialist who has little or no belief in spirituality, the reality of the non-corporeal dimension, and the existence of angelic beings in our comic universe. Many people keep asking what the soul is and whether it is an object we carry around inside us. What constitutes its essential nature as a rational personality and spiritual origin, if any? Does humankind have a soul and inner spiritual life? Again, what do we know about consciousness, the nature of immortality, and the afterlife? Who is the father of spirits and humankind? This book and the others in the series will answer some of these questions and much more for the readers. The book is in three volumes because all the facts cannot be made available in a single book without skipping relevant details. Therefore, the author shall present this information about the human soul-its origin, nature, and destiny- in three separate books for easy readability and a better understanding of the subjects. We advise you to read the three volumes as a trilogy series, and finally, please take what you find useful and leave the rest. We hope this book will show you some of the biblical and non-biblical sources, information about the spiritual body. This first part shows you the basic necessary information about the soul and its origin. We shall also talk about a spiritualist who has become a dear friend since his conversion from the occult to believe Yeshua as the Savior of his life. His testimonies will undoubtedly produce some expositions about the soul, the origin of the spiritual self, and the truth about the dangers of spiritual travels that perhaps

you have never been told. Finally, we shall be looking at how to break from soul ties and obtain lasting freedom from the demons of the occult using our findings through experience and research on this topic. As we shall discover, we have a spirit-soul that is something far more significant than the material envelope, which is our physical form. But this spirit body is inside of us all, and it is just one of the many secrets of humankind by divine design.

Is the Church Pro-Gay? Shawn C. Mathis, 2024-01-11 This book is a must-read.-Dr. Rosaria Butterfield More people are LGBT than ever before — including in the churches. Gay acceptance is now an issue in historically conservative congregations. Christians must face the Biblical and pastoral implications. How does the Gospel answer the gay challenge to the church? In this challenging and helpful book, Presbyterian Pastor Shawn Mathis calls the church to take this moral crisis head-on. He faces hard facts that many Christians are afraid to face. He focuses on those who confess LGBT attractions and want to be an active part or a leader in the church. He ties all of this to the duty of mortification and provides an outline of how a faithful church can respond to this pressing issue.

Systematic Theology Louis Berkhof, 1953

Summary of Christian Doctrine Louis Berkhof, 1960

The Emotionally Abusive Mindset Anne Dryburgh, 2023-02-07 How this book can help you This book is a resource which provides insights into what emotional abuse looks like across a spectrum of relationships. It considers how someone with an abusive way of thinking tends to operate. The book does not cover physical or sexual abuse but is designed to give some key basic information. It would be helpful if other people would take these insights and explore biblical answers for helping them in an in-depth manner. The author's hope is that this book will help open this discussion. Praise for *The Emotionally Abusive Mindset* The *Emotionally Abusive Mindset* is written from the heart of a seasoned biblical counselor, Anne Dryburgh. The third book in her *Overcoming Emotional Abuse* series dives deeper into recognizing the mind frame of the abuser and the victim in various relationships. Her insights evoke a depth of discernment coupled with understanding and sympathy for those caught in the destruction of emotional abuse. This book will help pastors and biblical counselors obtain the biblical acumen to recognize abusive relationships and give sound counsel that produces a transformational change in Christ.

Shannon Kay McCoy, Certified Biblical Counselor, Biblical Counseling Director, Valley Center Community Church, Council Member of Biblical Counseling Coalition; Author of *Help! I'm A Slave to Food* In an engaging and truly readable style, Anne manages to present complex issues in an accessible way. Anne explores what an abusive mindset actually looks like, not just in clear definitions, but through examples and story. The second part of the book is especially helpful, showing that in Christ there is true hope for everyone. But Anne does not leave this hope as some ethereal aim, rather she grounds it in real and practical ideas. As with the other books in this series, it will prove to be a valuable resource for both professionals and non-professionals alike, as well as providing victims - and perpetrators - of abuse a guide as to how to live out a truly godly life.

Simon Marshall, International Director, European Christian Mission For a concise, biblically focused response to emotional abuse, this is your book. Anne Dryburgh aptly presents various expressions of spousal, parent, sibling, disabled, spiritual, and elderly abuse. Then, navigating with biblical skill in a complex arena, she identifies common well-intentioned behavioral and spiritual mistakes and debunks the misuse of Scripture. Based upon the relational, functional, and substantive callings of every believer, which are carefully explained, *The Emotionally Abusive Mindset* champions the choice to honor God rather than yielding to an abuser's desires. This book packs a powerfully hopeful worldview into 100 pages! A helpful tool for abuse survivors and their counselors. Sue Nicewander Delaney, MABC, ACBC Anne has done it again! Her writing is perspicuous, theologically accurate, and practical. If you think you might be being abused by a boyfriend or girlfriend, a spouse, or a spiritual leader this small book may help you confirm or disconfirm your perception. If you are a pastor or counselor wondering if you are dealing with a case of abuse, or if an elder or deacon has an abusive mindset, Anne can come to your rescue. Howard Eyrich, MA, ThM, D.Min, Director of Doctor of Ministry Program, Birmingham Theological Seminary, USA

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo-Calvinism critically advances Reformed orthodoxy for the sake of modern life. Birthed in the Netherlands at the turn to the twentieth century, initiated by Abraham Kuyper (1837-1920) and Herman Bavinck (1854-1921), it argued that a life before God entailed the leavening of faith over all human existence. While the movement originated in the Netherlands, the tradition now has a global reach, with practitioners and thinkers applying its insights in diverse ways and in their own contexts. This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition, with contributors that reflect its global reach. Its four sections chart the theological roots, important original figures, historical contours and the contemporary influence of neo-Calvinism across a diversity of fields.

Unashamedly Protestant Peter Simpson, 2018-09-14 In this book Pastor Peter Simpson surveys key factors in the English Reformation, and looks into why it was so necessary. He then analyses graciously the errors in the current teachings of the Roman Catholic Church.

AI Shepherds and Electric Sheep Sean O'Callaghan, Paul A. Hoffman, 2025-03-18 Since ChatGPT burst into the public consciousness in 2022, AI has thoroughly infiltrated everyday life. Machines can now take on work once thought to be solely the domain of human beings--from writing college essays to composing worship music. How should Christians respond to this brave new technology? In this accessible introduction to AI, Sean O'Callaghan and Paul Hoffman explore its social and ethical impacts for ministry and teaching. The authors shed light on the biblical vision for human flourishing--and on how AI can help or hinder that flourishing. Avoiding both alarmism and uncritical acceptance, O'Callaghan and Hoffman offer resources and practical tools for using AI in our classrooms and congregations. AI can write a generic three-point sermon, but it cannot replace an authentic encounter between humans and the divine. In a time of cultural confusion, O'Callaghan and Hoffman

encourage readers to embrace the clarity found in the gospel. The book includes a foreword by A. Trevor Sutton.

A Summary of Christian Doctrine Louis Berkhof, 2018-04-26 Looking for a simple, systematic theology, or for a basic introduction to Christian doctrine? Look no further! Louis Berkhof's classic work, *A Summary of Christian Doctrine*, will bless you as you glean from his years of experience and study in theological education.

Future of Everything William Boekestein, 2019-02-19 All of us think about the end times. When we reflect on what will happen not only when we die but when this present age ends, some combination of ideas, images, hopes, and fears floods our minds. In *The Future of Everything*, William Boekestein encourages us to allow our thoughts on the end times to be guided by God's Word. While combing the Scriptures to find direction related to subjects like death, the millennial kingdom, the return of Christ, the resurrection, judgment, heaven, and hell, Boekestein helps us cultivate a vision for the future that impacts our walk before God's face today. Table of Contents: Part 1: Introducing Eschatology 1. Why Should I Study the End Times? 2. How Can I Understand Prophecy? Part 2: Personal Eschatology 3. We're All Going to Die 4. Between Death and the End Part 3: General Eschatology 5. He's Coming Again 6. A Thousand Years? 7. The Dead Will Rise 8. The Final Judgment 9. Hell 10. The New Heavens and Earth Part 4: Applied Eschatology 11. The End Times and the Kingdom of God 12. The End Time and the Mission of the Church

Humanity John S. Hammett, Katie J. McCoy, 2023-09-01 *Humanity* by John Hammett and Katie McCoy is an urgent theological study of the doctrine of humanity. The authors shed light on the philosophical, cultural, and spiritual influences that constantly challenge the dignity of human existence.

To Invent Is Divine James R. Edwards, 2025-04-23 Christians generally know that God created "the heavens and the earth" and made human beings in his image. They know that "the earth is the Lord's and the fullness thereof" — he owns his creations. They know that skilled people create and own marvelous works. But a disconnect often occurs when it comes to God's communicable attributes of creativity and ownership and that combination's role in human innovation, technological progress, and practical benefits from human creativity and ownership. *To Invent Is Divine* connects the dots between creativity and ownership, as well as the dots between that combination and the fruits of human flourishing.

Systematic Theology Louis Berkhof, 2020-08 This is Louis Berkhof's *Systematic Theology* We start the study of theology with two presuppositions, namely (1) that God exists, and (2) that He has revealed Himself in His divine Word. And for that reason it is not impossible for us to start with the study of God. We can turn to His revelation, in order to learn what He has revealed concerning Himself and concerning His relation to His creatures. Attempts have been made in the course of time to distribute the material of Dogmatics in such a way as to exhibit clearly that it is, not merely in one locus, but in its entirety, a study of God. This was done by the application of the trinitarian method, which arranges the subject-matter of Dogmatics under the three headings of (1) the Father (2) the Son, and (3) the Holy Spirit. That method was applied in some of the

earlier systematic works, was restored to favor by Hegel, and can still be seen in Martensen's Christian Dogmatics. A similar attempt was made by Breckenridge, when he divided the subject-matter of Dogmatics into (1) The Knowledge of God Objectively Considered, and (2) The Knowledge of God Subjectively Considered. Neither one of these can be called very

Berkhof's Systematic Theology Louis Berkhof, 2024-01-04 Considered one of the best books on Systematic Theology ever written, it covers all the basics on the reality of God, the atonement of Christ and the final state of man and the last things. Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field. Now in larger print!

Systematic Theology Louis Berkhof, 1969

A Summary of Christian Doctrine Louis Berkhof, 2022-03-02 Berkhof's Summary of Christian Doctrine is a very concise version of his 1932 magnum opus, Systematic Theology. Berkhof's theological views do not differ significantly from that of earlier Reformed theologians such as Abraham Kuyper and Herman Bavinck, but his skilled summaries have proven very useful for teaching and instruction, particularly to young people and those beginning a deeper study of the Reformed tradition. This volume offers a simpler and briefer presentation of Christian doctrine geared especially to high school students. Technical terms and detailed explanations have been avoided, and important Scripture passages are printed in full.

The Christian Faith Michael Horton, 2011-01-04 Theology—the study of God—is a concern for every believer, not just theologians or those in ministry. It's the goal of good theology to humble us before the triune God of majesty as we come to understand him better. This is a book of and about good theology. Award-winning author, theologian, and professor Michael Horton wrote The Christian Faith as a book of systematic theology and doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated. It's written for a growing cast of pilgrims—in ministry and laity—who are interested in learning about Christ as a way of living as a Christian. Who understand that knowing doctrine and walking in practical Christianity are not competing interests. The Christian Faith is divided into six parts, five of which each focus on an aspect of God, while the first part sets up an understanding and appreciation for the task of theology itself, addressing topics like: The source of theology (where the idea of theology comes from and what its limits are). The origin of the canon (how the modern Bible came about and why we can trust it). The character of theology (is the nature of theology practical, theoretical, or can it be both?). In a manner equally as welcoming to professors, pastors, students, and armchair theologians; Horton has organized this volume in a readable fashion that includes a variety of learning features: A brief synopsis of biblical passages that inform certain doctrines. Surveys of past and current theologies with contemporary emphasis on exegetical, philosophical, practical, and theological questions. Substantial interaction with various Christian movements within the Protestant, Catholic, and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity. Charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics. At the heart of this

book is a deep love for and curiosity about God. Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology. It isn't possible to know God without studying him.
