The Dawn and Its Light Piper CJ,2024-03-05 An addictive fantasy romance from TikTok sensation Piper CJ, and the explosive finale to The Night and Its Moon. Nox and Amaris must fight once and for all to protect their people, their future, and each other. All that remains... If Nox and Amaris are ever to have the life together they've always hoped for, they will have to use all the power and strength within them to protect their continent. When powerful enemies from Sulgrave wielding unspeakable access to magic threaten to shatter their world for good, they must join with Raascot's military, the reevers, and an unlikely ally from the mountains to have any hope of saving their kingdoms. Together, their forces press north across deadly wastelands, facing unknowable threats, impossible battles...and new questions of what their fate truly holds. Their entire lives have been building toward this moment. Caught between faith and frenzy, questions and identity, love and lust, past and present, Nox and Amaris must fight once and for all to protect their people, their future, and each other.

Secret of the Veda, New U.S. Edition Sri Aurobindo,2018-05-25 Sri Aurobindo breaks new ground in interpreting the ancient Vedas. His deeper insight into this came from his own spiritual practices for which he found vivid allegorical descriptions in the Vedas. Sri Aurobindo was able to uncover the mystery of the double meanings, the inner psychological and yogic significance and practices and the consistent, clear sense brought by this psychological view of the Vedic hymns. Finally, the true inner meaning of the Veda and its relevance to the seeking after self-realization and enlightenment is revealed.

The Secret of the Veda Sri Aurobindo,2003 A study of the way of writing of the Vedic mystics, their philosophic system, their system of symbols and the truths they figure, and translations of selected hymns of the Rig-Veda. Is there at all or is

there still a secret of the Veda? Sri Aurobindo asks in the opening sentence of this book. He examines the ritualistic and naturalistic theory of nineteenth-century European scholars and then sets forth his own view: The hypothesis I propose is that the Rig-veda is itself the one considerable document that remains to us from the early period of human thought of which the historic Eleusinian and Orphic mysteries were the failing remnants, when the spiritual and psychological knowledge of the race was concealed, for reasons now difficult to determine, in a veil of concrete and material figures and symbols which protected the sense from the profane and revealed it to the initiated... To disengage this less obvious but more important sense [of the Vedic ritual system] by fixing the import of Vedic terms, the sense of Vedic symbols and the psychological functions of the Gods is thus a difficult but necessary task, for which these chapters and the translations that accompany them are only a preparation. Contents: The Problem and its Solution: A Retrospect of Vedic Theory; Modern Theories; The Philological Method of the Veda; Agni and the Truth; The Victory of the Fathers; The Conquest over the Dasyus; Selected Hymns; Hymns of the Atris; The Origins of Aryan Speech . Subjects: Indology, Philosophy
