Return of the Hustle Eric Sheinkop, 2016-03-11 Has a commercial ever brought you to tears? Has a movie ever inspired you so much you change your way of life? Has the series finale of a television show ever broken your heart? Has a video game ever altered your perception of reality? If you're like most consumers, you answered 'yes' to at least one of those questions. Whether you remember it or not, the music of that ad, film, show or game probably played a big role in influencing your emotional response during that experience. In fact, music is included in media specifically for the purpose of connecting with audiences on a deeper level that visuals alone cannot access. A strong music strategy is fundamental to the success of television, film, brands and video games. Because of higher expectations for audiovisual content, it will take more than clever animation or a celebrity cameo to connect with consumers in an authentic, organic way. By providing audiences with a genuine music experience, whether with an exclusive song through an artist partnership or by featuring new music from an emerging band, you can build a bond that extends far beyond product experience. Music touches us emotionally in a way that words seldom do. We feel it - we remember it. In *Return of The Hustle*, a leading music and marketing industry insider discusses the diverse audio touchpoints for four key industries and shows how marketers, storytellers, and advertisers can use music to effectively guide audiences along the customer journey from passive consumers to brand advocates. *Return of The Hustle* provides readers with a blueprint for music strategy that professionals at any level in any industry can use to attract consumers, immerse them into the content, and extend relationships between them and the brand long after the commercial ends or the credits roll. With detailed case studies, exhaustive interviews, and thorough research, *Return of the*

Hustle gives readers the playbook to use the marketing power of music to drive business results.

**Girlhood, Schools, and Media** Michele Paule, 2016-09-13 This book explores the circulation and reception of popular discourses of achieving girlhood, and the ways in which girls themselves participate in such circulation. It examines the figure of the achieving girl within wider discourses of neoliberal self-management and post-feminist possibility, considering the tensions involved in being both successful and successfully feminine and the strategies and negotiations girls undertake to manage these tensions. The work is grounded in an understanding of media, educational, and peer contexts for the production of the successful girl. It traces narratives across school, television and online in texts produced for and by girls, drawing on interviews with girls in schools, online forum participation (within the purpose-built site [www.smartgirls.tv](http://www.smartgirls.tv)), and girls' discussions of a range of teen dramas.

**Vampires, Race, and Transnational Hollywoods** Dale Hudson, 2017-05-18 The figure of the vampire serves as both object and mode of analysis for more than a century of Hollywood filmmaking. Never dying, shifting shape and moving at unnatural speed, as the vampire renews itself by drinking victims' blood, so too does Hollywood renew itself by consuming foreign styles and talent, moving to overseas locations, and proliferating in new guises. In *Vampires, Race, and Transnational Hollywoods*, Dale Hudson explores the movement of transnational Hollywood's vampires, between low-budget quickies and high-budget franchises, as it appropriates visual styles from German, Mexican and Hong Kong cinemas and off-shores to Canada, Philippines, and South Africa. As the vampire's popularity has swelled, vampire film and television has engaged with changing discourses around race and identity not always addressed in realist modes. Here, teen vampires comfort misunderstood youth, chador-wearing skateboarder vampires promote transnational feminism, African American and Mexican American vampires recover their repressed histories. Looking at contemporary hits like *True Blood*, *Twilight*, *Underworld* and *The Strain*, classics such as Universal's *Dracula* and *Dracula*, and miscegenation melodramas like *The Cheat* and *The Sheik*, the book reconfigures Hollywood historiography and tradition as fundamentally transnational, offering fresh interpretations of vampire media as trans-genre sites for political contestation.

Scomo Diaries, The Tosh Greenslade,2020-11 All aboard the Scomo Express as our hero pulls back the lid on the life and times of one of history's great leaders and humbly serves up -a steaming meat pie of everyman wisdom for the hungering masses. These are the unofficial chronicles of Scotty's first 18 months in his new role as head honcho of the largest marketing firm in the country - the Australian Federal Government - as it unfolded, completely devoid of any self-aggrandisement, double-speak, sleight-of-hand or other dirty shenanigans played by the Opposition. Thrill as the man who put the Scotty into Marketing tells how he honed his Sharkies lovin', beer drinkin', God fearin', cap wearin', Daggy Dad alter ego and used it to such miraculous effect. Marvel at how he developed such classic slogans as 'The Bill Australia can't afford', 'I'm listening. I'm hearing. I'm doing', and the immortal 'If you have a go, you'll get a go'. Like an egg to the back of your head, you will be blindsided by the rush of adrenaline as the Boy from Bronte waltzes from the boardroom to the world stage, becoming besties with The Donald, all while keeping the Lucky Country lucky, the Newspolls honest and the Prince of Darkness from reanimating himself in the form of backstabbing Coalition aspirants. From the inner-workings of BORDERFORCE!., to what really happened at the Engadine Maccas, this candid, compelling and completely unofficial diary is your backdoor access to the halls of power. With all that sweat, blood and cheers, who wouldn't deserve a tropical holiday?
