When? Where? Why? Edward Brittingham,2017-11-30 When? Where? Why? By: Edward Brittingham When? Where? Why? is a reminder of how the centuries of war and conflicts have changed our country. Terrorism, such as ISIS, creates a strategy to end this volatile enemy. Benghazi, still blazing, will go on forever. The subject of emails and associated matters gives a new enlightened view of things to come. The presidential election, the Obama connection, and the initial moves of the presidential elect, close out this chapter. After eight years of disguising the United States of America, the summation of facts makes him a disgrace to this most high office. Edward Brittingham addresses all of these issues in his latest book. This is a must read!

World War II Timeline: Facts, Summary, History, Dates, Combatants Jarrett Dykema,2021-04-20 Hitler's invasion of Poland in September 1939 drove Great Britain and France to declare war on Germany, marking the beginning of World War II. Over the next six years, the conflict would take more lives and destroy more land and property around the globe than any previous war. The major battles and events of the war are put in a larger context of world events and history so that you will have a solid and fundamental understanding of World War II, a conflict whose consequences we are still feeling today. More entertaining and more relevant than most history books, *World War Two, How the World Changed Forever* will change how you think of this transformative event. When you finish this short but information-filled book, you will understand why WWII began, how the roots of the conflict went back to the end of WWI and the Treaty that ended the so-called War to End All Wars.
