

Artaxerxes I Of Persia

Maria Brosius

Artaxerxes. A serious opera [by P.A.D.B. Metastasio, tr. and adapted by T.A. Arne.]. Roach's ed Pietro Antonio D.B. Metastasio,1819

Pharaohs of the Achaemenid Dynasty of Egypt Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 22. Chapters: Arses of Persia, Artabanus of Persia, Artaxerxes III, Artaxerxes I of Persia, Bardiya, Cambyses II, Darius I, Darius III, Sogdianus of Persia, Xerxes II of Persia. Excerpt: Darius I (Persian: D rayava(h)u; 550-486 BCE) was the third king of the Achaemenid Empire. Also called Darius the Great, he ruled the empire at its peak, when it included much of West Asia, the Caucasus, Central Asia, parts of the Balkans (Bulgaria-Romania-Pannonia), portions of north and northeast Africa including Egypt (Mudraya), eastern Libya, coastal Sudan, Eritrea, as well as most of Pakistan, the Aegean Islands and northern Greece/Thrace-Macedonia. Darius ascended the throne by overthrowing the alleged magus usurper of Bardiya with the assistance of six other Persian noble families; Darius was crowned the following morning. The new king met with rebellions throughout his kingdom and quelled them each time. A major event in Darius's life was his expedition to punish Athens and Eretria for their aid in the Ionian Revolt and subjugate Greece. Darius expanded his empire by conquering Thrace and Macedon and invading Scythia, home of the Scythians, nomadic tribes who invaded Media and had previously killed Cyrus the Great. Darius organized the empire by dividing it into provinces and placing satraps to govern it. He organized a new uniform monetary system, along with making Aramaic the official language of the empire. Darius also worked on construction projects throughout the empire, focusing on Susa, Pasargadae, Persepolis, Babylon and Egypt. Darius devised a codification of laws for Egypt. He also had the cliff-face Behistun Inscription carved, an autobiography of great modern linguistic significance. Darius also started many massive architectural projects, including magnificent palaces in Persepolis and Susa. (or) is...

Genealogical chronology of the world before Christ, ed. by K.A. McMurdo Albert Welles,1889

A History of Ancient Persia Maria Brosius,2020-10-29 An innovative approach to the history of the First Persian Empire, offering an accessible historical narrative for students and general readers alike A History of the Achaemenid Empire considers archaeological and written sources to provide an expansive, source-based introduction to the diverse and

culturally rich world of ancient Achaemenid Persia. Assuming no prior background, this accessible textbook follows the dynastic line from the establishment and expansion of the empire under the early Achaemenid kings to its collapse in 330 BCE. The text integrates the latest research, key primary sources, and archaeological data to offer readers deep insights into the empire, its kings, and its people. Chronologically organized chapters contain written, archaeological, and visual sources that highlight key learning points, stimulate discussion, and encourage readers to evaluate specific pieces of evidence. Throughout the text, author Maria Brosius emphasizes the necessity to critically assess Greek sources—highlighting how their narrative of Achaemenid political history often depicted stereotypical images of the Persians rather than historical reality. Topics include the establishment of empire under Cyrus the Great, Greek-Persian relations, the creation of a Persian ruling class, the bureaucracy and operation of the empire, Persian diplomacy and foreign policy, and the reign of Darius III. This innovative textbook: Offers a unique approach to Achaemenid history, considering both archaeological and literary sources Places primary Persian and Near Eastern sources in their cultural, political, and historical context Examines material rarely covered in non-specialist texts, such as royal inscriptions, Aramaic documents, and recent archaeological finds Features a comprehensive introduction to Achaemenid geography, Greek historiography, and modern scholarship on the Persian War Part of the acclaimed Blackwell History of the Ancient World series, *A History of the Achaemenid Empire* is a perfect primary textbook for courses in Ancient History, Near Eastern Studies, and Classical Civilizations, as well as an invaluable resource for general readers with interest in the history of empires, particularly the first Persian empire or Iranian civilization.
