

Basilica Di San Giovanni Maggiore

Touring club italiano

Biblical Commentaries from the Canterbury School of Theodore and Hadrian Bernhard Bischoff, Michael Lapidge, 1994 This volume includes the first edition of a previously unknown text which throws wholly new light on the intellectual history of early medieval Europe. The biblical commentaries (never before printed or studied) represent the teaching of two extraordinarily gifted Greek scholars who came to England from the Byzantine East. Theodore, archbishop of Canterbury (668-90) and his colleague Hadrian (d. 710) established a school in Canterbury, to which they brought a wealth of experience and learning. These scholars applied their knowledge to the exposition of the Bible to a small group of Anglo-Saxon scholars, who recorded their teaching. The commentaries throw new light on the range of subjects which were taught in Canterbury at the time: medicine, philosophy, rhetoric, Roman civil law, as well as the biblical text itself, illustrating what was undoubtedly the high point of biblical scholarship between late antiquity and the Renaissance. Because both Hadrian and Theodore were from Greek-speaking parts of the Roman empire, their commentaries reveal new links between the Byzantine East and the Latin West in the seventh century. The present commentaries, found by Professor Bischoff in Milan in 1936, constitute one of the most important medieval texts discovered this century. The edition is introduced by substantial chapters on the intellectual background of the texts, their manuscript sources, the lives and milieux of the two Greek scholars. The Latin texts themselves are accompanied by facing English translations and extensive notes.

The Temple of Peace in Rome Pier Luigi Tucci, 2017-11-16 In this magisterial two-volume book, Pier Luigi Tucci offers a comprehensive examination of one of the key complexes of Ancient Rome, the Temple of Peace. Based on archival research and an architectural survey, his research sheds new light on the medieval, Renaissance, and Baroque transformations of the basilica, and the later restorations of the complex. Volume 1 focuses on the foundation of the complex under Vespasian until its restoration under Septimius Severus and challenges the accepted views about the ancient building. Volume 2 begins with the remodelling of the library hall and the construction of the rotunda complex, and examines the dedication of the Christian Basilica of SS Cosmas and Damian. Of interest to scholars in a range of topics, *The Temple of Peace in Rome* crosses the boundaries between classics, archaeology, history of architecture, and art history, through Late Antiquity, the Middle Ages, and the early modern period.

Journey to Italy Marquis de Sade, 2020-05-06 Available for the first time in English, the Marquis de Sade's Journey to

Italy provides new insight into the early life and career of this famous radical libertine writer.

Pirro Ligorio's Worlds, 2018-12-24 Pirro Ligorio's Worlds brings renowned Ligorio specialists into conversation with emerging young scholars, on various aspects of the artistic, antiquarian and intellectual production of one of the most fascinating and learned antiquaries in the prestigious entourage of Cardinal Alessandro Farnese. The book takes a more nuanced approach to the complex topic of Ligorio's 'forgeries', investigating them in relation to previously neglected aspects of his life and work.

Florence Touring club italiano, 1999 For over a century, the Touring Club of Italy has been publishing the country's most authoritative guidebooks and maps. The Heritage Series is the expert's guide to travel and sightseeing in Italy. Each volume includes museums, town histories, churches, landmarks, and archaeological sites. There are dozens of maps that give an overview of each city, plus detailed neighborhood plans. Listings of accommodations and restaurants are complete with addresses, price ranges, hours, and phone and fax numbers.

San Giovanni Maggiore. Architettura e arte alle porte della Napoli antica Alfredo Buccaro, Raffaele Ruggiero, 2016

Una disamina delle fonti bibliografiche, dei documenti archivistici, del repertorio iconografico e cartografico utile a ricostruire le fasi salienti dell'affascinante storia architettonica e artistica di uno dei monumenti più insigni della nostra città. La Basilica di San Giovanni Maggiore è il risultato di eventi spesso infausti e persino delittuosi, di interventi a dir poco incauti a cui i recenti restauri solo in parte hanno potuto porre rimedio. Eppure, è stato restituito alla città non solo un importante luogo di culto ma, grazie alla cura costante e all'uso adeguato da parte dell'Ordine degli Ingegneri di Napoli, un polo di cultura e di aggregazione sociale sito in un'area così significativa del centro storico di Napoli, Patrimonio dell'Umanità dal 1995. Alla descrizione dell'architettura e dell'arte della Basilica è stato anteposto un quadro delle vicende urbanistiche che, in età tardoantica e nell'Alto Medioevo, ebbero quale fulcro l'altura di Monterone, oggi largo di San Giovanni Maggiore, seguendo un disegno irregolare e tortuoso, conservatosi intatto sino a noi. L'opera propone nella seconda parte un'analisi sintetica e aggiornata del repertorio delle opere d'arte esistenti tuttora nella Basilica, nonché di quelle collocate in altre sedi allo scopo di preservarle o di eseguirne gli opportuni restauri.
