Letters and Diaries of Kathleen Ferrier Kathleen Ferrier,2003 Within a decade this former telephone exchange operator was singing on stage at Covent Garden or before royalty at private parties. She must have been fun to know, and from this collection of letters, just over three hundred of them gathered from sources in Britain, America, Canada and Holland, as well as twelve years of her personal diaries, what emerges provides a sunny picture in the gloomy landscape of post-Second World War days.

Linguistics for Singers Gregory Camp,2023-08-22 *Linguistics for Singers: An Introduction* is a textbook and manual that provides singers with a foundation in linguistic features of four major singing languages—English, Italian, French, and German—and shows how these features can be used to inform vocal performance and interpretation. Going beyond the basics of lyric diction, a grounding in linguistics enables student musicians to understand language holistically and more fully

comprehend the music they are learning. The comparative approach to four common languages allows readers to readily grasp similarities and apply principles across vocal repertoire. Beginning with the sounds of a language and gradually moving up through larger levels of linguistic structure, from words to full texts, the chapters illustrate concepts using real examples from art songs and opera. The clear explanations enable readers new to linguistics to connect these concepts with their own musical practice. Designed for flexible use in courses on language and singing, lyric diction, repertoire studies, and collaborative piano, this book provides a vital resource for singers, vocal instructors, and conductors.

The Penguin Book of English Song Richard Stokes,2016-04-07 The Penguin Book of English Song anthologizes the work of 100 English poets who have inspired a host of different composers (some English, some not) to write vocal music. Each of the chapters, arranged chronologically from Chaucer to Auden, opens with a precis of the poet's life, work and, often, approach to music. Richard Stokes's notes and commentaries constantly illuminate the language and themes of the poems and their settings in unexpected ways. An awareness of how Ben Jonson based his famous poem 'Drinke to me, onely, with thine eyes' on a Greek original, for example, increases our enjoyment of both the poem and the traditional song; knowledge of Thomas Hardy's relationships with women deepens our appreciation of songs by Ireland, Finzi, Britten and others; Charles Dibdin's 'Tom Bowling', played each year at the Last Night of the Proms, takes on a deeper resonance when we know that it was written after the death of his brother Tom, a sea captain struck by lightning in the Indian Ocean. Many composers of different nationalities appear, but the book remains quintessentially British, and includes pieces that have an established place in our national consciousness: 'Rule, Britannia' (James Thomson), 'Abide with me' (Henry Francis Lyte), 'Auld lang syne' (Robert Burns), 'Jerusalem' (William Blake), 'Once in royal David's city' (Mrs C. F. Alexander), and even 'Twinkle, twinkle, little star' (Jane Taylor). The poems are printed in their original versification and spelling, enabling us to trace the development of the English language as the book progresses. The volume presents a huge amount of information about English Song that will enlighten all those who delight in the fusion of words and music. The presence of minor as well as major poets and the unique principle of selection make The Penguin Book of English Song a highly original anthology of English verse.
