A Woman's Guide to a Female Led Relationship Victoria West, 2017-01-05 I am writing this book for the woman who is interested in being in a Female Led Relationship. It is for the women who is at her wits end and is tired of the same old thing with the same men. She is tired of being an object in her relationship. She is tired of not getting satisfied in bed. She is tired of sleeping on the wet spot while her lover rolls over and falls asleep. She is tired of being overlooked and taken for granted. This is not a book of erotic titillating stories. While in later chapters I will give you a variety of ideas to take erotic control of your partner, my primary purpose is to give you a realistic illustration as to what to expect and think about when you are in a relationship like this. We have all dated that guy who wanted sex all the time and was really kinky in the bedroom. The kind of guy that wants to do it in the back yard while you're wearing a red satin teddy or a guy who wants to watch while you are pleasuring yourself with your magic vibrating egg. But a Female Led Relationship is more than just kinky sex. It's actually a very small part of it. It is first and foremost a relationship between two consenting adults. It isn't just one or two steamy and kinky moments of passion. It's a way of living. It's a lifestyle with the woman at the helm.

Queendom Marisa Rudder, 2021-10 Even Marisa Rudder, the author of the world's bestselling Love & Obey Female Led Relationship book series, writing a good sequel can be daunting. Especially, when the author must top her previous bestselling books Love & Obey and Real Men Worship Women. How can you do that without rehashing old points, how do you make it bigger and better and continue redefining male and female led relationships and sexuality. Queendom | The Ultimate Guide to a Female Led Relationship is a sequel that is better than the original and builds on what Marisa's readers already know and enjoy about the Love & Obey Female Led Relationship book series. Marisa throws her readers into a series of daunting new questions that challenge their beliefs in old school Femdom and forces us to evolve. Marisa casts new light and even infuses humor into some traditionally dark and sado-masochistic subjects and she ends up bringing a new poignancy to the modern loving female led relationship. For this reason, some readers are saying, Queendom | The Ultimate Guide to a Female Led Relationship elevates an already successful series of books and even tops them, including Marisa's groundbreaking books Love & Obey and Real Men Worship Women. Find out why readers are saying this new book is even better than those originals. Marisa has always been willing to risk being delightfully weird and going against the traditional establishment. In her latest book, she continues to strive for the elimination of the patriarchy as she strips away some of the darker elements of Femdom and replaces them with a more loving and grander vision of female led life. Many readers think female led relationships will be all the better for it. In Marisa's latest excursion into her female led world Queendom | The Ultimate Guide to a Female Led Relationship manages to return to the true roots of Love & Obey and allows her readers to embrace what makes each of us so different, even in the face of social persecution. Join Marisa as she continues to explore a whole new feminist social and political context for loving female domination and proud male submission.

Extraordinary Wing Women Kimothy Joy, 2023-11-07 A beautifully illustrated gift book celebrating the beauty, power, and joy of female friendship. Wingman: a pilot who flies behind and outside the leader of a flying formation. While researching her first book, *That's What She Said*, Kimothy Joy discovered that the famous women she was profiling were not alone in their success. Each of them were propelled forward by a supporter—a wing woman—a sister, a mom, a best friend, a close confidant. The remarkable partnerships they shared were as multifaceted and complex as the individual women themselves. *Extraordinary Wing Women* is Joy's tribute to the importance of female camaraderie. This collection features 33 stories, each varying in length, accompanied by watercolor portraits, illustrations, and hand-lettered quotes. Some will be familiar power duos—Oprah and Gayle, Helen Keller and Anne Sullivan, Venus and Serena Williams. Others are less known though just as

inspiring such as the friendship of Julia Child and her editor Avis DeVoto, Junko Tabei and her all-women mountaineering team, and the Mariposas—the Mirabel sisters who overthrew a dictator in the Dominican Republic. The women featured are from across the world and from diverse periods of history. They are activists, artists, scientists, politicians, athletes, musicians, writers, and more—role models for every woman. Joy dedicates *Extraordinary Wing Women* to the generations of women who are dismantling the myth that we must compete with one another to pursue and achieve our dreams. History and fiction have shown that we are stronger when we support one another. Joy hopes to inspire and teach us that we, too, have our own wings and can soar higher than ever before with our wing women beside us. The book includes a blank spread at the end which readers can use to honor the Extraordinary Wing Woman in their own lives by writing or drawing their own tribute story.

Women's Stories Linda LeValley Cervantes, 1985

Her Guiding Hand T. Andred, 2017-09-15 A collection of eight romantic stories about women who take no nonsense from their menfolk. The stories feature girlfriends (and would-be girlfriends), brides, wives and community leaders. All of whom know how to guide and get the best from the men in their life. The stories have plenty of domestic spanking action, but focus in particular on the characters, their feelings and motivations. (This would be a good book to share with someone

interested in knowing more about a disciplinary Female Led Relationship - especially the one entitled 'A Female Led Wedding'). Some of the stories are short and sweet, like 'An English School Reunion' in which an old school leaver learns he left not only a not quite lost love behind at school, but also an unpaid disciplinary debt she is eager to dispense. Others are longer and go deeper into the inner life of the 'disciplinary woman' - like the quirky and sensually eccentric 'Anna' or the repressed minister's wife, Mrs Evermore, in 'Jack, the Women's Council, and Sarah's Mother'. (Approx. length 65,000 words)

Enterprising Women Camille Bacon-Smith, 1992 Having ninety percent of its members who are women, this is a study of the worldwide community of fans of Star Trek and other genre television series who create and distribute fiction and art based on their favorite series. This community includes people from various walks of life - housewives, librarians, and professors of medieval literature.

How to Set Up an FLR Georgia Ivey Green, 2013 This book is meant to be a definitive guide to Female Led Relationships. If you are interested in starting an FLR this book will help. Though there is no objectionable language used in the writing of this book, it does deal explicitly with various aspects of sexuality including, but not limited to, BDSM. If you have ever thought about trying an FLR, or have tried and failed, you need this book. It will show both men and women how to approach your partner, how to create an agreement, how to take control, how to maintain control and how to avoid major pitfalls of any relationship, FLR or not, and even have some fun doing it. It will help you overcome fears and guilt of being in charge. Whether you are married, living together, or just dating, the information in this book can help you determine what type of relationship suits you best. Whether that happens to be male or female led, makes no difference. The principles are the same. Ms. Green has outdone herself with this volume. Everything is written in easy to read, easy to understand terms. She even teaches you how to use your imagination, to be creative, and to think on your own. Her understanding of D/s relationships goes far beyond anything I have ever read before. She dispels the usual stereotypes and shows you why you don't have to try to live up to them. She teaches you to be yourself and still enjoy all the benefits of an FLR. Through the use of a few simple questionnaires, you will learn what kind of relationship you currently have, what you want, and what will work best for you and your partner. - Robert Athos

Unrequited Lisa A. Phillips, 2024-01-17 The summer Lisa A. Phillips turned thirty, she fell in love with someone who didn't return her feelings. She became obsessed, following him around, calling him compulsively, and talking about him endlessly. One desperate morning, after she snuck into his apartment building, he picked up a baseball bat to protect himself and

threatened to dial 911. Her unrequited love had changed her from a sane, conscientious college teacher and radio reporter into someone she barely recognized—someone who had taken her yearning much too far. In *Unrequited*, Phillips explores the tremendous force of obsessive love in women's lives. She argues that it needs to be understood, respected, and channeled for personal growth—yet it also has the potential to go terribly awry. Interweaving her own story with frank interviews and in-depth research in science, psychology, cultural history, and literature, Phillips describes how romantic obsession takes root, grows, and strongly influences our thoughts and behaviors. Going beyond images of creepy, fatally attracted psychos, male fantasies of unbridled female desire, and the platitudes of self-help books, Phillips offers compelling insights to help any woman who has experienced unrequited obsessive love and been mystified and troubled by its grip. An ingenious hybrid of memoir, case study, scientific inquiry, and intellectual history not only of unrequited love but of Love, full stop, with a capital L. —Washington Post There is no cure for the pain of rejection, although researchers are working on it. Until then, Phillips suggests we 'honor passion by confining and using it instead of letting it diminish us.' —Chicago Tribune

REDESIGNING WOMEN Amanda D. Lotz, 2006-04-13 In the 1990s, American television audiences witnessed an unprecedented rise in programming devoted explicitly to women. Cable networks such as Oxygen Media, Women's Entertainment Network, and Lifetime targeted a female audience, and prime-time dramatic series such as *Buffy the Vampire Slayer*, *Judging Amy*, *Gilmore Girls*, *Sex and the City*, and *Ally McBeal* empowered heroines, single career women, and professionals struggling with family commitments and occupational demands. After establishing this phenomenon's significance, Amanda D. Lotz explores the audience profile, the types of narrative and characters that recur, and changes to the industry landscape in the wake of media consolidation and a profusion of channels. Employing a cultural studies framework, Lotz examines whether the multiplicity of female-centric networks and narratives renders certain gender

stereotypes uninhabitable, and how new dramatic portrayals of women have redefined narrative conventions. Redesigning Women also reveals how these changes led to narrowcasting, or the targeting of a niche segment of the overall audience, and the ways in which the new, sophisticated portrayals of women inspire sympathetic identification while also commodifying viewers into a marketable demographic for advertisers.
