Governor David Weber, Richard Fox, 2021-06-01 For more than fifty years, the Terran Republic and the Terran League have been killing one another. The death toll has climbed ever higher, year after year, with no end in sight. But the members of the Five Hundred, the social elite of the Republic's Heart Worlds, don't care. Rear Admiral Terrence Murphy is a Heart Worlder. His family is part of the Five Hundred. His wife is the daughter of one of the Five Hundred's wealthiest, most powerful industrialists. His sons and his daughter can easily avoid military service, and political power is his for the taking. There is no end to how high he can rise in the Republic's power structure. All he has to do is successfully complete a risk-free military "governorship" in the backwater Fringe System of New Dublin without rocking the boat. But the people sending him to New Dublin have miscalculated, because Terrence Murphy is a man who believes in honor. Who believes in duty—in common decency and responsibility. Who believes there are dark and dangerous secrets behind the façade of what "everyone knows." Terrence Murphy intends to meet those responsibilities, to unearth those secrets, and he doesn't much care what the Five Hundred want. He intends to put a stop to the killing. Terrence Murphy is coming for whoever has orchestrated fifty-six years of bloodshed and slaughter, and Hell itself is coming with him. The Forever War Joe Haldeman,2022-11-24 Private William Mandella is a reluctant hero in an interstellar war against an unknowable and unconquerable alien enemy. But his greatest test will be when he returns home. Relativity means that for every few months' tour of duty centuries have passed on Earth, isolating the combatants ever more from the world for whose future they are fighting. The Earth he knew is dead. The one he returns to . . . unrecognisable. Winner of the Nebula, Locus and Hugo awards, *The Forever War* was the first title selected for the SF Masterworks series when it launched in 1999. Inspired by Haldeman's experience in the Vietnam War, it has been seen as a critical work of anti-war SF. Gates of Victory Rick Partlow, 2023-01-16 No enemy is so dangerous as when you think they're defeated. The Hive Mind has deceived the Americans and the Thacians into believing they had the strategy that would destroy it once and for all...and instead, they opened the gates through to Thacia and, from there, into the United States. And the demons streamed through by the tens of thousands, too many for artillery and air support to drive them back. The Army and Air Force keep pouring on the hurt, but it's only a matter of time until they're forced to do the unthinkable...nuke an American city. Unless Wash Williams and Valon of Thacia can retrieve an ancient alien artifact that might shut down all the gates for good. Or it might just destroy everything. The third and final installment in the Gates of Eternity Military Sci-Fi Series from Rick Partlow, the bestselling author of the Drop Trooper Series. It's perfect for fans of Jasper T. Scott, Scott Bartlett, and David Weber.

Forged in Fire Kayelle Allen, 2017-12-27 No food. No shelter. No weapons. Enemies aplenty. And the only one watching his back is his captor. Betrayed and stranded on a hostile alien planet, immortal king Pietas faces a dire ultimatum: half a million of his loyal followers lie ensnared in cryopods, set to unlock simultaneously—potentially sealing their doom. With no technology or resources at his disposal, these pods threaten to become tombs instead of sanctuaries. As the clock ticks down, Pietas must summon every ounce of cunning to forge unexpected alliances. At his side is his sharp-tongued former captor, whose quick wit may be as dangerous as it is helpful, a brilliant telepathic weapons designer harboring secrets of her own, and a tribe of sentient panthers serving as his honor guard. In a race against time, Pietas must navigate treacherous family betrayals and external threats to save his people from a gruesome fate. Will he rise to reclaim his throne, or watch as his legacy crumbles into oblivion? Military sci-fi without the weaponry, but enemies and action aplenty. See trigger warnings at the top of my website menu. Be aware: I don't say a character is claustrophobic—I write it in a way that tightens your own throat in empathy.

A Call to Duty David Weber, Timothy Zahn, 2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management).
