The Healing Code Alex Loyd,Ben Johnson,2011 In 2001, Dr. Alexander Loyd discovered how to activate a physical function built into the body that removes the source of up to 95% of all illness and disease. The neuro-immune system can then do its job of healing whatever is wrong in the body. Dr. Loyd's findings were validated by tests and by thousands of people from all over the world who have used The Healing Code system to correct virtually any physical, emotional, or relational issues, as well as breakthroughs in career success.--Dust jacket flap.

Spiritual Warfare, Salvation and Survival in the Age of Chaos Leonard Horowitz,2024 As artificial intelligence (AI), robotics, biotechnologies, certain frequencies, and even 'bioweaponry' advances commercially and militarily with the latest drugs, vaccines, and population controlling methods, civilization is converting for better or worse to transhumanism. Proponents claim transhumanism will convey greater quality of life, sustainability, and commercial benefits for humanity. Critics counter with unanswered ethical, moral, philosophical, theological, religious, and medical/legal questions, many arguing Big Tech and Big Pharma's partnership is threatening civilization with extinction. All agree that humanity is doomed without transparency and preemptively debating these myriad questions. While legislators and regulators remain ill-informed, no one is righteously stewarding the transhumanist movement, nor coping with the overwhelming complexity of these issues. Widespread corruption and dysfunction of governments operating under the influence of special interests make matters worse and increases risks. Foremost among the largely ignored questions risking salvation and survival, is the question of bioenergy, or human spirituality. Physical and metaphysical impacts of bioelectronics and wireless technologies raise crucial questions impacting especially God-loving religious people. These unanswered and ill-considered questions, central to the entire transhumanist movement and Forth Industrial Revolution, is what this new book by multi-award-winning science, spirituality, and energy-medicine scholar, Dr. Leonard G. Horowitz, brilliantly addresses. In the book, *Spiritual Warfare, Salvation and Survival in The Age of Chaos*, Horowitz provides comprehensive coverage giving readers critical, in-depth, analysis and intelligence enabling informed choices on each of these sketchy and confusing matters. This education and 'edification' is for decision-makers, including you, the author says. This is urgent intel since the future of civilization, life, freedoms, health, and safety are at risk. As computers and humans increasingly merge, everyone is being vicariously forced to accept this technological revolution impacting 'evolution of the species,' 'survival of the fittest,' and 'higher consciousness.' Appropriately, Dr. Horowitz offers this critical, life-saving, and soul-searching reading. Published by the non-profit Medical Veritas International, Inc. (MedicalVeritas.org), the hardcover sells for \$60.00.
