Stravinsky in the Americas H. Colin Slim, 2019-03-05 Stravinsky in the Americas explores the “pre-Craft” period of Igor Stravinsky’s life, from when he first landed on American shores in 1925 to the end of World War II in 1945. Through a rich archival trove of ephemera, correspondence, photographs, and other documents, eminent musicologist H. Colin Slim examines the twenty-year period that began with Stravinsky as a radical European art-music composer and ended with him as a popular figure in American culture. This collection traces Stravinsky’s rise to fame—catapulted in large part by his collaborations with Hollywood and Disney and marked by his extra-marital affairs, his grappling with feelings of anti-Semitism, and his encounters with contemporary musicians as the music industry was emerging and taking shape in midcentury America. Slim’s lively narrative records the composer’s larger-than-life persona through a close look at his transatlantic tours and domestic excursions, where Stravinsky’s personal and professional life collided in often-dramatic ways.

*Cosmosexuals* Mark Gallagher, 2025 Mark Gallagher argues that contemporary male actors are deeply invested in acting sexy and in the personal and collaborative labor of creating sex appeal as a path to success in globalized cinema, both at the level of individual performances and in their star personas. Gallagher begins by theorizing sex appeal, how it is performed, and how it becomes legible to viewers outside of a film's culture of origin. He also sketches a history of actors' globalization, namely Americans' performances in international coproductions and foreign actors' paths into US film. Focusing on actors from non-US films who have found international success through Hollywood productions, he examines how actors of different national and ethnic backgrounds have used sexiness in their varied careers. He begins with examinations of white actors from Europe and the British Commonwealth, most especially Ryan Gosling, Tom Hardy, and Eric Bana, before moving into Latino actors such as Pedro Pascal, Edgar Ramírez, and Wagner Moura and Asian actors Tony Leung and Simu Liu. Gallagher returns to the exotic whiteness of Nordic Mads Mikkelsen and ends with British actor Idris Elba, who despite his star status is still hemmed in by the unique obstacles that face Black performers-- Provided by publisher.

**Modernist Mysteries: Persephone** Tamara Levitz, 2012-08-15 *Modernist Mysteries: Perséphone* is a landmark study that will move the field of musicology in important new directions. The book presents a microhistorical analysis of the premiere of the melodrama *Perséphone* at the Paris Opera on April 30th, 1934, engaging with the collaborative, transnational nature of the production. Author Tamara Levitz demonstrates how these collaborators-- Igor Stravinsky, André Gide, Jacques Copeau, and Ida Rubinstein, among others--used the myth of *Persephone* to perform and articulate their most deeply held beliefs about four topics significant to modernism: religion, sexuality, death, and historical memory in art. In investigating the aesthetic and political consequences of the artists' diverging perspectives, and the fall-out of their titanic clash on the theater stage, Levitz dismantles myths about neoclassicism as a musical style. The result is a revisionary account of modernism in music in the 1930s. As a result of its focus on the collaborative performance, this book differs from traditional accounts of musical modernism and neoclassicism in several ways. First and foremost, it centers on the performance of modernism, highlighting the theatrical, performative, and sensual. Levitz places Christianity in the center of the discussion, and questions the national distinctions common in modernist research by involving a transnational team of collaborators. She further breaks new ground in shifting the focus from history to memory by emphasizing the commemorative nature of neoclassic listening rituals over the historicist stylization of its scores, and contends that modernists captured on stage and in philosophical argument their simultaneous need and inability to mourn the past. The book as a whole counters the common criticism that neoclassicism was a reactionary musical style by suggesting a more pluralistic, ambivalent, and sometimes even progressive politics, and reconnects musical neoclassicism with a queer classicist tradition extending from Winckelmann through Walter Pater to Gide. *Modernist Mysteries* concludes that 1930s modernists understood neoclassicism not as formalist compositional approaches but rather as a vitalist art haunted by ghosts of the past and promissory visions of the future.

On Music, Money and Markets Thomas Baumert, Francisco Cabrillo, 2023-12-30 Did you know that Bach invested in mines? That Rossini improved his income by running casinos in the opera houses which on weekends performed his operas? Or that Puccini composed shorter arias to make them fit the length of gramophone disks as they reported him huge revenues? Or who was, in financial terms, the most successful classical composer in history? This book —the first of its kind— studies and compares the finances of twenty classical composers in their historical and economical context. Each chapter details and quantifies the sources of income of these musicians (wages, royalties, subsidies, percentages over the number of performances, arrangements, investments in the musical sector, etc), thus allowing to estimate the income they obtained due to their artistic — primarily compositional, but also related— activities. In addition, it also estimates the composer's expenditures, thus drawing a relatively complete image of their personal finances. This not only allows to conclude to create a

ranking of composers according to their economic success, but —more importantly— for the first time gives an accurate image of the financial situation of a broad set of composers. This allows to correct many false beliefs while also giving new insights on the relation between economics and music history.

**Stravinsky, Selected Correspondence: Igor, Catherine, and God** Igor Stravinsky,1982 This initial selection from the extraordinary lifetime of letters to and from Igor Stravinsky, annotated by his friend and associate Robert Craft, includes correspondence with W. H. Auden, Jean Cocteau, Lincoln Kirstein and other friends, as well as Stravinsky's letters to Nadia Boulanger, Ernest Ansermet, and Craft himself. The book presents a wealth of previously unpublished information about Stravinsky's relationships with other musicians, and about his methods of composition. The opening section, based on letters to Stravinsky from his first wife Catherine, is among the most important material yet made available for an understanding of the composer's personal and family life. If the exchanges with Auden (The Rake's Progress) and Cocteau (Oedipus Rex) take first place for general interest, the letters to Ansermet - who conducted more performances of Stravinsky's music than anyone but the composer himself - give a remarkable view of the musical and ballet worlds, especially of the Diaghilev period, and of the great impresario himself. This book, accompanied by two further volumes, is a major contribution to the Stravinsky canon and to the cultural history of the twentieth century.--whsmith.co.uk.
