

Mafia Opens Door To Gay People

Jianjun Gao

Stonewall David Carter, 2010-05-19 David Carter's Stonewall is the basis of the PBS American Experience documentary Stonewall Uprising. In 1969, a series of riots over police action against The Stonewall Inn, a gay bar in New York City's Greenwich Village, changed the longtime landscape of the homosexual in society literally overnight. Since then the event itself has become the stuff of legend, with relatively little hard information available on the riots themselves. Now, based on hundreds of interviews, an exhaustive search of public and previously sealed files, and over a decade of intensive research into the history and the topic, Stonewall: The Riots That Sparked the Gay Revolution brings this singular event to vivid life in this, the definitive story of one of history's most singular events. A Randy Shilts / Publishing Triangle Award Finalist Riveting...Not only the definitive examination of the riots but an absorbing history of pre-Stonewall America, and how the oppression and pent-up rage of those years finally ignited on a hot New York night. - Boston Globe

America in the Seventies Beth L. Bailey, 2004 The seventies witnessed economic decline in America, coupled with a series of foreign policy failures, events that created an air of unease and uncertainty. This volume examines the ways in which Americans responded to a changing world and sought to redefine themselves.

Truth, Lies and Control Michael A. Letts, 2024-10-29 Truth, Lies, and Control offers a penetrating analysis of the current societal chaos and the erosion of values once held sacred. The world and the nation are in a state of turmoil, a fact evident even to those with minimal or no faith. While it's easy to point fingers at the mainstream media, anarchists, racists, socialists, and other perceived culprits, Truth, Lies, and Control delves deeper, examining the emotional impact of witnessing the gradual collapse of values that previous generations fought to secure and uphold. The narrative acknowledges the rapid deterioration of the values, a decline more severe than many could have anticipated. Letts identifies key factors contributing to America's downward spiral, tracing their origins and highlighting their profound effects on individuals and institutions. These factors range from the radicalization of politics and education systems to the rise of extremist ideologies that challenge the core principles upon which America was built. Truth, Lies, and Control is a call to action for citizens concerned about America's moral freefall. It urges individuals to break free from passivity and engage in the battle that has arrived at their doorsteps. With a focus on reviving the truth, it encourages everyone to be vigilant in this battleground of ideas. It emphasizes the importance of understanding the issues, speaking up boldly, and defending moral truths that protect

children, communities, and personal values.

Safe Space Christina B. Hanhardt, 2013-12-04 Winner, 2014 Lambda Literary Award in LGBT Studies Since the 1970s, a key goal of lesbian and gay activists has been protection against street violence, especially in gay neighborhoods. During the same time, policymakers and private developers declared the containment of urban violence to be a top priority. In this important book, Christina B. Hanhardt examines how LGBT calls for safe space have been shaped by broader public safety initiatives that have sought solutions in policing and privatization and have had devastating effects along race and class lines. Drawing on extensive archival and ethnographic research in New York City and San Francisco, Hanhardt traces the entwined histories of LGBT activism, urban development, and U.S. policy in relation to poverty and crime over the past fifty years. She highlights the formation of a mainstream LGBT movement, as well as the very different trajectories followed by radical LGBT and queer grassroots organizations. Placing LGBT activism in the context of shifting liberal and neoliberal policies, *Safe Space* is a groundbreaking exploration of the contradictory legacies of the LGBT struggle for safety in the city.

Straight Answers about Homosexuality for Straight Readers David Loovis, 1977

The Secret Public Jon Savage, 2025-02-04 Rolling Stone [UK] — Best Music Books of the Year A monumental history of the gay influence on popular culture, from the rise of Little Richard to the collapse of disco in 1979: award-winning author Jon Savage takes us on a fast and captivating journey through the history of pop music as seen through the eyes of queer artists. Jon Savage, the author of the canonical *England's Dreaming*, explodes new ground in this electrifying history of pop music from 1955 through 1979. In demonstrating that gay and lesbian artists were responsible for many of the greatest cultural breakthroughs in the last half of the twentieth century, he shows that it was their secretly encoded music—appealing to a closeted but greatly oppressed public—which led to the historic dismantling of discriminatory gay laws and the fusion of queer and straight culture. Fittingly, Savage's kaleidoscopic work begins with the pomp-and-pompadour appearance of Little Richard, whose relentlessly driving sound, replete with gospel shrieks and sexual contortions, enthralled a generation of 1950s stultified white teenagers. Things soon went mainstream, as Elvis enthralled a nation with his seductive low moans and bump-and-grind twists, heavily derivative of Black music, while James Dean and Rock Hudson became the face of 1950s Hollywood; yet this explosion of queer expression remained covert and could not be accepted for what it was. While music, with supporting roles from cinema and fashion, became the key medium through which homosexuality could be clandestinely enacted, overt expressions of gay behavior were met with arrests and crackdowns. While hippies reveled in 1967's "Summer of Love," gays remained "harassed by police, demonized by the media and politicians, imprisoned simply for being who they were." J. Edgar Hoover, himself a closeted homosexual, continued to spy on homosexual deviants; CBS's Mike Wallace aired an invidious show about homosexuality; and the New York police continued to raid gay bars. Yet the music itself produced a cultural eruption that simply could not be stanchied. While Bette Midler sang "Boogie Woogie Bugle Boys" to a Continental

Baths audience of 600 gay men, all naked except for towels, David Bowie “blew the whole topic wide open” and “became the most totemic pop star of his generation.” Even though roadblocks remained, the gear-grinding crunch of the music signaled that the gay civil rights movement could no longer be suppressed. Ending the narrative with the sudden collapse of disco, The Secret Public asserts then that the genie was out of the bottle, that queer culture had finally entered the mainstream, producing a transcendent vision of pop culture that could never be marginalized again.

Marsha Tourmaline, 2025-05-20 THE NATIONAL BESTSELLER Featured in The New York Times's Nonfiction to Read This Spring Black transgender luminary Tourmaline brings to life the first definitive biography of the revolutionary activist Marsha P. Johnson, one of the most important and remarkable figures in LGBTQIA+ history, revealing her story, her impact, and her legacy. “She is the preeminent and foremost scholar on Marsha P. Johnson. . . . To us, Tourmaline is the expert.”—Janet Mock, Allure “Thank god the revolution has begun, honey.” Rumor has it that after Marsha P. Johnson threw the first brick in the 1969 Stonewall Uprising, she picked up a shard of broken mirror to fix her makeup. Marsha, a legendary Black transgender activist, embodied both the beauty and the struggle of the early gay rights movement. Her work sparked the progress we see today, yet there has never been a definitive record of her life. Until now. Written with sparkling prose, Tourmaline’s richly researched biography Marsha finally brings this iconic figure to life, in full color. We vividly meet Marsha as both an activist and artist: She performed with RuPaul and with the internationally renowned drag troupe The Hot Peaches. She was a muse to countless artists from Andy Warhol to the band Earth, Wind & Fire. And she continues to inspire people today. Marsha didn’t wait to be freed; she declared herself free and told the world to catch up. Her story promises to inspire readers to live as their most liberated, unruly, vibrant, and whole selves.

Edward Albee and the Emergence of Difference and Diversity in US and World Theatre David A. Crespy, Les Gray, 2025-09-08 This collection of essays seeks to present articles that examine the early ventures of the 1960s and 1970s in the progressive theatre of identity with a new contemporary view, considering the intersection of race, gender, ethnicity, economic class, and sexual orientation. In 1964, Edward Albee and his producers, Richard Barr and Clinton Wilder, produced *Funnyhouse of a Negro* by Adrienne Kennedy, and *Dutchman* by Amiri Baraka (then, Leroi Jones), and by 1968, had produced the seminal gay drama, *The Boys in the Band* by Mart Crowley. No other major American playwright of this period (including Thornton Wilder, Arthur Miller, Tennessee Williams, or William Inge) produced the plays of their junior colleagues with a specific focus on difference and diversity. For most scholars, these productions and Albee’s involvement in them are a somewhat obscure footnote in theatre history. But they remain important for their early support of diverse voices. Even as Albee’s career was skyrocketing, he and his producers had begun a producing project that sowed the seeds of diversity, equity, and inclusion in a decidedly anti-racist, decolonizing, and progressive move that still resonates powerfully today. While this book is not a hagiography and does not intend to paint Albee as without his own critical failings in terms of

diversity in his own work and that of others, this volume of theatre history, dramatic literature, and performance essays takes a detailed, critical approach to Albee's engagement with other initiating plays, productions, producers, theatre companies, theatre artists, and performances in the United States that pushed the dial toward difference and diversity in the late 1950s through the late 1970s, beginning the formations of new theatres of identity across the United States. This volume will be of great interest to students and scholars in theatre and performance studies.

The Thirty Years' Wars Andrew Kopkind,1995 Kopkind never condescends - not to those whom liberals love to call victims, and not to Reagan's children. Nor does he ghettoize his subjects. In the mix we get street-fighting and Woodstock, state terror and Olympic spectacle, Christian soldiers and gay soldiers, blue collars, red banners and some white flags. Life as it is experienced. As a gay man whose theme was always, in one way or another, the contest between freedom and chains, Kopkind well understood that there is no pure realm of the personal.
