Trusts in Latin America Nicolas Malumian,2009-10-16 The growing interest in investment in Latin America - particularly in commodities production and real estate development - has increased the use of trusts as investment vehicles throughout Latin America. Written for the English-speaking practitioner, the book covers Argentina, Belize, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Guatemala, Honduras, México, Panamá, Paraguay, Perú, Uruguay and Venezuela and provides a practical, clear, and thorough explanation of trusts as legal vehicles for investment in Latin American countries. *Trusts in Latin America* provides a comprehensive, comparative review of statutes, case law, and examples of trusts in Latin America, and also highlights differences between these countries and common-law systems.

Early Modern Women's Mobility, Authority, and Agency Across the Spanish Empire Anne Cruz,Alejandra Franganillo Álvarez,2025-10-01 The new parameters of a global world in the early modern period gave rise to an expansion of movement that facilitated spatial and social mobility for women of different social ranks. Through their reexamination of archival documents and travel narratives, these essays investigate the opportunities for female mobility across the Spanish Empire, narrating the journeys of women who assumed new and unpredictable roles in distant environments. Some risked transoceanic journeys to hold positions of colonial power, while nuns traveled to found convents. Portuguese and Genoese women financiers and merchants traversed the Mediterranean to command enterprises in different cities. Breaking with tradition, the noblewomen considered in these essays exercised political agency as ambassadors and diplomatic spies at various European courts. Still other women fled across borders from oppressive marriages or cross-dressed as soldiers to perform adventurous feats in support of imperial causes. Their frequently distorted histories, authored by men, have been revised and rectified by the authors of this volume.
