Summary of Modern Magick by Donald Michael Kraig Alden Marshall, 2020-10-16 A concise and professionally-researched summary of Donald Michael Kraig's book: Modern Magick. From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Modern Magick by Donald Michael Kraig, although written in a familiar, conversational style, is actually organized like a textbook for a college survey course on the many various forms of magick as they are practiced in the world today. Kraig leads the reader from complete magickal innocence all the way to the point where he feels further improvement cannot be provided by a book, but only achieved through practice. And practice is the focus, as the book never loses sight of the importance of concrete results. Each lesson introduces a new form of ritual/ceremonial magick for the practitioner, with detailed notes provided. In addition to discussing the foundation and practice of magick, Kraig takes a broader view in highlighting what kinds of people are best suited to practice magick and how to organize your non-magickal life to support it. This means advising readers to think for themselves, question authority, keep in good physical shape, and cultivate interests and hobbies outside of magick to maintain a balanced mind, body, and spirit. Added-value of this summary: * Save time * Understand the key concepts * Expand your knowledge Note to readers: This is an unofficial summary and analysis of the book and not the original book itself. Alden Marshall and the Condensed Esoterica Collection are wholly responsible for this content and are not associated with the original author in any way. You are encouraged to purchase and read the original text in addition to this summary.

Evocation of Spirits Donald Michael Kraig, 1951-01-08 The Truth About Evocation of Spirits by Donald Michael Kraig reveals the real secrets of communicating with non-physical entities. You will find that many of the things you've seen in novels or movies aren't needed: no fancy apparatus, no hypnotic trances. With this small book, evoking spirits becomes something you can do. You'll discover what evocation really is. You'll learn a bit about its history and why the ancient grimoires describing it are full of traps and things to waste your time. Here you will learn, step-by-step, everything you need to contact spirits described in ancient texts such as The Lesser Key of Solomon the King. First, you'll need to prepare. This simply involves determining which spirit you wish to call, making a copy of its sigil (signature), and also constructing a place for it to appear: the Triangle of the Art. Then gather some common items such as candles, paper, and pen and, with the help of this book, you can do this magick! When you have everything, you are ready to begin. Start with a banishing. Here you will find a complete version of the famous Lesser Banishing Ritual of the Pentagram. Next, the seer inhales incense. This alters that person's consciousness so he or she is ready to see the entity. Then call on the entity according to the instructions given here. Then you ask for information which is in the nature of the spirit to give. Or you can ask the entity you've evoked to do something that it is capable of doing. Of course, it is only fair to give something to the creature in return. That something is magical or spiritual energy. This book explains how you can create that energy and send it to the entity. Finally, you'll learn

how to release the spirit you have evoked back to its home. Never before has so much information been packed into such a small space. If you want to learn this ancient science, get your copy today!
